THREE PERSONS INJURED WHEN HIT BY AUTOS

Three persons were run down by automobiles in Santa Ana yesterday and last night. Two of the accidents occurred during the rainstorm last night.

Miss Norma Tibbitts, Fifth and English streets, suffered a broken collar bone and cuts and bruises when she was knocked off her bicycle at 3:20 p. m., yesterday, by a machine driven by Dr. C. M. McKee, 128 South Main street, Los Angeles, according to a report filed with the police by Dr. McKee.

The accident occurred on West Fifth street. Officer H. E. Holmes made an investigation. The girl was taken to her home.

Mrs. Lizzie Ausderharr, of the Salvation Army, was run down by a machine driven by H. Ellis, Costa Mesa, at Second and Sycamore streets at 8 p. m., yesterday. Rain on the windshield prevented Ellis from seeing the woman when she is said to have stepped out in front of his machine. She was not badly hurt.

Victor Dessery, 84, 820 East Fourth street, suffered cuts and bruises when he was run down by a machine driven by a woman at Second and Broadway at 7:30 p.m.

Dessery was taken to the Santa Ana Valley hospital, where it was said he would be forced to remain for several days. He received cuts about the head and one knee was badly bruised. Mr. Dessery is the father of C. E. Dessery, insurance man here.

H. S. Boys Held On Dice Charge

Three Santa Ana high school boys, taken in a garage adjoining a store near the high school yesterday afternoon, were arrested by Officers Howard and Holmes and are charged with gahbling in a dice game.

The arrests were made after officers had laid in wait for them, on receiving a tip that several high school youths were gambling in the building and had been for some time.

The youngest of the boys, who is 17, was cited to appear in the juvenile court and the other two will be given a hearing before Judge J. F. Talbott, in police court, Monday, it was said.

The three were released on their own recognizance.

Chancellor Seeks Rest In Painting

LONDON, Feb. 11.—When Winston Churchill wants to forget budget and everything else connected with his job as chancellor of the exchequer, he picks up a brush and palette and begins to paint. To ease his mind of affairs of state as president, Woodrow Wilson used to read detective stories night after night in the idea of an ideal holiday is to skip off to Egypt and spend a White House, and Churchill tried this but the system did not work. So he went back to his paint brush as an aid to ease his mind when troubled by figures and finance.

Churchill is very skillful with palette and brush, having studied art as a boy and his friends declare he could have easily become a painter of the front rank had he been able to shake off the family tradition of politics.

The chancellor of the exchequer's week or two painting the pyramids.

MAN MISSING IN RUM BATTLE IS NOT FOUND

Several hours' search for the rum runner who was thought to have been slain or drowned in the ocean, off Laguna Beach, early yesterday morning, when smugglers attempting to land a small boat, filled with liquor, clashed with federal officers, failed to reveal any trace of the man. Two government coast guard cutters, used by the officers, have returned to their base at Los Angeles.

Officers here today were of the opinion that the fifth man probably swam ashore, landing at a point below Laguna and making his escape in the darkness. He last was seen in the water and officers were not sure whether he had been shot out of the boat or had fallen out.

His four companions were captured and taken to Los Angeles to face smuggling charges. None of these would talk regarding the fifth man in the boat, it was said.

Jokesters Fail To Trick Master In Chess 'Plot'

PARIS, Feb. 11.—Alekhine, Russian chess master, nearly fell victim to the practical joke of two of his chess-playing compatriots. Alekhine is world's record holder for simultaneous blindfolded play against 28 opponents. His two friends, who are strong players, bet him he could not best them at blindfold play if he let them play white on one board and black on the other. This he agreed to do.

When the contest was half over Alekhine was reproducing exactly the game he played against the other. The man playing black duplicated each move of black that Alekhine made against the man playing white. The other player did the same with the white men.

Alekhine, in fact, was playing on each board against the game that he was playing on the other board. Fine player that he, Alekhine was in a desperate situation on one board. He sacrificed an important piece, a move his opponent was afraid to follow, and the master then soon won his two games.

LEGACY FOR CATS

BATH, N. Y., Feb. 11.—Eight cats are to be well treated for the rest of their 72 lives. All of Mrs. Presho Bennett's $10,000 estate has been bequeathed for their care. She was 87 years old.

Our Neighbors

LONG BEACH—Jay walking is doomed in Long Beach. The city council, on the recommendation of Acting Police Traffic Sergeant Robert Houghton, has directed the city manager to bring in an ordinance making it unlawful for pedestrians to cross downtown business intersections when the traffic signal is against them. The ordinance will also make it a misdemeanor for persons to cross a business artery in the center of the block.

CHINO—Another well will be added to the list of those now drilling in the Chino section when the B and G Development company's White No. 1 is spudded in. The new activity is the direct outgrowth of present showings in Riggins Community No. 1 well, where cement now is being drilled out. The White No. 1 is on the famous White ranch east of Central avenue, a property composed of 500 acres or more in the choicest farming section of the valley. According to information current here, the company, which also is drilling the Riggins well, plans an exhaustive test of the valley section through the new hole.

SAN DIEGO—The city of San Diego has drawn up the warrants for 20 per cent payment on the purchase of the San Pasqual Valley ranch lands, and will pay to these ranchers a total of $145,468. The ranchers have kept faith, and so has the city, meaning that the construction of Southerland dam will proceed without interruption, and with the best of feeling existing between San Diego and its friends of San Pasqual.

VAN NUYS—Van Nuys residents are busy with plans for a community dinner on February 22, to mark the 16th anniversary of the founding of the town which was carved out of a large barley field when the first development began in this part of San Fernando valley. Van Nuys and its immediate environs now has a population of about 10,000. If the new branch library building which has cost $100,000 is completed by that time, part of the celebration will be conducted in the new building. James R. Goldsworthy, the president of the Chamber of commerce, will act as master of ceremonies. About the same time Lankershim, city on the east, also will celebrate what it chooses to term its 16th anniversary. In reality Lankershim, as a settlement is much older than that, but it was only 16 years ago that Lankershim stood up, shook itself, and started to take on small city form.

LONG BEACH—Los Angeles county pays $14,800 per year in rent for the municipal courts and the Long Beach branch of the district attorney's office, it is revealed by proponents of the plan to build a county building in this city to house all county activities. In support of their plan they assert that it would take $248,000 per year to earn interest at six per cent to pay the rent. However, they declare on so large an amount it would be virtually impossible to get six per cent interest, so they base their computations upon an interest rate of five per cent. It would take $297,000 to bring in a sufficient return at five per cent to pay the rent, it was pointed out.

No Frills—But Quality and Good Taste

The Stores of the J. C. Penney Company do not go in much for frills but they do for quality and good taste.

When we say our Stores are *"where savings are greatest"* you understand that we are talking of both quality and price.

Not a single article enters our displays until its service-giving quality has been carefully scrutinized and weighed.

Every article must measure up to our high standard. Inferior merchandise is not cheap at any price.

A Beauty That earned me a fortune

By Edna Wallace Hopper

Some 40 years ago I started to cultivate beauty. I searched the world for the best beauty helps. As a result, I made my fame and fortune on the stage. And I've kept that beauty to a grand old age. I am today among the highest-salaried stars. And I still look a girl of 19.

I now go to France every year to keep in intimate touch with the latest beauty discoveries, and I have gained what I believe the greatest beauty helps in existence. Every toilet counter now supplies Edna Wallace Hopper's beauty helps—exactly as I use them.

One is my Youth Cream. It combines a dozen of my greatest helps in one. These include products of both lemon and strawberry. Also all the best that science knows to foster, feed and preserve the skin.

My Youth Cream comes in two types—cold cream and vanishing. I apply one at night, the other in the morning. Never is my skin without these helps.

I am one example of results. But thousands of women are sharing them today. I hope the time will come when millions gain the benefits Youth Cream has brought to me.

The coupon will bring you a sample. Also my latest Beauty Book. Let me tell you of my search for beauty, and give you one of the best results.

For Trial Tube 911

of Youth Cream mail this today to Edna Wallace Hopper, 536 Lake Shore Drive, Chicago, Illinois.

ADVISORY BODY IS NAMED FOR BOYS' CHORUS

A rosy future for the Santa Ana Boys' chorus was painted last night by representatives of the junior chamber of commerce, sponsor of the chorus, and townspeople, who met to form an executive council for the chorus. It was the general thought expressed that the chorus should be perpetuated and that all plans for its administration should be made with that end in view.

Four regular concerts a year and radio programs not more often than every 60 days was suggested as a tentative schedule for 1927-28. This program also would anticipate appearances before conventions and other special occasions, the exact nature of which cannot be contemplated in advance. It also was suggested that one ticket covering the four regular concerts be arranged, so as to prevent the constant effort necessary to finance the concerts as they come along.

Policy of Co-operation

A general policy of co-operation with the board of education and the music department of the public schools was adopted. On questions of policy that might arise, in which a difference of opinion might be expressed by the music department and the advisory council, it was voted to accept the viewpoint of the music department heads.

While the present uniforms can be used next season, it was conceded that some thought will be required soon as to the new outfitting of the organization. Along that line, a suggestion was made that a coat be designed that could be reversed so as to give the appearance of a complete new uniform. The hats could be designed in a similar fashion, it was thought.

E. Merle Hussong was elected temporary chairman and Miss Edith Cornell, secretary. Mrs. F. H. Beeson, director of the chorus, was named treasurer. J. A. Cranston was requested to act as liaison representative between the public school department and the chorus and Jesse Elliott was named to accept the same duties as regards the city board of education.

Cianfoni To Be Advisor

D. C. Cianfoni agreed to act in an advisory capacity in regard to the outside activities of the chorus, such as picnics, outings and other "treats."

Robert Fernandez was named chairman of the transportation committee. It will be his duty to secure the appointment of a transportation manager from the junior chamber of commerce for all trips.

Mrs. Beeson announced that the chorus would be heard over the radio from a Hollywood station late in March, or early in April, and that the year's work would be concluded with a final concert in May. Jesse Elliott was named to conclude arrangements for a benefit performance within the next few weeks in a Santa Ana theater.

A financial report was made by Mrs. Beeson, which showed that the chorus is practically free of debt, has a complete outfit of uniforms and books and a most excellent esprit de corps.

Film Studio To Provide Setting For Coronation

Cecil B. DeMille, noted producer, has extended the facilities of his Culver City studios to the coronation carnival ball committee for the presentation of the coronation scene, which will take place at St. Ann's Inn on the night of February 14.

A studio truck, loaded with lights properties and wardrobe used recently in the mammoth film epic, "The King of Kings," will travel to Santa Ana tomorrow and a huge coronation set will be constructed by artisans from the studio.

Miss Virginia Brannon will be crowned as "Miss Orange County" at the ball.

During dinner and later, during the ball and carnival, a gorgeous style show will be staged. Santa Ana shops will make displays. Over a dozen professional mannequins from the motion picture studios of California will model.

Something like $100,000 worth of diamonds and jewelry will be furnished by William Lorenz, Santa Ana jeweler, to be used in the coronation scene and also on the models. The consignment will be carried by an armored bank automobile, under police escort. The spirit of carnival will prevail and either costume or formal dress should be worn by those attending.

Queen of England Is Expert Nurse

LONDON, Feb. 11.—Queen Mary probably would have been a professional nurse had she not become the wife of England's king. Nursing is a hobby with the queen, but her official duties have prevented her from taking it up in the thorough manner Princess Arthur of Connaught has.

Queen Elizabeth, of Belgium, is greatly admired by Queen Mary because of her skill as a nurse and her intimate knowledge of modern surgery.

The queen has recently been reading many books on child welfare, not only because she has accepted the responsibility of caring for little Princess Elizabeth during the absence of the Duke and Duchess of York in Australia, but because it is a subject in which she has always had keen interest.

LACK OF DECORUM

TOKIO, Feb. 11.—Schoolboys just back from a tour of the United States think that American girls show lack of decorum by eating peanuts in the street.

COSTA MESA

COSTA MESA, Feb. 11.—The February baby clinic was held at the Friday Afternoon clubhouse Wednesday afternoon. Thirteen children were examined, ranging in ages from four weeks to five years. Dr. Richter, of Newport Beach; Miss E. Pithic, county nurse, and Mrs. D. Dodge, chairman in charge of this community work, were in attendance.

The art section of the Friday Afternoon club met at 11 a. m. Thursday at the clubhouse. A class of 32 started various kinds of work under the direction of Miss Alma Sweet, of Santa Ana. About 10 members of the class are starting reed work, others are making lamp shades and flowers of yarn or other materials. The next meeting of this class will be held February 22 and thereafter each second and fourth Tuesday of the month.

The general meeting of the Ladies' Aid society met at the church at noon, with a pot-luck luncheon served to 24 adults and 12 children. The usual luncheon ended with a surprise for all but particularly for Mrs. William Kesel, when an angel food cake ablaze with lighted candles was placed before her. Mrs. L. R. Bayard made the cake in observance of Mrs. Kesel's birthday anniversary.

The meeting was called to order by the president, Mrs. R. Viele.

PLANE CONTEST ANNOUNCED BY S. A. AIR CLUB

An airplane model contest, open to school students of Orange county, will be held April 9, under the auspices of the Santa Ana Air club, and prizes, aggregating more than $100 in silver cups and merchandise orders, will be awarded, it was announced today by Eddie Martin, chairman of the committee in charge of plans for the contest.

Four classifications will be judged for prizes. The classifications will include flying models and copy airplanes.

The contest will be open until April 4, the Monday prior to the contest day.

Eddie Martin's airport, on South Main street, Santa Ana, has been selected for the meet.

Fullerton high school students, in the wood craft shops, have been building airplane models and the contest committee is expecting the entry of several of these miniature ships. Students in the Garden Grove and Costa Mesa districts have evinced interest also, it was said.

The committee in charge is composed of Martin, chairman; J. O. York and Hadley Hershey.

The four classifications will be as follows:

Class 1-A — Open to non-flying entries, to be judged on workmanship. If the model is an original type, the judging will be on the possible flying characteristics. If it is a copy of an existing airship, the judging will be on the correctness of the scale in construction.

A $25 cup, a merchandise order and a membership in the Santa Ana Air club will be awarded winners in the Class 1-A contest.

Class 1-B—Identical with Class 1-A except that it is open only to entrants under 16 years of age. The awards will be a $15 cup, merchandise order and a junior membership in the air club.

Class 2-A—Open without restrictions for flying models. The winners will be determined by the duration of flight and the distance flown. The awards will consist of a $20 cup, merchandise order and an air club membership.

Class 2-B—Under the same rules except that entries will be limited to entrants under 18 years of age. Awards will be a $12.50 cup, merchandise order and a junior air club membership.

Co-eds Granted Right to Smoke

PALO ALTO, California, Feb. 11.—Stanford co-eds have been given permission to smoke, if they so desire. Every year, the Associated Students makes the decision. For several years past, smoking has been taboo.

But the smoking must not be done in sorority houses, on the campus, in Palo Alto, or near university buildings. About the only place left is the woods.

The ruling has the approval of President Ray Lyman Wilbur.

Among other new rulings laid down were: Women shall not enter resorts not approved by the student association; must not walk in the hills after dark unchaperoned in less than parties of six; first quarter freshman co-eds shall not go on auto rides after dark unless chaperoned.

POWERS DIVIDED ON NAVAL CUT

Senate Passes Bill for Farmer Relief

CURRENT COMMENT
By Chester H. Rowell

THE State department announces that the United States will drive strongly for world limitation of armaments, at the League of Nations conference at Geneva in March. (Somehow, there is a League of Nations; we care what it does, and are taking part in it, toward its action.)

It is a good move. But wherein have we qualified ourselves to make it? "World limitation of armament" can only be done by world consent. We can not disarm Europe. Britain can not disarm France. They do not dare disarm themselves separately, and can only do it together. What have we to contribute, to the possibility of united action?

• • •

EUROPE has already agreed on its answer. "Disarmament depends on security." If a nation is not to protect itself by a strong army, it must have some other protection. That can only be the agreement of other nations to come to its assistance if attacked. The League of Nations offers that agreement, in a general way, but we have kicked ourselves out of that obligation. Supplementary undertakings, between nations most closely connected, to undertake the protection of peace in an especial degree to each other, are recognized as a necessary completion, at least for this generation, of the general plan of the League, but we welched on our share of that system, too, when we repudiated the tripartite treaty for the protection of France. We deprived both the League and its regional understandings of their most effective and most peaceful weapon, when we declined to join in the undertaking to boycott the aggressor in a war. No nation can be crippled by boycott so long as it remains free to trade with us. We have left the peoples of war-torn Europe to solve their own problems, and we have added to the difficulty of their solution. Now that they are undertaking to meet the situation, but acknowledge that without our co-operation they can only do so by slow steps, we still refuse co-operation, but insist on the privilege of sitting in the gallery and preaching to them what they should do.

• • •

THE preaching is good, but action would be better. Either this problem of disarmament is our business, or it is not. If it is not—why go to Geneva? If it is—why limit ourselves to preaching from the gallery? At the Washington conference on naval disarmament we had something to offer, and we were successful. At the Geneva conference, on land disarmament, we can likewise succeed only if we have something to offer. We can not offer as we did at Washington, to disband part of our own forces. We have no appreciable army to disband. The only practical action we could offer would be to join in underwriting the security which the armed European nations say is the condition on which they will reduce their forces. They will cut down one defense only in proportion as they are given another.

• • •

FORTUNATELY there is an American way, already formulated by Americans, in which we can do this without any undertaking to send soldiers to fight in other people's wars. Americans wrote, in the Protocol of Geneva, the definition that the aggressor in any war should be the nation which refused to arbitrate, and the agreement that all the nations should refuse to have any dealings with such an aggressor. They would isolate the offender by declining to trade with him, to communicate with him, or to loan him money. That agreement was on the point of adoption when Britain refused to sign it, on the ground that no such boycott could be effective so long as America, the great trading and financial nation of all, remained outside.

• • •

NOW the proposal is made that we accept this definition of an aggressor in war, and agree with the other nations that we will join in the business part, but not in the military part, of their action against the offender. We will not agree to send soldiers or to contribute arms or money to any war, anywhere, even to a war to suppress war. But we will agree to stop buying and selling with a nation that starts a war of aggression, and we will agree that the definition of the aggressor shall be "the one that refuses arbitration."

If we will offer this to Europe, we will earn the right to ask Europe to cut down its armies.

If we offer Europe nothing but virtuous platitudes, we will do better to stay at home, in our own pulpits.

MEASURE TO SET PRICES WINS, 47-39

Agricultural Bloc Victorious in Upper House for Help of Crop Producers

HAILED AS PANACEA

McNary-Haugen Act Goes To Representatives and Vote Expected Monday

(By United Press)

WASHINGTON, Feb. 11.—The McNary-Haugen farm stabilization bill was passed by the senate today.

Virtually the same senate that defeated the measure, 45 to 39, last session, adopted the bill, which the farm bloc believes will materially reduce the troubles of farmers by a system of government loans to enable them to withhold surplus products from the open market, until "a fairp rice" can be obtained.

The final vote was 47 to 39.

The measure now goes to the house, where it has been under consideration for several days. It is hoped it may be voted on Monday.

Reports have been spread in the senate that President Coolidge will veto the measure if it is adopted by the house

The manner in which the McNary-Haugen farm relief bill would affect the product of the farmer is described as follows:

Whenever a surplus of wheat, swine, corn, cotton, rice or tobacco exists, a federal farm board to be selected by the president would declare an emergency to exist in the marketing of the specified product.

Then this board would authorize the tending of any necessary amount from the $250,000,000 federal revolving fund, to co-operative organizations of farmers throughout the country. With this loan, bearing 4 per cent interest, the co-operative organization would be empowered to pay the farmer a certain fair price for his product, regardless of the market price.

Keep Product From Market

The co-operative action would hold the product from the market until the price came back to the fair price level.

For this guarantee of a fair price the farmer wouldp ay a certain percentage of his product as delivered, to the co-operative organization.

This percentage is called an equalization fee and would reimburse the government with interest for the loans and also pay the operating expenses of the co-operative organization.

LONGWORTH WILL AID BOULDER DAM

WASHINGTON, Feb. 11.—Speaker Longworth today promised Pacific coast and Rocky mountain members of the house to use his influence to obtain action before adjournment on the Swing-Johnson Boulder dam bill.

Longworth promised the 22 members from 10 states he would do all he could to place the bill on the legislative program and he hoped action could be taken soon enough to enable the measure to be passed in both houses before March 4.

Representatives Swing, Republican, California; Smith, Republican, Idaho, and Curry, Republican, California, urged Longworth to ask the rules committee for a rule to give the bill privileged status.

Longworth points dout that hitherto the appropriations and farm relief bills had had preference over the dam bill, but he felt the dam measure should get a right of way now.

SHIPS RUSH TO AID OF BOAT ON ROCKS

SAN PEDRO, Feb. 11.—The Panama Mail liner Corinto and the salvage tug Peacock were southbound today in search of the Japanese fishing craft, Patricia II, reported to be breaking up on the rocks, somewhere in Magdalena bay, 600 miles south of here.

Last radio reports, received last night, said that several members of the crew of 10 were in a serious condition and needed medical attention. The report gave the ship's position as on Fern reef, but efforts to locate the spot on a map proved futile.

The ship was valued at $75,000 and was in command of Capt. O. Mada, of San Pedro. All members of the crew are believed to have been taken off the sinking craft.

DISCOUNT RATE CUT

LONDON, Feb. 11—The bank of Poland today reduced its discount rate to 9 per cent from 9 1-2 per cent.

TRAMP HANGS SELF TO TREE ON DESERT AFTER POSTING NOTICE TO GUIDE TOURISTS

(By United Press)

SAN BERNARDINO, Feb. 11.—The ironic gesture of a desert wanderer, who found the invasion of the lonely wastelands by the tourists and the flivver, distasteful, was inscribed upon a tree here today, from which Jacques Cartiere hanged himself.

That Cartiere contemplated his leap into eternity with a sardonic sense of humor, was evidenced by the sign found nailed to the tree from which Cartiere's body was found dangling, yesterday, near Oro Grande, on the Mojave desert.

The sign read: "Notice to campers — Dead Man's tree. This is the tree where a tramp hanged himself one time. In showing campers around, don't forget this point of interest. Posted by member of Boot Hill. Cards were made out especially for any local souvenir hounds there may be about. Not to be sold. Grab one. Camp grounds historical committee.

To Frederick Fontaine, of 1022 Cleveland avenue, Buffalo, N. Y., Cartiere wrote:

"Plant me here in the desert somewhere, Frederick. It's cheaper and a better place to be planted than Buffalo."

In another note, the wanderer said: "If you can't find Frederick, don't give my body to some medical institution," and on the back of this communication added, "I have lived and have loved and I have no regrets. For he who believes in Jesus shall never know death, but shall live forever."

RAIL EXECUTIVE LEAPS TO DEATH FROM HOSPITAL

Santa Fe Vice President Plunges from Window On Fourth Floor

(By United Press)

SAN FRANCISCO, Feb. 11.—Believed to have suffered a sudden attack of insanity, Edward Chambers, 68, second vice president of the Santa Fe railroad, leaped to his death from a fourth-floor room of St. Luke's hospital, here, early this morning.

Chambers awoke from a sound sleep and, without warning, attacked his nurse, who had been sitting beside his bed. The nurse fought him off and, as she ran screaming from the room for help, Chambers locked the door. As hospital attendants strove to break it in, he leaped from the window.

Although nominally a resident of Chicago, the railroad official spent much of his time here and considered himself a San Franciscan. He had been here since December and had gone to the hospital a few days ago for a minor operation, from which he had been convalescing rapidly.

Chambers' career, which began 48 years ago, was on of the romances of railroading. He arose from a truckman at Pueblo, Colo., serving in various capacities with the Santa Fe, until 1918, when he was promoted to vice president in charge of traffic, with headquarters at Chicago.

CHAMBERS PROMINENT IN RAILWAY CIRCLES

LOS ANGELES, Feb. 11.—Edward W. Chambers, who leaped to his death from a hospital in San Francisco, today, was closely connected with railway development in the southwest.

He served here years ago in the capacity of assistant general freight agent for the Santa Fe lines, coming to this city after having been connected with the company in Pueblo, Colo., and San Diego.

From that position, Chambers became assistant freight traffic manager of all coast lines and at the outbreak of the World war was appointed director of transportation.

During the war, he maintained headquarters in Washington and Chicago and took charge of all traffic when the government took over the railroads in 1917.

Envoy on Plane Forced to Land

LYMPNE, Eng., Feb. 11.—The plane in which U. S. Ambassador Myron T. Herrick was traveling from Paris to London was forced down, here, today, by one of the worst channel fogs of the winter. The landing was made safely.

OFFICERS SEARCH FOR HEAD OF WOMAN ON RIVER BANKS

(By United Press)

SOUTH BEND, Ind., Feb. 11.—A search was under way along the banks of the St. Joseph river, today, for additional parts of the body of a woman, whose torso was found floating in the river, late yesterday.

The head and neck had been severed from the body in expert fashion, authorities say, giving rise to the belief the woman had been murdered and the body dismembered by someone with a slight knowledge of surgery.

Authorities so far have been unable to find the head. The parts found were in such a cramped position that authorities believe the woman may have been murdered and that her murderers attempted to stuff the body in a box or trunk.

They say the body is that of a woman about 30 years old.

Banker Kills Self, Due To Shortage

REDWOOD CITY, Calif., Feb. 11.—Federal bank examiners today believed the shortage in the books of the First National bank, which caused the bank's vice president, Frank K. Towne, to commit suicide, would not exceed $20,728. Towne shot himself, late yesterday, while the examiners were auditing the books. His body was found in a clump of bushes. A note found in his nearby automobile read, "Look in the bushes."

GIRL REVEALS AMAZING TALE OF BANDITRY

Flapper Outlaw Queen Exposes Robberies in Southwest

(By United Press)

TUCSON, Ariz., Feb. 11.—An amazing tale of the adventures of a 20-year-old Canadian girl was revealed here today, with the confession of pretty Rita Dolores Sullivan, flapper bandit queen, that she was Anita Delvalle, of Toronto, Ont.

The girl is being held here by authorities seeking to clear up the activities of a bandit ring, operating in the southwest, and said to have carried on a pilfering program on an extensive scale.

She was taken into custody, following the capture of her husband, who is now serving a term of from 10 to 12 years, for the shooting of Sheriff Maxwell, and on grand larceny charges.

The girl said her adventures began about a year ago, when she came west, driving an automobile in company with another girl. The car was disposed of in Los Angeles and from there the pair went to Tia Juana, where the Sullivan girl said she lost $15,000 at the race track.

She said she started to walk back east and met Sullivan in Lordsburg and married him before she knew of his activities as a bandit.

She will be held pending further investigation of the ring.

REQUISITION FOR SHANNON SIGNED

SACRAMENTO, Feb. 11.—Governor Young today signed the requisition upon the governor of Utah for extradition of Willard C. Shannon, under arrest at Salt Lake, for the murder of Harold W. Lage, Stockton automobile salesman.

The application was made by District Attorney Ralph Magee, of Amador county. Sheriff George W. Lucot left immediately for Salt Lake to return the prisoner.

The $500 reward, offered by Governor Young, in the name of the state of California, for the capture and conviction of the murderer of Lage, may be paid to the Utah policemen who arrested Shannon, provided Shannon is convicted, according to Lew Norton, assistant chief of the division of claims and disbursements of the state board of control.

BUMPER CROPS in Orange county seemed more assured today, following a bounteous downpour here last night. Much to the surprise of many residents, the precipitation here last night was .42 of an inch, according to figures disclosed today by Hill and Son.

The season total is 5.93 inches, compared with 5.05 inches on the corresponding date last year.

Light showers continued intermittently during the morning, but had ceased by 10:30 o'clock. Unsettled weather is predicted for tonight and Saturday, with probably occasional showers tonight.

The rain started about 6 o'clock last evening and in the early hours of the evening there were periods when the downpour was heavy. The hard rain periods were not accompanied by wind.

The farming lands absorbed every bit of moisture that was precipitated, despite the fact that there has been a number of fairly heavy rain storms in recent days.

Growing grains and beets probably will receive the greatest benefit from the present rains. Bean lands are being placed in condition for planting the latter part of April or early in May, and bean farmers assert that their lands never were in better condition than at the present time.

Citrus and walnut growers have been resting, so far as irrigation is concerned, and reports from the Santa Ana Valley Irrigation company are to the effect that these growers are not making the demands on the gravity supply that formerly had been made at this time of year.

RAINSTORM SWEEPS NORTH FROM MEXICO

LOS ANGELES, Feb. 11—A rainstorm, which swept north from Mexico, last night, brought rejoicing today to orchardists and farmers of Southern California.

The northern edge of the storm was slightly north of Los Angeles. While the weather was cloudy at Santa Barbara, no rain fell there.

The fall was heaviest in San Diego county. In some parts of the county, as much as an inch of rain was reported.

Rainfall measurements, at 5 a. m., today, at which time it was still raining at some stations, follow:

Bonita, .80; Corona, .35; El Cajon, .90; Escondido, .70; Imperial, .01; Los Angeles Harbor, .38; Pasadena, .13; Pomona, .13; Redlands, .22; Riverside, .18; San Bernardino, .15.

Strike War Flares Anew; Clerk Shot

SAN FRANCISCO, Feb. 11.—New outbreak of the moulders' strike war occurred here today, when Frank Tanner, clerk at the Enterprise foundry, was shot in the legs by men who fired a shotgun from an automobile. The machine sped away and the attackers escaped Tanner was seriously crippled.

MRS. E. D. TENNEY DIES

HONOLULU, Feb. 11.—Mrs. E. D. Tenney, wife of the president of the Matson Navigation company, died at the Matson's country home, near here, late yesterday. Last month, she was the object of a race against death, when a U. S. destroyer broke its own speed record in rushing a nerve specialist and Mrs. Tenney's daughter, Wilhelmina, to Honolulu.

EDISON, AT 80, WOULD BE REMEMBERED BY WORLD AS INVENTOR OF PHONOGRAPH

(By United Press)

WEST ORANGE, N. J., Feb. 11.—Thomas A. Edison, who probably has given more useful inventions to the world than any other man, on his 80th birthday anniversary today, asked that he be remembered by posterity first as the inventor of the phonograph.

And Henry Ford, revealed recently as the world's richest man, values his money "as I would a belt—for its uses."

These two men, Ford, 17 years younger than Edison, stood amid a group of newspapermen in the library of Edison's laboratory, here, today, and joined in giving their thoughts to the public on questions ranging from politics and economics to marriage and religion.

Sees Civilization Advancing

Edison believes "that the machine age" is advancing civilization, but that it is not all-powerful and science, despite all effort, never will be able to create life.

He considers Bolshevism a menace to the United States and to all countries, but he believes that Soviet Russia is sincere.

He has no thoughts of retiring, despite his 80 years, but "will remain in harness as I live."

He thinks that all men should marry and that they should marry young.

The mere word "God" means nothing in particular to him, but he believes that there is a "Supreme Intelligence that pervades the earth."

Edison's interview was formal. Questions were submitted to him in writing and the answers were given in writing. One hundred and fifty questions were presented.

Ford Jokes With Scribes

While Edison was struggling with this mass of interrogation—covering almost every imaginable subject—Ford talked with the assembled reporters, sometimes joking and chatting informally, and then became more serious as some weightier question was presented him.

"I don't know whether I'm the richest man in the world or not," said the country's famous billionaire, with just a touch of carelessness which indicated he wasn't much concerned about it.

"You are said to be," someone suggested.

"Well, do people think I am?" he answered. "I don't know. I value money like I would a belt. For its uses.

"I don't consider it any impediment, however."

He smiled and his eyes twinkled.

For Coolidge Third Term

Ford said he would support Calvin Coolidge without qualification for a third term in the presidency.

"He is solid, sincere and knows what he is about," he said.

Ford and Edison were spending the day together more in the roles of 'Henry and Tom' than as the great inventor, who has made comparatively little from his many inventions, and the great organizer, who has made almost countless millions.

Ford and Edison drove up to the laboratory door in an old model Ford automobile.

Edison removed a derby to expose his hoary hair.

Cameramen shouted at them to pose.

Both Wear Roses

Ford was wearing a pink rose in his button hole and Edison a red rose.

After a session with photographers, they went into the library that is Edison's office. The room contained States Electrical Patents and "Journal of the Iron and Steel Institute."

Edison appeared so hard of hearing that his secretary, William Meadowcroft, was forced to shout to be understood. "There are telegrams from all over Europe," Meadowcroft would shriek, and Edison would beam his appreciation.

Ford, after describing the days when he worked with Edison, made his comment on the value of riches. He seemd a bit unwilling to steal the stage from his friend and retired when Meadowcroft, Edison's assistant, came to read aloud Edison's questions and answers.

"What do you think of the human soul?" read a question. "Is it the same as mind or intelligence? Does a man think with his brain or his whole body?"

MANCHURIANS SWEEP SOUTH ON CANTONESE

Best Trained Soldiers in All China Prepare for Decisive Battle

SHANGHAI, Feb. 11.—Three hundred American marines were ready here today to defend American lives and property from any dangers arising from mob violence or civil war. The arrival of the marines yesterday aboard the U. S. S. Pecos passed almost unnoticed.

(By United Press)

PEKING, Feb. 11.—The best trained fighters in China, the highly disciplined Manchurian troops of Marshal Chang Tso Lin, were marching southward today, to launch an offensive against the Cantonese Nationalists for control of China.

The opposing forces probably will meet somewhere between Hankow and Shanghai for the deciding battle of the war.

Impatient of further delay, the North China leader, Marshal Chang, called upon his provincial governors to realize that north and South China were engaged in a battle for supremacy and urged co-operation with his forces to push the Cantonese beyond the Yangtze valley.

In his pronouncement, Chang bluntly told of his impatience with another of the North China war lords, Marshal Wu Pei Fu, who, he said, was incapable and entirely lacking in ability.

It was not the first time that the military chieftains had been at odds. In 1922, they were pitted against each other outside Peking for control of North China. In the present struggle, however, they have been fighting on the same side, the issue being between the north and the south.

Chang's announcement was made in a circular telegram to the northern generals.

Marshal Chang today issued a statement approving the suggestions of Secretary of State Frank B. Kellogg that the international settlement at Shanghai be neutralized to prevent untoward incidents. Chang promised to do his utmost to "eliminate Bolshevism" from China.

MYSTERY OF $51,000 THEFT FROM SHIP VAULTS UNSOLVED

(By United Press)

SAN PEDRO, Feb. 11.—A mystery of the high seas, involving the disappearance of $51,000 from the vaults of the S. S. Colombia, on her voyage from New York, via Central American ports, was without solution, port authorities announced here today.

The Colombia sailed for San Francisco last night, after port authorities had made a thorough search of the ship, crew and passengers, and operatives of an insurance company remained aboard, on the theory that the money still was secreted some place on the liner.

Port police were of the opinion that the looting had been staged by a gang of international ship thieves.

The money, consigned from a banking house of La Libertad, San Salvador, to the Bank of Italy, San Francisco, was discovered missing Wednesday, when a check of the contents of the specie tanks was made.

PRESIDENT'S PLEA MEETS U. S. FAVOR

Coolidge's Proposal for Limitation in Armament Gets Approval at Home

BRITAIN IS FAVORABLE

France Expected to Lead Opposition to American Scheme to Insure Peace

(By United Press)

WASHINGTON, Feb. 11.—First reaction to President Coolidge's proposal for a new five-power naval limitation treaty indicated today approval at home, but divided and partly hostile opinion abroad.

Congressional and press comment pointed to popular American support for the president's move for a supplemental Geneva conference to limit cruisers, destroyers and submarines, as the Washington treaty limited capital ships.

Doubt Powers Will Agree

But many senators and congressmen doubted that all the naval powers would agree to such limitation and some were therefore inclined to press the bill for three additional U. S. cruisers, despite the president's opposition. The president has used the prospect of further disarmament as an argument against the bill.

France is expected to lead the foreign opposition to the Coolidge treaty proposal. Great Britain is reported ready to "accept in principle" the negotiation proposal, but unwilling to sign a treaty diminishing her cruiser-destroyer strength, compared with French submarines. Japan stands with the United States. Italy is said to be undecided.

Close observers here today saw two immediate effects of the president's act:

Coolidge Prestige Increases

1—Increased prestige in the United States for the president, on the assumption that arms limitation meets the popular demand for peace and economy.

2—Increased French resentment against this country. The French, it was recalled, had seen in the Washington arms conference an "Anglo-American combine" and there has been French hostility to the United States' debt funding policy, resulting in delayed action by France on the debt settlement.

Whatever the domestic political effects of the limitation proposal prove to be, the president's friends said there was no ground for charges that the proposal is "merely a gesture." They added that the administration has tried for two years to create a situation in which another five-power naval pact would be practicable.

BRITAIN READY TO CO-OPERATE WITH U. S.

LONDON, Feb. 11—Great Britain is ready to co-operate with President Coolidge for further limitation of naval armament, the United Press was authoritatively informed today.

On the whole, a British spokesman told the United Press the government's reaction to the president's suggestion that naval limitation be extended to cruisers, destroyers and submarines "undoubtedly was very favorable."

It was remarked that Britain's policy had not changed since the Washington conference of 1922. It would be the same, the spokesman said, as that expounded at that time by Lord Balfour. The attitude of the government was that anything giving an impetus to the cause of disarmament would be "all to the good for the peace of the world."

The British press, however, was undecided regarding the president's suggestion. News of it was strikingly subordinated in today's papers, although the memorandum, delivered by Ambassador Alanson B. Houghton to the foreign office, had been available since yesterday afternoon.

Considerable significance was attached to the fact that the leading Conservative newspapers relegated Mr. Coolidge's proposals to their secondary news pages. The Morning Post carried only a half column extract of the proposals. The Times and the Daily Telegraph published the memorandum in full, but none of the three commented editorially upon it. Editorial comment was virtually confined to Liberal papers, although the Conservative Express contained an editorial dealing with the proposals.

The Liberal Manchester Guardian said Mr. Coolidge's proposals were well-timed.

FRENCH CABINET TO EXAMINE PROPOSALS

PARIS, Feb. 11.—Although the government will examine President Coolidge's naval disarmament proposals for the first time at tomorrow's cabinet meeting, the impression today, in authoritative diplomatic quarters, was that France would find it impossible to accept his suggestion for further limitation of armaments.

SPECTATORS WARNED AGAINST DEMONSTRATIONS AS SPARKS FLY IN BATTLE OVER RECALL

Anticipated sparks were flying today in the court contest over the Seal Beach recall election of January 7. One voter was threatened with prosecution while the votes of several others were facing certain challenge before the court. Several times, yesterday afternoon and today, Judge Homer Ames was forced to warn the spectators against demonstrations and, this morning, he threatened to clear the courtroom unless quiet was maintained.

Residential qualifications of certain voters were the object of attack by attorneys for Walter R. Stortz, defeated recall candidate, who has filed suit to reverse the official election results and to have himself, Lee C. Benno and A. Johnson declared elected in place of the successful incumbents, R. E. Dolley, J. R. Johns and C. O. Wheat. Official returns of the election gave Dolley, Johns and Wheat majorities ranging from 17 to 25 votes over Stortz and the other recall candidates, thus defeating the attempt to recall the former trio.

The lead of the lowest candidate, Johns, was believed to have been whittled down to 10 yesterday morning, during the recount of 28 ballots, which had been rejected by the election board. Judge Ames ruled that seven of these ballots were legal and should be counted for the recall candidates.

May Further Cut Lead

If he rules out the votes of several witnesses who were allowed yesterday afternoon and today to tell how they voted, after their residence qualifications had been questioned, Johns' lead will be still further reduced, it is believed. Although he allowed these voters to state how they voted, Judge Ames did not indicate whether he would rule out their votes. All had voted against the recall.

The suspicion that these votes might be cast out of the totals developed from the fact that the court did not allow all of the witness-voters,, whose residence qualifications were questioned, to answer the question as to which faction they voted for. It thus was inferred that the qualifications of such voters as were allowed to say how they voted were doubted by the court.

It was admitted today that the Stortz faction is hoping to get at least one of its three candidates declared elected and will be fully satisfied with that result. That would break up the majority rule wielded by Trustees Delley, Johns and Wheat and give control of the board to the present minority trustees, Transue and Walker, with whichever recall candidate might be placed in office. Control, it is conceded, is the main thing desired out of the present court proceedings.

Voted Against Recall

Voters, whose residence qualifications so impressed the court that he permitted them to state how they voted, included Mrs. Caroline Van Dorne, wife of a Hollywood physician, and Mr. and Mrs. Orville Knottingham, besides one or two others. All voted against the recall. It is charged by the plaintiff, Stortz, that these and other voters were not legal residents of Seal Beach.

Leslie Leiter, however, is the voter who faces trouble over his vote. He testified that he had registered in Los Angeles and then registered again in Seal Beach, where he voted at the recall election. At the conclusion of the testimony, Judge Ames ordered the court reporter to make a transcript of Leiter's testimony and turn it over to the district attorney's office.

When A. W. Armstrong, Seal Beach newspaper publisher, testified this morning that the voting booths had not been screened by curtains, but were open to full view of the public, a sibilant gasp went up from spectators in the rear of the courtroom. At that point, Judge Ames gave his final warning that further exhibitions of sentiment from the courtroom would cause the banishment of spectators.

Shows Booth Location

Armstrong drew a diagram on a blackboard to show the location of the voting booths and their proximity to the election officials and the public.

Trustees Albert D. Walker and J. R. Johns were on the stand today, both being questioned at length regarding one Dewey Straight and his activities in Seal Beach. The purpose of the questioning did not become apparent before the plaintiff took another tack.

How one vote was cast was a matter of some dispute in court. Mrs. Melissa Lord claimed that she voted for the recall, but Mrs. Mary Washburn, inspector on the election board, declared that Mrs. Lord voted the other way. Mrs. Washburn saw Mrs. Lord's sample ballot and it was marked against the recall, she said. She had, in fact, put her thumb on the corresponding space in Mrs. Lord's regular ballot when she accompanied Mrs. Lord into the booth, she said.

EDISON OBSERVES 80TH ANNIVERSARY

(Continued from Page 1)

Edison hesitated, then seized his pencil and wrote:

His Opinion Of Soul

"I have said many times that no one understands. Man is not the unit of life. He is as dead as granite. That unit consists of swarms of brilliant, or highly organized entities which live in the cells. I believe at times when a man dies this swarm deserts the body—goes out into space; but keeps on and enters another cycle of life and is immortal."

The answers then rolled from Edison's pencil—he wore out three pencils in the course of the interview.

The great inventor thought it "would "take centuries to solve the problem of man."

"At present, I do not believe in it," was his answer on the existence of mental telepathy.

To a question reading "Is spiritualism the bunk?" Edison wrote: "That's my opinion."

Doubts Psychic Forces

And to the question, "Do psychic forces exist?" he answered: "It is doubtful, but investigation should go on."

He doubted if electric power ever could be transmitted by radio.

The man, whose contributions have been greater than anyone's to "the machine age," as he termed it, then made it clear he has plenty of confidence in art. He said machinery and the "machine age" products could not equal in workmanship the work done by hand.

The future of the motion pictures should be "onward and upward," he said, and the theater will "remain about as it is now if there is no further improvement made in motion pictures."

He refused to predict what life would be like 50 years from now.

"No man can predict the reaction of the mass of the people to changed conditions," he said.

He believes men begin to do their best work at the age of 35.

At the conclusion of the interview, he and Ford went out of doors and again spent 10 minutes posing for pictures.

CONFERS WITH ANDREWS

WASHINGTON, Feb. 11—Edward R. Bohner, special intelligence officer for the justice department on the Pacific coast, conferred this afternoon with Assistant Secretary of the Treasury Andrews, on a new dry administrator to succeed Ned Green, at San Francisco.

BANCITALY WILL ISSUE MORE STOCK

With the intention of effectively controlling the market situation, Bancitaly corporation will issue 1,000,000 shares of stock, within the next few days, it was announced by A. P. Giannini.

Determination to halt current buying activity, and prevent skyrocketing of prices is back of this present move, Giannini said.

"In announcing the purpose of this 1,000,000-share stock issue, Bancitaly corporation is simply taking the public into its confidence," said Giannini. "While this may be an unusual policy for some organizations, it is the way we have always done business. We are going to protect the investing public, and do not propose to see them paying an unwarranted price for our stock." Giannini was emphatic in his statement that no extra dividend, or increase in the rate would be considered, under prevailing conditions.

"This issue of 1,000,000 shares is being brought out for the sole purpose of preventing our stock from being run up in price, and if we are unable to stop it with this amount, more will be issued until the market demand becomes rational. While it is difficult to employ this added capital profitably under investment conditions, as they exist now, we believe that the money can be used to earn enough to satisfy present dividend requirements.

"We shall continue the dividend on the same basis of $2.24 a year," he said. "We want this to be taken as a word of caution, to anyone who purchases the stock with the hope or expectation of any more immediate substantial return."

"Terms of the new issue provide that 450,000 of the 1,000,000 shares will be priced at $100, and present stockholders will have the right to subscribe on the basis of one share of each five now owned. The remaining 550,000 shares will be held in the treasury, to be sold, when necessary at a price of not less than $100.

"Stockholders will be asked to waive their rights for 550,000 shares of the new issue, in order that stock used to hold the market during the period of its recent activity, may be restored, and to provide for such other adjustments, as may be encountered under the present program. A letter to stockholders outlining the terms of the offer will be mailed within the course of the next few days."

File Application For Rail Merger

WASHINGTON, Feb. 11.—Application for permission to carry out the revised billion-dollar Nickel Plate railroad merger was filed with the interstate commerce commission today by the Van Sweringen brothers, of Cleveland. The proposed consolidation was rejected by the commission last spring, but features to which the commission objected, especially regarding treatment of minority stockholders, have been altered in the hope of gaining the commission's approval.

I'll try anything once. And if I like it, I'll probably do it again. Now if you'll exercise the same spirit, I'll be a busy man from now on.

A WORD OF COMFORT

You are quite clearly aware of other people's misunderstanding and misinterpretation of your attitude and actions. Be frank enough to recognize that your knowledge of these others is quite as incomplete.

It helps a lot to keep you balanced and fair in your judgment if, to this degree, you see yourself somewhat as others see you. Always assume that no one intended to hurt you or to increase your sufferings, when they blunder into saying or doing anything that makes your heart bleed.

SPENDS 60 YEARS IN SERVICE AT SEA

SAN FRANCISCO, Feb. 11.—He's the oldest sailor on the Pacific coast, but only in age. In enthusiasm, he's the same 13-year-old Andy Govan, who would not go to school over in Scotland, and who, 60 years ago, ran away from home on the British windjammer Sea Pink. And has just passed 73 and celebrated his sixtieth year of sea service.

His present skipper, Capt. Bill Meyer, of the Oceanic liner, Ventura, who wasn't born when Andy began his maritime career, will tell you Andy is as nimble a sailor as ever wielded a belaying pin.

Andy is still just an able seaman. He never had any ambition to become anything else. He's never grown tired of the forecastle.

"I think I'm still just sort of a stowaway," he mused while splashing away, painting an anchor chair, the other day.

They couldn't get Andy to go to school back home in Greenock, Scotland. When they tried to force him, he hid in the coal bunkers of the Sea Pink. They didn't find him for a week.

When they did, the skipper gave him a sound flogging, and put him to work for punishment. But a sailor's life wasn't punishment for Andy.

A year later, he returned home. When he repeatedly refused to go to school, his father signed papers that made him an apprentice seaman for four years on the full-rigged Parsee, an East Indian tea clipper. Andy never left the water after that.

He started trans-Pacific cruises 53 years ago. "I remember visiting Sydney, Australia, in 1873," he said. "There was a mailboat every two weeks came into port and the whole town used to gather to see her dock. Even the finest steamers on the Pacific coast had sails as well as steam, and sidewheeler passenger craft for coastal passenger traffic was just the thing."

THREE PERSONS INJURED WHEN HIT BY AUTOS

Three persons were run down by automobiles in Santa Ana yesterday and last night. Two of the accidents occurred during the rainstorm last night.

Miss Norma Tibbitts, Fifth and English streets, suffered a broken collar bone and cuts and bruises when she was knocked off her bicycle at 3:20 p. m., yesterday, by a machine driven by Dr. C. M. McKee, 128 South Main street, Los Angeles, according to a report filed with the police by Dr. McKee.

The accident occurred on West Fifth street. Officer H. E. Holmes made an investigation. The girl was taken to her home.

Mrs. Lizzie Ausderharr, of the Salvation Army, was run down by a machine driven by H. Ellis, Costa Mesa, at Second and Sycamore streets at 8 p. m., yesterday. Rain on the windshield prevented Ellis from seeing the woman when she is said to have stepped out in front of his machine. She was not badly hurt.

Victor Dessery, 84, 820 East Fourth street, suffered cuts and bruises when he was run down by a machine driven by a woman at Second and Broadway at 7:30 p.m.

Dessery was taken to the Santa Ana Valley hospital, where it was said he would be forced to remain for several days. He received cuts about the head and one knee was badly bruised. Mr. Dessery is the father of C. E. Dessery, insurance man here.

H. S. Boys Held On Dice Charge

Three Santa Ana high school boys, taken in a garage adjoining a store near the high school yesterday afternoon, were arrested by Officers Howard and Holmes and are charged with gahbling in a dice game.

The arrests were made after officers had laid in wait for them, on receiving a tip that several high school youths were gambling in the building and had been for some time.

The youngest of the boys, who is 17, was cited to appear in the juvenile court and the other two will be given a hearing before Judge J. F. Talbott, in police court, Monday, it was said.

The three were released on their own recognizance.

Chancellor Seeks Rest In Painting

LONDON, Feb. 11.—When Winston Churchill wants to forget budget and everything else connected with his job as chancellor of the exchequer, he picks up a brush and palette and begins to paint. To ease his mind of affairs of state as president, Woodrow Wilson used to read detective stories night after night in the idea of an ideal holiday is to skip off to Egypt and spend a White House, and Churchill tried this but the system did not work. So he went back to his paint brush as an aid to ease his mind when troubled by figures and finance.

Churchill is very skillful with palette and brush, having studied art as a boy and his friends declare he could have easily become a painter of the front rank had he been able to shake off the family tradition of politics.

The chancellor of the exchequer's week or two painting the pyramids.

MAN MISSING IN RUM BATTLE IS NOT FOUND

Several hours' search for the rum runner who was thought to have been slain or drowned in the ocean, off Laguna Beach, early yesterday morning, when smugglers attempting to land a small boat, filled with liquor, clashed with federal officers, failed to reveal any trace of the man. Two government coast guard cutters, used by the officers, have returned to their base at Los Angeles.

Officers here today were of the opinion that the fifth man probably swam ashore, landing at a point below Laguna and making his escape in the darkness. He last was seen in the water and officers were not sure whether he had been shot out of the boat or had fallen out.

His four companions were captured and taken to Los Angeles to face smuggling charges. None of these would talk regarding the fifth man in the boat, it was said.

Jokesters Fail To Trick Master In Chess 'Plot'

PARIS, Feb. 11.—Alekhine, Russian chess master, nearly fell victim to the practical joke of two of his chess-playing compatriots. Alekhine is world's record holder for simultaneous blindfolded play against 28 opponents. His two friends, who are strong players, bet him he could not best them at blindfold play if he let them play white on one board and black on the other. This he agreed to do.

When the contest was half over Alekhine was reproducing exactly the game he played against the other. The man playing black duplicated each move of black that Alekhine made against the man playing white. The other player did the same with the white men.

Alekhine, in fact, was playing on each board against the game that he was playing on the other board. Fine player that he, Alekhine was in a desperate situation on one board. He sacrificed an important piece, a move his opponent was afraid to follow, and the master then soon won his two games.

LEGACY FOR CATS

BATH, N. Y., Feb. 11.—Eight cats are to be well treated for the rest of their 72 lives. All of Mrs. Presho Bennett's $10,000 estate has been bequeathed for their care. She was 87 years old.

Our Neighbors

LONG BEACH—Jay walking is doomed in Long Beach. The city council, on the recommendation of Acting Police Traffic Sergeant Robert Houghton, has directed the city manager to bring in an ordinance making it unlawful for pedestrians to cross downtown business intersections when the traffic signal is against them. The ordinance will also make it a misdemeanor for persons to cross a business artery in the center of the block.

CHINO—Another well will be added to the list of those now drilling in the Chino section when the B and G Development company's White No. 1 is spudded in. The new activity is the direct outgrowth of present showings in Riggins Community No. 1 well, where cement now is being drilled out. The White No. 1 is on the famous White ranch east of Central avenue, a property composed of 500 acres or more in the choicest farming section of the valley. According to information current here, the company, which also is drilling the Riggins well, plans an exhaustive test of the valley section through the new hole.

SAN DIEGO—The city of San Diego has drawn up the warrants for 20 per cent payment on the purchase of the San Pasqual Valley ranch lands, and will pay to these ranchers a total of $145,468. The ranchers have kept faith, and so has the city, meaning that the construction of Southerland dam will proceed without interruption, and with the best of feeling existing between San Diego and its friends of San Pasqual.

VAN NUYS—Van Nuys residents are busy with plans for a community dinner on February 22, to mark the 16th anniversary of the founding of the town which was carved out of a large barley field when the first development began in this part of San Fernando valley. Van Nuys and its immediate environs now has a population of about 10,000. If the new branch library building which has cost $100 is completed by that time, part of the celebration will be conducted in the new building. James R. Goldsworthy, the president of the Chamber of commerce, will act as master of ceremonies. About the same time Lankershim, city on the east, also will celebrate what it chooses to term its 16th anniversary. In reality Lankershim, as a settlement is much older than that, but it was only 16 years ago that Lankershim stood up, shook itself, and started to take on small city form.

LONG BEACH — Los Angeles county pays $14,800 per year in rent for the municipal courts and the Long Beach branch of the district attorney's office, it is revealed by proponents of the plan to build a county building in this city to house all county activities. In support of their plan they assert that it would take $248,000 per year to earn interest at six per cent to pay the rent. However, they declare on so large an amount it would be virtually impossible to get six per cent interest, so they base their computations upon an interest rate of five per cent. It would take $297,000 to bring in a sufficient return at five per cent to pay the rent, it was pointed out.

LARGE PIMPLES LASTED A YEAR
On Face, Skin Very Rough. Healed by Cuticura.

"I noticed my skin was getting very rough and pimples broke out on my face. The pimples were rather large and red, and itched and burned causing me to scratch. Scratching caused disfiguring eruptions that were very embarrassing. The trouble lasted about a year.

"I tried about everything with no success. I began using Cuticura Soap and Ointment and in three months I was completely healed." (Signed) Walter Klingert, 1526 Richard St., Dayton, Ohio.

Clear the pores of impurities by daily use of Cuticura Soap, with touches of Cuticura Ointment as needed to soothe and heal. Cuticura Talcum is fragrant and refreshing.

Hostess Presides Over Spring Luncheon of Unusual Charm

Investing her entertaining with her own charm of personality, Mrs. Frank H. Paterson yesterday gave a large group of her friends, a delightful afternoon at Santa Ana Country club where she presided over a bridge luncheon.

Spring was manifest in all decorative details of the function, and in no way more attractively than by the gowns worn by the hostess and those in her receiving line. For Mrs. Paterson was gowned in beaded georgette in delicate apple green while her sister, Mrs. H. H. Dana, wore crepe brocade in peche tints with a handsome mandarin coat, and Mrs. Willis P. Baker (Dr. Margarete Baker) chose soft blue georgette with silver lace.

After guests were all greeted, way was led to the luncheon tables, where each of the three presided over one group with Miss Louise Kaiser, wearing rose georgette and chiffon velvet, at the fourth. The tables presented a very lovely sight, cented with whip tapers and color-spring blossoms, one color predominating in each basket and accented wtih whip tapers and colorful nut-cups, with the exception of the hostess table proper, which occupied the central position, and where massed daffodils and yellow candles created a sunny effect that was reflected in the lovely spring colorings of the entire group.

Vernal place cards also served as tallies at bridge for which the guests congregated after the enjoyable luncheon hour. Card tables were arranged in one ond of the assembly room around the big fire-place, with tall screens closing away the dining tables. The bowls of flowers were placed effectively as a background for the players, who were divided into three groups by their tally cards of rose, blue and yellow.

Mrs. J. E. Liebig, Mrs. Parke Roper and Mrs. Joseph H. Metzgar aided in pleasant hostess duties, which included the presentation of prizes. Mrs. Paterson had chosen amber crystal bonbon and flower bowls, gold encrusted, for her head prizes, one going to the winner in each group. These were Mrs. Robert G. Tuthill, Mrs. Charles Kendall and Mrs. E. S. Gilbert, while the one scoring high at each individual table after the main prizes were listed, received the charming score book and pencil on its Chinese cord, which had been in use for the game.

Over half a hundred guests enjoyed Mrs. Paterson's hospitality, and the opportunity to welcome her sister, Mrs. Dana who with Mr. Dana, will reside here. They are located at 810 Spurgeon street. Among the guests greeted with much pleasure was Mrs. Arthur Schauer, formerly of this city, but now of Riverside, who is the house-guest of Mrs. George Miles, 2425 Poinsettia street.

Piano Recital

Miss Leonora Tompkins

Miss Leonora Tompkins will present a group of pupils in recital tomorrow night at 7:30 o'clock, in the First Christian church auditorium where all friends and music lovers will be assured of a cordial greeting and an interesting program.

Among the young musicians who will take part, are several who will enter the county Eisteddfod, three particularly, whose musical growth and progress is being watched with much interest by friends and admirers of the pupils and their teacher, Miss Tompkins. The three are Florence Resnick, Florence Hutchins and George Miles.

Junior Music Club

When members of the Junior Music club held their February meeting in the Arnold Peek home on North Broadway, they had the pleasure of hearing that accomplished young harpist, Miss Ruth Oakes, in a well-selected group of harp solos.

Augmenting the artist program arranged for the students was a string quartette from the Elwood Bear studio, composed of Emelina Richards, Rose-Marie Smith, Jerry Tannenbaum and Simon Plass, and Orthophonic selections, notably from "The Messiah," on an instrument generously loaned by the Shafer Music company.

Miss Oakes gave a world of pleasure to the young club members who comprise students of music (all branches) and expression of various teachers of the city, but whose numbers so far have not included harpists. Her program included "Largo" by Handel, "Autumn" by Thomas and "Valse Albania' by Rogers.

During a business session it was decided to admit music students from adjoining localities. The next meeting will be held the first Wednesday in March in the Clarence Gustlin studio on North Main street, with Mr. Gustlin to plan the program.

One-act Play Combined With Rain, Delights Barn Audience

Whether it was the amusing qualities of the Roland Pertwe one-act play, "Evening Dress Indispensable" or the singing music of the rain, last night's group of Santa Ana Community Players assembled at The Barn was in a most happy humour, and everyone who braved the storm seemed to have a most enjoyable time.

Probably one of the factors in the general sense of well-being, was the recent success of "Enter Madame," the Players' first offering of the season at the Temple theater, and everyone rejoiced in the gratifying reception given Director George Gerwing and his cast. Of the cast, both Miss Edith Cornell who played the inimitable "Bice," and her nephew, Warren Fletcher who took the part of "Gerald Fitzgerald" so splendidly, were present last night and were showered with congratulations upon their share in the success of "Enter Madame."

Eleanor Young Elliott in charge of the evening's program, presented the actors in the Roland Pertwe one-act, Miss 'Gene Miller as "Sheila Maybury," Major M. Burr Wellington as "George Cartwright," 'Gene Douglas as "Geoffrey" and herself as "Mrs. Maybury." The good humour of the audience was sufficient to embrace all minor mistakes of the little play, which had been prepared at short notice, and even condoned the liberal improvising that went on.

Mrs. Wellington played an important role in the evening's performance as did Robert Northcross, since they assumed charge of the culinary department where amber coffee was brewed to be served with delicious little wafer-thin sugar cookies baked for the Players by Mrs. Martin Taylor, a neighbor of the Little Gray House.

Both Major Wellington and Mr. Douglas have taken prominent parts in Community Plays since the association was first organized. Miss Miller is a talented young girl recently here from Battle Creek, Mich., and her debut even in a Barn program, was greeted with much interest and warm approval by habitues of that delightfully bohemian rendezvous of the Players.

Ebell's Garden section, which will meet in the clubhouse lounge Thursday morning, February 17, at the usual hour of 9:30 o'clock, anticipates such an interesting speaker in the person of Miss K. O. Sessions of San Diego, that the members have very generously decided to share the pleasure with anyone interested in gardening and gardens. Nor will membership in Ebell be necessary, for non-club members will be welcomed just as cordially as Ebell folk. Miss Sessions has had a world of experience in her subject, for she has maintained nurseries for many years and at present has one of the larged ones of San Diego. She recently returned from a six months' European trip during which she visited all the important gardens of the Old World, bringing home many new ideas, some of which will color her talk for the local garden enthusiasts.

The Rainbow Circle of the First Christian church will hold a valentine party and supper in the community house next Monday evening at 6:30 o'clock.

Ebell Book Review section will meet Tuesday afternoon at 2 o'clock with Mrs. W. H. DeWolfe, 2014 North Broadway where Mrs. J. M. Cloyes and Mrs. Emrys D. White will share hostess duties. Ellen Glasgow's latest book, "The Romantic Comedians," will be reviewed by Miss Rosa Boyd.

The Juvenile Music club which was to have met tomorrow afternoon, has been postponed until Saturday, February 19, when the members will be entertained at the home of Mrs. Helene Nelson, 1103 North Broadway. The compositions of Hayden, Mozart and Handel will be studied and Mrs. Jay J. Hamil will have charge of the program. All young music or expression pupils up to twelve years of age, are invited to join the club.

Roosevelt P.-T. A. will meet next Tuesday afternoon at 3 o'clock in the kindergarten room of the school. A founders' day program will be given and the round table discussion will center on "Punishment."

Business and Professional club-women will enjoy a varied program Monday at their luncheon in the usual meeting place, St. Ann's Inn. Miss Lula Ott and her program committee have invited Attorney Clyde Bishop to present Lincoln's second inaugural address in observation of the birthday of the Great Emancipator; and in addition J. E. Bockmon of Long Beach will be introduced, to speak on "Interesting Facts Regarding Coffee, Spices and Extracts."

The Young Ladies Sodality of St. Joseph's church will entertain the congregation of the church at a card party on the evening of February 17 at the Lieberman home, 612 French street. The members promise attractive prizes and appetizing refreshments.

Many Friends Assemble For Bridge Event in Aldermanic Home

The friendly hospitality of Councilman and Mrs. E. B. Collier was extended last night in the form of an evening of bridge, to a score of guests, gathered in their home at 117 East Washington avenue.

Card tables were awaiting the arrival of the guests and an exciting contest ensued, at the close of which Mrs. Collier presented attractive rewards to Mrs. J. D. Spennetta and George W. Young who had scored high, and consolation gifts to Mrs. Albert LeGaye and L. A. Stevenson scoring low.

After the prize bestowals, the card tables were abandoned in favor of an even more interesting spot—the dining-room, where a buffet supper was served amidst an arrangement of spring flowers.

Those bidden to share in the varied interests of the evening were Mr. and Mrs. L. D. Palmer, Mr. and Mrs. J. D. Spennetta, Dr. and Mrs. V. A. Rossiter, Mr. and Mrs. L. A. Stevenson, all of Orange; Mr. and Mrs. G. W. Young, Mr. and Mrs. Albert LeGaye, Mr. and Mrs. Charles Borchard and Horace Fine of this city.

Friendly Courtesy Is Planned As Farewell To Visitor

Among the pleasant memories of Santa Ana which Mrs. Frank G. Hoxie will carry back to North Platte, Nebr., at the conclusion of her visit here with her son-in-law and daughter, Mr. and Mrs. D. K. Hammond, 2320 Riverside Drive, will be that of the friendly little dinner given recently by Mr. and Mrs. W. B. Tedford, 2003 North Broadway.

The spacious home, which reflects the Spanish influence so strikingly not only in design but in all its fittings, was decked with spring flowers in their rich variety of hues. The dining-table, centered with blossoms, presented a most attractive appearance, and places were indicated for the hosts, Mr. and Mrs. Tedford, their honoree, Mrs. Hoxie, Mr. and Mrs. Hammond, the Rev. and Mrs. Perry Frederick Schrock, Major and Mrs. M. Burr Wellington and Miss Jennie Lasby.

The after-dinner interval was devoted to friendly conversation as the guests drew close to the cheery fire blazing on the hearth.

Mrs. Hoxie has spent the past six weeks with her daughter, but will bring her visit to a conclusion tomorrow when she plans to leave for her North Platte home.

Small Maid Celebrates Her Fourth Birthday

Little Flo-Flo Plavan was a very happy child indeed Wednesday when, because it was her small daughter's fourth birthday, Mrs. U. H. Plavan of 2685 North Main street, asked a number of children in to enjoy romps and games—and of course the birthday goodies.

From house to garden and garden to house, the children circled in their play, the variety of laughing games being directed by Mrs. Plavan with the assistance of Mrs. M. Mundy and the Misses Wilma and Edith Plavan. Speeding hours finally brought the time for the birthday cake itself, and then the happy band gathered in the dining-room where their eyes were dazzled by the table with its gay red-and-white decorations. Each place was guarded by that heroine of childhood, Little Red Riding Hood, a dainty doll favor which shared the place with valentine nut cups and place cards combined. Sweet peas and daffodils centered the table and additional favors were found in the red candy hearts each inscribed "To My Valentine."

Flo-Flo's name and age were traced in red letters on the surface of the birthday cake which also bore four red candles. It was served with ice cream and other dainties.

Many pretty gifts were showered on the little honoree by her friends who included Margaret Jean Bradford, Placentia; Gwendolyn-Jo Swift, Talbert; Lucille and Marilyn Plavan, Huntington Beach; Richard, Wanda June and Joy Edith Plavan of San Jacinto; Bert Miles, Orrell Myers, Margaret Myers, Donna Marie Peters, Nina June Robertson and Marjory Tubach, Santa Ana. Flo-Flo's little cousin, Donald Mead, was also to come, but had returned to school at Pacific Beach and could not be present, much to her disappointment.

Ebell Society

Since some confusion seems to prevail regarding the appearance here Monday of Rene Basil Clarke, well-known speaker on woman and her interests and work, Mrs. S. W. Stanley, president of the society, and Mrs. Lloyd A. Chenoweth, program chairman, today stated definitely that Mrs. Clarke would speak in connection with the luncheon in exactly the same method of procedure observed last year at the first of the annual spring luncheons.

It will be remembered that Alma Whitaker, author and feature writer whose trenchant pen delights readers of the Los Angeles Times, was introduced while the Ebell members and guests surrounded the tables, and presented her talk at that time.

Mrs. Clarke will do likewise and those who wish to hear her, must make luncheon reservations at once, otherwise they will be keenly disappointed. The time has been slightly extended and reservations may be made yet tonight by calling Mrs. A. M. Gardner, 1038-J or Mrs. Roscoe Wilson, 560-W. The sixth household economics section will serve the luncheon, which assures members of a satisfyingly delicious menu. The usual business session will follow Mrs. Clarke's address and the luncheon interval.

Los Angeles Nuptials Will Create Much Local Interest

A wedding of more than usual interest to Santa Ana friends of the groom, and to Occidental alumni, occurred Wednesday night, February 9, at the Biltmore in Los Angeles, when Arthur Gardiner Coons, formerly of Anaheim, and Mrs. Edna Palmer Upton, of Westchester, Pa., were married at a simple but impressive ceremony, to which only their near relatives were bidden.

Guests were received in the attractive music room, by the bride's mother, Mrs. George Jagnette Palmer, handsomely gowned in black and silver, fur-trimmed, and her aunts from Westchester, Pa. Mrs. George J. Drayton, in briderose georgette, and Mrs. L. C. Weldin, wearing grey cut-velvet.

Promptly at 7 o'clock, the bride and groom, unattended, entered the room, and were met by the Rev. Mr. Walker, pastor of the Anaheim Presbyterian church, who read the marriage service.

The piquant young bride was charming in a sleeveless blushrose frock of pussy-willow taffeta, bouffant style, with transparent hem, and carried an arm-bouquet of exquisite pink rosebuds and maiden-hair fern.

Immediately following the ceremony and its attendant congratulations, a beautifully-appointed five-course dinner was served in the private dining room adjoining. Delicately tinted spring flowers, in pink, orchid and blue, formed the long central decoration of the large table, at which the 18 guests were seated, while pink sweet-peas, orchid stocks and fern were scattered profusely over the damask cloth.

Later, the happy young couple slipped away for a brief honeymoon. They will be at home to their friends after March 1, at 4312¾ Burns avenue, Los Angeles.

Mr. and Mrs. Coons first met in 1920, when Mr. Coons was an instructor in economics at Wharton School of Finance and Commerce of the University of Pennsylvania. The attractive young bride is a daughter of Mrs. George J. Palmer of Westchester, Pa., and is a graduate of Goucher College, Baltimore, Md., having taken a post-graduate course at the University of Paris, France. She is a member of Pi Beta Phi sorority, and since her graduation has been active in social welfare work, as executive secretary of the Delaware State Anti-Tuberculosis society and Y. W. C. A. work in Delaware and Rhode Island.

Mr. Coons is the son of Mr. and Mrs. Richard LaSalle Coons, one of the pioneer families of Anaheim. He is a graduate of Occidental college and University of Pennsylvania, and is at present instructor of economics at University of California, Southern Branch.

Mr. Coons has many friends in Santa Ana, as he is a nephew of Mrs. Victor Montgomery of 1418 North Main street, and is a frequent visitor at her home.

Pretty New Home Is House-warming Scene

The new home of Mr. and Mrs. Dale Pickering at 1008 West Camille street, has been properly launched on a hospitable career now, for a group of close friends of the hosts assembled early in the week, and surprised them with a house-warming, that their life in the pretty home might open auspiciously.

Mr. and Mrs. Pickering, who resided at 1015 Spurgeon street until the completion of the house, took possession just a few days ago, but were all snugly settled when the house-warming took place. The party was engineered by Tom Statan, a cousin of Mrs. Pickering, and his plans included an evening of 500. This was preceded, however, by a tour of inspection during which the guests had the pleasure of seeing all over the lovely home.

Card playing was most informal and was interrupted by periods of friendly conversation, and finally by refreshments, planned by the guests and served at the card tables. They included home-made cake, ices and coffee.

In the group in addition to Mr. and Mrs. Pickering, were Mr. and Mrs. E. J. Vosskuhler and children Betty and Bobby, Mr. and Mrs. George Cordell and son Benny, Mr. and Mrs. F. F. Stockebrand, Mr. and Mrs. E. J. Pickering, Mr. and Mrs. Ward Bettis, Miss Ruth Winters and Tom Staton.

Briand Nearly Forfeits Prize As Joke Result

PARIS, Feb. 11.—Half of Briand's Nobel peace prize was almost given away by practical jokers, but the foreign minister reached the newspapers and kept the story out of print—momentarily.

On a quiet Sunday afternoon, every important newspaper and the semi-official news agency received copies of a letter apparently signed by Colonel Picot, recently in America, president of the "Broken Mugs," the order of veterans whose faces are mutilated. This latter, addressed to Briand, thanked him most gratefully for giving half the Nobel prize to the veterans' relief.

Every newspaper saw a big story in the minister's philanthropy. It was nearly press time, but the foreign office learned the news and notified every paper that the report was false.

The secret service and even officials of the government quickly swung into line and used every possible pressure to suppress the story, for Briand either would have had to make good on the gift or go through the embarrassing performance of denying he had any such altruistic intentions as were credited to him.

Everybody likes that noon lunch. Givens-Cannon, Fourth St. at Ross.

Personal Pride Is a Young Man's Greatest Asset

Doesn't it make you feel right with the world to have your friends tell you you're well dressed?

Sort of makes you feel good when the young lady in question approves of your appearance, too, doesn't it?

'It's a "personal pride" that makes you enjoy their approval.

It's pride in our store that makes us so very careful that everything we have for you from hats to shoes, and in between, is exactly right in every way.

A Beauty That earned me a fortune

By Edna Wallace Hopper

Some 40 years ago I started to cultivate beauty. I searched the world for the best beauty helps. As a result, I made my fame and fortune on the stage. And I've kept that beauty to a grand old age. I am today among the highest-salaried stars. And I still look a girl of 19.

I now go to France every year to keep in intimate touch with the latest beauty discoveries, and I have gained what I believe the greatest beauty helps in existence. Every toilet counter now supplies Edna Wallace Hopper's beauty helps—exactly as I use them.

One is my Youth Cream. It combines a dozen of my greatest helps in one. These include products of both lemon and strawberry. Also all the best that science knows to foster, feed and preserve the skin.

My Youth Cream comes in two types—cold cream and vanishing. I apply one at night, the other in the morning. Never is my skin without these helps.

I am one example of results. But thousands of women are sharing them today. I hope the time will come when millions gain the benefits Youth Cream has brought to me.

The coupon will bring you a sample. Also my latest Beauty Book. Let me tell you of my search for beauty, and give you one of the best results.

ADVISORY BODY IS NAMED FOR BOYS' CHORUS

A rosy future for the Santa Ana Boys' chorus was painted last night by representatives of the junior chamber of commerce, sponsor of the chorus, and townspeople, who met to form an executive council for the chorus. It was the general thought expressed that the chorus should be perpetuated and that all plans for its administration should be made with that end in view.

Four regular concerts a year and radio programs not more often than every 60 days was suggested as a tentative schedule for 1927-28. This program also would anticipate appearances before conventions and other special occasions, the exact nature of which cannot be contemplated in advance. It also was suggested that one ticket covering the four regular concerts be arranged, so as to prevent the constant effort necessary to finance the concerts as they come along.

Policy of Co-operation

A general policy of co-operation with the board of education and the music department of the public schools was adopted. On questions of policy that might arise, in which a difference of opinion might be expressed by the music department and the advisory council, it was voted to accept the viewpoint of the music department heads.

While the present uniforms can be used next season, it was conceded that some thought will be required soon as to the new outfitting of the organization. Along that line, a suggestion was made that a coat be designed that could be reversed so as to give the appearance of a complete new uniform. The hats could be designed in a similar fashion, it was thought.

E. Merle Hussong was elected temporary chairman and Miss Edith Cornell, secretary. Mrs. F. H. Beeson, director of the chorus, was named treasurer. J. A. Cranston was requested to act as liaison representative between the public school department and the chorus and Jesse Elliott was named to accept the same duties as regards the city board of education.

Cianfoni To Be Advisor

D. C. Cianfoni agreed to act in an advisory capacity in regard to the outside activities of the chorus, such as picnics, outings and other "treats."

Robert Fernandez was named chairman of the transportation committee. It will be his duty to secure the appointment of a transportation manager from the junior chamber of commerce for all trips.

Mrs. Beeson announced that the chorus would be heard over the radio from a Hollywood station late in March, or early in April, and that the year's work would be concluded with a final concert in May. Jesse Elliott was named to conclude arrangements for a benefit performance within the next few weeks in a Santa Ana theater.

A financial report was made by Mrs. Beeson, which showed that the chorus is practically free of debt, has a complete outfit of uniforms and books and a most excellent esprit de corps.

Film Studio To Provide Setting For Coronation

Cecil B. DeMille, noted producer, has extended the facilities of his Culver City studios to the coronation carnival ball committee for the presentation of the coronation scene, which will take place at St. Ann's Inn on the night of February 14.

A studio truck, loaded with lights properties and wardrobe used recently in the mammoth film epic, "The King of Kings," will travel to Santa Ana tomorrow and a huge coronation set will be constructed by artisans from the studio.

Miss Virginia Brannon will be crowned as "Miss Orange County" at the ball.

During dinner and later, during the ball and carnival, a gorgeous style show will be staged. Santa Ana shops will make displays. Over a dozen professional mannequins from the motion picture studios of California will model.

Something like $100,000 worth of diamonds and jewelry will be furnished by William Lorenz, Santa Ana jeweler, to be used in the coronation scene and also on the models. The consignment will be carried by an armored bank automobile, under police escort. The spirit of carnival will prevail and either costume or formal dress should be worn by those attending.

Queen of England Is Expert Nurse

LONDON, Feb. 11.—Queen Mary probably would have been a professional nurse had she not become the wife of England's king. Nursing is a hobby with the queen, but her official duties have prevented her from taking it up in the thorough manner Princess Arthur of Connaught has.

Queen Elizabeth, of Belgium, is greatly admired by Queen Mary because of her skill as a nurse and her intimate knowledge of modern surgery.

The queen has recently been reading many books on child welfare, not only because she has accepted the responsibility of caring for little Princess Elizabeth during the absence of the Duke and Duchess of York in Australia, but because it is a subject in which she has always had keen interest.

COSTA MESA

COSTA MESA, Feb. 11.—The February baby clinic was held at the Friday Afternoon clubhouse Wednesday afternoon. Thirteen children were examined, ranging in ages from four weeks to five years. Dr. Richter, of Newport Beach; Miss E. Pithic, county nurse, and Mrs. D. Dodge, chairman in charge of this community work, were in attendance.

The art section of the Friday Afternoon club met at 11 a. m. Thursday at the clubhouse. A class of 32 started various kinds of work under the direction of Miss Alma Sweet, of Santa Ana. About 10 members of the class are starting reed work, others are making lamp shades and flowers of yarn or other materials. The next meeting of this class will be held February 22 and thereafter each second and fourth Tuesday of the month.

The general meeting of the Ladies' Aid society met at the church at noon, with a pot-luck luncheon served to 24 adults and 12 children. The usual luncheon ended with a surprise for all but particularly for Mrs. William Kesel, when an angel food cake ablaze with lighted candles was placed before her. Mrs. L. R. Bayard made the cake in observance of Mrs. Kesel's birthday anniversary.

The meeting was called to order by the president, Mrs. R. Viele.

PLANE CONTEST ANNOUNCED BY S. A. AIR CLUB

An airplane model contest, open to school students of Orange county, will be held April 9, under the auspices of the Santa Ana Air club, and prizes, aggregating more than $100 in silver cups and merchandise orders, will be awarded, it was announced today by Eddie Martin, chairman of the committee in charge of plans for the contest.

Four classifications will be judged for prizes. The classifications will include flying models and copy airplanes.

The contest will be open until April 4, the Monday prior to the contest day.

Eddie Martin's airport, on South Main street, Santa Ana, has been selected for the meet.

Fullerton high school students, in the wood craft shops, have been building airplane models and the contest committee is expecting the entry of several of these miniature ships. Students in the Garden Grove and Costa Mesa districts have evinced interest also, it was said.

The committee in charge is composed of Martin, chairman; J. O. York and Hadley Hershey.

The four classifications will be as follows:

Class 1-A — Open to non-flying entries, to be judged on workmanship. If the model is an original type, the judging will be on the possible flying characteristics. If it is a copy of an existing airship, the judging will be on the correctness of the scale in construction.

A $25 cup, a merchandise order and a membership in the Santa Ana Air club will be awarded winners in the Class 1-A contest.

Class 1-B—Identical with Class 1-A except that it is open only to entrants under 16 years of age. The awards will be a $15 cup, merchandise order and a junior membership in the air club.

Class 2-A—Open without restrictions for flying models. The winners will be determined by the duration of flight and the distance flown. The awards will consist of a $20 cup, merchandise order and an air club membership.

Class 2-B—Under the same rules except that entries will be limited to entrants under 18 years of age. Awards will be a $12.50 cup, merchandise order and a junior air club membership.

Co-eds Granted Right to Smoke

PALO ALTO, California, Feb. 11.—Stanford co-eds have been given permission to smoke, if they so desire. Every year, the Associated Students makes the decision. For several years past, smoking has been taboo.

But the smoking must not be done in sorority houses, on the campus, in Palo Alto, or near university buildings. About the only place left is the woods.

The ruling has the approval of President Ray Lyman Wilbur.

Among other new rulings laid down were: Women shall not enter resorts not approved by the student association; must not walk in the hills after dark unchaperoned in less than parties of six; first quarter freshman co-eds shall not go on auto rides after dark unless chaperoned.

FAKE PICTURE COMPANY USED AS BOOZE TRAP

(By United Press)

VENTURA, Feb. 11.—A company of thirsty "screen stars," on location for the filming of "Sands of the Sea," furnished a unique ruse that resulted in the capture of 11 alleged rum runners, a truck and five automobiles, and 150 gallons of liquor, here, early today.

Sheriff R. E. Clark played the starring role, supported by eight deputies of the "Velasco Film Productions," and as the alleged rum runners drove up to the "location," at Hollywood Beach, east of this city, they were cordially greeted, and, after proper introductions all around, were placed under arrest.

Preparation for "filming" the big war play began a month ago, when "Manager Fountain" came to this city and posted arrow signs directing the way to the location of the company. Construction of camera stands and trenches was begun and "Fountain" quietly spread the gossip that the film company planned to spend more than $100,000 at the location.

The manager, in reality a special officer, carried on heavy correspondence by mail, telegraph and telephone with offices in Hollywood, New York and San Francisco.

An Oxnard newspaper contributed to the trap by printing long articles concerning the plans of the "film company" and in this fashion aided the scheme materially.

Another "Hollywood film company" was listed with the liabilities of "poverty row" today, and 11 alleged rum runners were behind the Ventura county bars.

WOOD FORMULATES NEW BANK POLICY

SAN FRANCISCO, Feb. 11.—A policy of "public advantage and convenience," to be pursued by Will C. Wood, state superintendent of banks, in considering applications for new branch banks and for independent banks, was being prepared today.

Wood was scheduled to make known his policy next week. It is expected to explain that the safety of deposits and the merits of requests for new independent or branch banks will be considered in handling applications.

With this in mind, Wood, late yesterday, announced sanction for the opening of four new branches of the Liberty Bank of America in Oakland and eight in Los Angeles.

In addition, the Liberty bank was authorized to purchase the Encinal National bank, Alameda; Commercial National, Berkeley; National Bank of Martinez; Home Savings and Commercial bank, of San Anselmo; San Leandro National bank; Commercial National bank, of Santa Maria; New First National bank, of Santa Paula; Producers' Bank of Sutter County, Yuba City; Oceanside Commercial and Savings bank and the National Bank of Commerce, Pasadena.

The Liberty bank has asked authorization for 114 branches, Wood said, the rest being taken under consideration. Most of them are in rural communities.

RANCHER IS SHOT; POLICE NAB WIFE

SAN FERNANDO, Feb. 11—With his right side almost blown away by a blast from a shotgun, John McAllister, rancher, of Castic, was expected to die at the San Fernando hospital, today, while police held his wife, Mrs. Lillian McAllister.

Although McAllister asserts that he shot himself accidentally while cleaning a shotgun, early today, acquaintances of the couple are alleged to have reported that the McAllisters quarreled frequently.

The shooting was reported by Mrs. McAllister to a neighbor, who notified deputy sheriffs.

The woman was held on suspicion of assault with a deadly weapon.

PLAN TO RESIGN DENIED BY GARY

NEW YORK, Feb. 11.—Elbert H. Gary, chairman of the board of the United States Steel corporation, denied today that he intended to resign.

Gary gathered newspapermen into his office at the Steel corporation headquarters here and read to them first a lengthy statement in which he set forth his denial.

He said widespread publication of reports that he would resign forced him to make the statement.

"In the last analysis," the statement concluded, "my connection with the company rests with the 14 men on the board of directors and who have the best interests of the company at heart."

Hospitals Bill To Be Reported

WASHINGTON, Feb. 11.—The Johnson bill, authorizing construction of new veterans' bureau hospitals at a cost of $11,000,000, was ordered reported to the house today by veterans' committee. The committee also decided to draft a bill keeping contract hospitals for three years longer and placing national soldiers' homes under the veterans' bureau.

Mexican Railway Strike Is Called

BROWNSVILLE, Tex., Feb. 11.—Telegraphic copies of an ultimatum, calling a general strike on all lines of the Mexican National railways, effective February 17, were received at Matamoras today. The strike will go ahead, unless road directors modify plans of an economy program, which includes reduction of employes and reduction in wages, the ultimatum issued by the General Federation of Railroad Workers said.

86 CHILDREN FLEE BURNING SCHOOL

MADERA, Calif., Feb. 11.—Fire, which destroyed the Arcola public school, four miles south of here, shortly before noon today, did not injure any of the 86 children who were in the building when the blaze started from a defective flue.

Led by three teachers, the small children left the building and lined up on the state highway nearby. Then the teachers, aided by the older students, removed most of the equipment of the school before the building burned to the ground.

The teachers in the school at the time the fire started were Mrs. C. W. Clawson, principal; Mrs. Eudora F. Rodgers and Mrs. Val Lehnberg. The calmness of the teachers in the face of danger probably averted a loss of life.

VETERANS OF CIVIL WAR ONLY WANTED

WASHINGTON, D. C., Feb. 11.—One of the mysteries of congress is how its members prevent a hopeless deadlick when it comes to selecting the board of managers of the National Home for Disabled Volunteer Soldiers.

An act of congress is necessary for the appointment of a board member and every congressman is privileged to nominate, but serious difficulty has been avoided. There are several vacancies on the board now.

When the home was established it was deemed advisable to have its board appointed by songress rather than by some executive so that the home's administration would be directly in control of the legislative branch of the government.

Perhaps a deadlick has been avoided because of the requirements fixed for board membership. A member must be a union Civil war veteran—and there are not many of them left—and also a man of outstanding accomplishment in business, professional or political fields.

Syndicate Buys New York Paper

NEW YORK, Feb. 11.—The New York Evening Telegram today was purchased by the Scripps-Howard interests.

Passing of the distinguished newspaper from the hands of William T. Dewart, who recently purchased the Evening Sun and Evening Telegram from the estate of Frank A. Munsey, was announced jointly by Dewart and Roy W. Howard, chairman of the board of Scripps-Howard organization.

The acquisition of the Telegram by the Scripps-Howard concern will bring the total of the Scripps-Howard publications up to 26 and will mark its first appearance in the New York field of journalism.

1000 Cases Booze Seized on Launch

SAN FRANCISCO, Feb. 11.—Loaded with 1000 cases of Scotch whiskey, worth possibly $75,000, the launch El Cisco was captured in San Pablo bay, a division of San Francisco bay, today.

Coast guard cutter No. 262 effected the capture, which was one of the biggest liquor hauls on the coast in recent months.

The liquor craft slipped into the bay before daylight, without lights. When the coast guard boat drew alongside, the crew of the El Cisco surrendered without resistance.

BOARD OF DIRECTORS NEWBERT PROTECTION DISTRICT.

MUCH INTEREST CENTERS ABOUT J. C. ELECTION

Discussion concerning the new administration of the Santa Ana Junio. Chamber of Commerce is general among the members of the organization, it was seen today with the greatest amount of speculation centering around the presidency.

Bruce Switzler, Franklin West, Virgil Clem, E. M. Sundquist, E. Merle Hussong, Ridley Smith and Robert Fernandez have been suggested as possible candidates but it is known that most of these men have withdrawn with a plea for united support for Fernandez. Fernandez, one of the most popular young business men in the city, has let it be understood that he will accept the executive chair, if, in his election, he can be assured of the whole-hearted support of the entire membership.

Franklin West said today that he had been asked by several influential members of the junior chamber to become a candidate for the presidency, but that he could not permit his name to be voted upon because of the amount of time required for his legal business. While he will continue to lend his full support to the junior chamber, he said, he felt that he could not accept any office in it. He recommended Fernandez for the job.

Almost identical were the views expressed by E. M. Sundquist, who also pledged his fully support to Fernandez. Switzler, Smith, Hussong and Clem are known not to covet the position. Inasmuch as three nominations for each office are required, it is expected that several of these men will be nominated, nevertheless.

Besides president, a vice president, secretary, treasurer and sergeant-at-arms are to be elected, as well as a complete new board of directors.

REPORT SHOWS STRIDES MADE BY LOAN BODY

The Santa Ana Building and Loan association has loans outstanding in excess of $400,000 and assets in excess of $430,000, it was revealed by the report submitted at the annual meeting of the organization, last night, by Cotton Mather, secretary and manager. The meeting was held in the office of the company, at Fifth and Sycamore streets, and, in spite of the rain, a large number of shareholders and stockholders were present.

Commenting on the progress of the organization, members declared themselves highly satisfied with the showing of operations for the year and the position the association has assumed in this community in its brief span of life.

The owners of 6000 shares of monthly pay stock had apportioned to their shares interest earnings of 7.2 per cent for the year, while stockholders—the owners of preferred stock—received dividends for the year on the basis of 7 per cent per annum. The company has issued 1250 shares of preferred stock.

"The association has assisted many Santa Anans in acquiring homes and in meeting obligations on property investments and the services of the association are being extended to a large number of persons each year," Mather said.

MISS MINTER TELLS OF TRAVELS ABROAD

A summer spent in various European countries provided Miss Lulu Minter with a wealth of interesting incidents to be related to those who remained at home, she said in an address given before Hermosa chapter, Order of Eastern Star, Monday night at the regular meeting.

Instead of giving an outline of her trip, Miss Minter told of the unusual happenings connected with her visits in each country.

At the business meeting of the chapter, Miss Mary Pearl Gill and Miss Grace Mae Wasson were affiliated. Initiation also was held.

Refreshments were served by the entertainment committee, headed by Mrs. Joseph Smith.

The next meeting will be a colonial party, and will be held February 21, in the Masonic temple.

MISSING WOMAN IS SOUGHT HERE

Santa Ana police have been asked to search for Mrs. Warren L. Richards, who formerly was Miss Marie Leithoff, of San Diego. She left San Diego about a year ago and was thought to have gone to Portland, Ore., it was said.

A sister, residing in San Diego, is of the opinion that she may be in Santa Ana.

Mrs. Richards' small daughter, from whom she has been separated for many years, has been located, according to the siter, Miss C. F. Leithoff, and the family is eager to reunite the mother and daughter.

Anyone knowing the whereabouts of Mrs. Richards is asked to communicate wtih City Marshal Claude Rogers.

ALLEGED BANDIT TO BE ARRAIGNED

Raymond R. Remington, accused of robbing the first National bank, of Olive, of $2400, was scheduled to be arraigned in Superior Judge Homer G. Ames court at 3:30 p. m., today.

Remington, who is serving a sentence in San Quentin for bank robbery in Watts, arrived at the county jail last night. He announced that he would be acccompanied by an attorney when he comes into court this afternoon.

Remington was in prison when indicted for bank robbery by the Orange county grand jury, in December. The indictment was being held pending the completion of his term, but Remington made written demand for immediate trial.

Wed Five Months, Wife Asks Divorce

The romance of August and December went on the rocks in the case of William T. Wyatt, 56, who wed Alice A. Wyatt, 71. Mrs. Wyatt, after five months of wedlock, now is suing for divorce and hints that her husband married her for her property.

Immediately after their marriage, in Santa Ana, last September 7, he compelled her to deed her separate property to herself and him, as joint tenants, thus making it community property, she says. That done, she alleges, he commenced a course of cruel conduct toward her, consisting of curses, vile and obscene language and annoying acts.

Once, she said, he fired off a pistol outside the door of the room where she was asleep. Frequently, she declared, he would arise at 2 or 3 a. m., turn on the lights and make so much noise that she could not sleep. She claims her health has been injured by his treatment.

The suit asks that, in addition to the divorce decree, she be awarded the property and costs of her suit. Attorney E. G. McAdams, of Long Beach, represents her.

Man Found Guilty Of Driving Drunk Seeks Probation

J. F. Lauricelli, 26, Long Beach welder, today applied for probation in connection with his conviction on a charge of driving an automobile while under the influence of liquor.

Superior Judge James L. Allen, before whom Lauricelli came this morning for sentence, continued the matter one week for hearing of the probation plea, which was filed through Attorney O. A. Jacobs.

Lauricelli was convicted by a jury this week. The charge against him grew out of an automobile accident in Santa Ana canyon, last September 7.

LEGIONNAIRES TO CONSTRUCT SCOUT 'SHACK'

Members of Santa Ana post, American Legion, last night voted to construct a Boy Scout "shack" in the rear of the Legion building for the purpose of housing the Santa Ana post's Boy Scout troop.

The post owns approximately 30 feet of "back yard" and it was decided to clean up the yard immediately and make it ready for construction of the building.

Approximately 150 members of the post attended last night's meeting. The meeting opened with dinner, served by the American Legion auxiliary. Entertainment was furnished by the West Coast-Walker theater and through the courtesy of Miss Faustina Lucero, who, with another dancer, gave several Spanish dance numbers.

Discussion on a proposition to erect a large stage in the Legion hall, on which small shows and vaudeville numbers could be presented, was held, but no definite action taken.

WHITE SHRINE CLUB ENJOYS AFTERNOON

Mrs. Guy W. Gardner and Mrs. James W. Daniels were hostesses, Tuesday afternoon, to members of the White Shrine circle, who met at the home of Mrs. Daniels, 1445 Orange avenue. The coming of spring was foretold with a profusion of golden jonquils, feathery acacia and fragrant stocks arranged in baskets and bowls throughout the living rooms.

The afternoon was spent in sewing or bridge, as guests desired. Prizes were awarded to Mrs. Spier for sewing and Mrs. Gibson and Mrs. Ferguson for bridge.

The valentine motif was used in the serving of the refreshments.

Guests were Mesdames Walter Wright, R. E. Preston, Carl Thrasher, H. Collins, Harry Roberts, William Dean, C. N. Mosher, James Vinson, Merle Morris, McClain, Ryan, Roy Parker, Wolfson, Buckingham, Brooks, Lewis, C. C. Cleland, Ferguson, Shipe, Tarpley, Spier, Packenkoop, Gibson, Cox, Evans and Sexton and Miss Henrietta Bohling.

MARKET MERCHANTS GUESTS AT DINNER

The Grand Central market was the scene of an attractive and successful event last night, when the Santa Ana Development company, owner of the property, was host to the market merchants at a baked ham dinner.

A 50-foot table was prepared in the arcade, under the supervision of Chef Lloyd Luckeman, of the Grand Central cafe, and 54 plates were served.

After the dinner, a merchants' organization was effected, with A. T. Riley selected as president; H. E. Nelson, secretary, and A. B. Winters, M. L. Friend and E. R. Urbine, executive committee.

Announce 4 Extra 'Miracle' Matinees

For two weeks "The Miracle" has been attracting thousands upon thousands of Los Angeles and nearby folk. Owing to the enormous demands made on the box office by the public for additional seats to the stupendous spectacle, which will begin the third week of its Los Angeles engagement in the Shrine auditorium next Monday, Morris Gest, the producer, has announced four extra matinees for the Thursday and Friday afternoons of the remaining two weeks of the run here.

The tickets for the extra matinees will be placed on sale at 12 o'clock today, when 25,000 seats will be available for these performances, which will start promptly at 2 o'clock.

New Coffeehouse Opened In Berlin

BERLIN, Feb. 11.—Old Berlin is depicted in porcelain in the city's newest coffeehouse, known as the "Cafe am Tiergarten," just opened in the fashionable section bordering the famous park, the glittering gorgeousness of the establishment as a whole rivals the ornate splendor of the most pretentious gastronomic palaces in New York's white-light section. The "porcelain room," on an upper floor, however, is unanimously voted a work of art, unique among refreshment rooms in Berlin and probably the world over.

NIGHT CLASSES AID FOREIGNERS IN EFFORTS TO SECURE PAPERS

Night School Students Are Told About Operation of U. S. by Leon McMullen

WORK SUPERVISED BY MISS WALKER

Men, Women Now Preparing for Naturalization Examinations Next June

With the thoughts of many patriotic citizens and school students turned to the deeds of George Washington and Abraham Lincoln, both of whom were born in February, the "citizenship factory" in Santa Ana, more accurately described as the citizenship class of the public school Americanization work is operating every Thursday night in Frances E. Willard junior high school, guiding the thoughts and inclinations of many would-be citizens into the same strong channels of patriotism that inspired "The Father of His Country" and "The Great Emancipator."

The 24 members of the citizenship class listen attentively to the remarks of their teacher, Leon McMullen, a member of the high school faculty, and frequently ask pertinent questions concerning the workings of the American government, of which they hope to become a part. The sutdents are adults, preparing themselves for the examination incident to the granting of second naturalization certificates. They must appear before a federal examiner and satisfy the court that they have sufficient knowledge of the constitution and American ideals to entitle them to become citizens.

It is for these examinations, the next one to be held in the superior court in June, that the students are preparing themselves.

Last night, much of the discussion centered around the life of Abraham Lincoln, whose birthday anniversary will be celebrated Saturday. The teacher spoke to them of the heavy burden Lincoln carried up to and including the Civil war, his towering figure finally being cut down by an assassin's bullet.

There are no charges in connection with the school and, because the classes are so interesting, residents of the city interested in that sort of educational work often visit the class to hear the discussions, Miss Helen Walker, supervisor of the Americanization department of the city schools, said.

Every spring a program is given, each nationality in the class presenting a characteristic number suggestive of the particular country from which the class member hails. Last year, Miss Walker said, a former opera singer was among those who contributed. The Dutch people danced and the Scotsmen played their bagpipes.

When the students secure their second citizenship papers, each is presented with a silk American flag by the Santa Ana chapter of the Daughters of the American Revolution. The chapter also provides textbooks in English and in certain foreign languages.

AMERICANIZATION CLASS PREPARING FOR EXAMINATIONS FOR CITIZENSHIP PAPERS

Members of the citizenship class, conducted in Santa Ana under the instruction of Leon McMullen, high school history teacher, desire to become citizens of the country of George Washington and Abraham Lincoln, whose birthdays will be observed this month. At the left, Mrs. Elizabeth Queyrel, a native born American, who lost her citizenship through marriage, is reading the constitution of the United States. Members of the class are shown in the group. In the inset, Albert Queyrel, French, and Emile Menard, Canadian, are pointing to their countries on opposite sides of the globe.

MEMBER DRIVE IS OPENED BY JUNIOR DIVISION

Intent upon enrolling 150 new members in the Santa Ana Junior Chamber of Commerce before the annual election of officers, early in March, Robert Fernandez and Virgil Clem, captains of the respective campaign teams, have taken the field with their lieutenants and cohorts.

Already a number of applications for membership have been secured, both captains reported, and interest in the young men's booster organization is said to have materially increased as the result of the campaign for more support.

Several business heads in Santa Ana especially have urged the young men in their employ to become members of the junior chamber in the belief that if the young men become interested in the development of Santa Ana they will be better citizens and of more real service to the company or corporation by which they are employed.

A number of members who have allowed their cards to lapse also have renewed and, when the annual election is held, the spirit of the organization will have mounted considerably, Fernandez and Clem joined in saying.

Fernandez suggested that his team would be victorious with 75 new members, one new application for each man on his team, but Clem also claimed he would be first when the applications are counted and

APPROPRIATE PROGRAM MARKS FIFTH ANNIVERSARY MEETING OF LIONS CLUB IN SANTA ANA

Highlights of history made in Santa Ana by the Lions club were presented in brief at the meeting of the club yesterday, at St. Ann's Inn, the program featuring a celebration of the fifth anniversary of the organization.

Dr. Elliott H. Rowland, first president of the club, officiated as program chairman and introduced former and present members of the club who have had important parts in the forward progress of the body.

John A. Henderson, first secretary, added interest by calling the roll of charter members, many of whom have continued their identification up to this time. The former secretary pointed out that three members had died since institution of the club five years ago, the deceased members being Louis Bauman, Claude Killen and Carl Kaufman.

Charter members of the organization were Dr. Rowland, Henderson, Harry Hanson, C. E. Prior, H. W. Hilyard, Herbert Miller, Eddie Holmes, J. H. Hughes, C. S. Crookshank, H. E. Wahlberg, Alan Revill, Wayne Goble, Maurice Phillips, C. S. Crookshank, Glen Tidball, Ernest Winbigler, William Lorenz, Harold Yost, L. J. Carden, O. H. Egge, Carson Smith, Thomas Willits, the Rev. Perry F. Schrock, Clyde Whitney, W. B. Leecraft, A. J. Ralph, Dr. Clinton Lane, Dr. Walter Mayes, Earl Abbey, Dr. H. J. Howard, Charles A. Morey, Maurice McElree, James Livesey jr., James Harding, Bruce Munroe, Ed Hummell, M. B. Lacy, Max Jayne, Robert Browne, J. M. Cloyes, W. A. Gerrard and Joe Woodside.

Bruce Munroe Tail Twister

Bruce Munroe, first tail twister, officiated in that capacity and operated overtime in collecting fines from the charter members and others. The Lions club quartet reminded club members of when it sang before the club the first time.

The Rev. Perry Schrock, who delivered the first address before the club and who was the toastmaster on the occasion of the presentation of the club charter at St. Ann's Inn on the night of Feb. 9, 1922, repeated some of the points in his first address. He cited the club as initiating the first organized movement for creation of a civic center in Santa Ana, recounted conditions which caused the movement to fail and claimed for the club the honor of initiating the movement which resulted in construction of the Y. M. C. A. building.

"Erection of the Y. M. C. A. building was the concrete result of the movement for a civic center," the Rev. Mr. Schrock said.

Frank Miller recounted incidents of the district convention in Fresno, May 12 to 13, 1922, at which the Santa Ana club was successful in inducing delegates to vote for Santa Ana as the 1923 convention city. Miller commented on the fact that the club was but three months old when the invitation was extended.

Dentist Begins Speed Sentence

Dr. J. A. Hilleck, 38, dentist, of 616 South St. Paul street, Los Angeles, was booked in the county jail last night to begin a sentence of five days, imposed on him by Justice Kenneth Morrison for speeding.

Hilleck told officers that he was in a hurry to attend a patient at the time he was arrested on the Irvine boulevard, January 8, on a charge of speeding 53 miles an hour.

"The officers were not very courteous to me," the motorist told Justice Morrison. "They said I was a bluff," he said.

Hilleck will be released Monday morning.

Charge Dismissed On Man's Promise To Support Child

The trial of Herman Regalado, of Anaheim, charged with failure to support his child, was halted in Superior Judge James L. Allen's court yesterday before the case went to the jury, an agreement between prosecution and defense resulting in dismissal of the charge. Regalado promised to pay his wife $15 per month in the future for support of the child.

When this agreement was made, Deputy District Attorneys L. W. Blodget and Roy V. Shafer moved for dismissal of the charge and Judge Allen granted the motion.

Regalado's defense to the non-support charge was that his wife had left him only the day before he was arrested and he did not know her address. After being released from jail but a few days, he was re-arrested before he had time to supply her with funds. Attorney Morris A. Cain represented Regalado at the trial.

200 ACTORS TO TAKE PART IN Y. M. C. A. EVENT

Close to 200 performers have been lined up for the annual Y. M. C. A. circus, to be held at the association building, on the evening of March 17 and 18, according to R. R. Russick, physical director and general manager of the event. Russick is making the announcement of the dates far in advance, with a hope that these dates may be regarded, more or less, by other organizations in making their plans.

The circus this year will be the third annual event of the kind since the opening of the Y. M. C. A. building. It will be the best of the series, says Russick, many of the performers having had experience in the two previous events.

Color, motion and wholesome fun will be featured in this year's circus program. Picturesque drills, built around the regular class work, will fill the floor with pleasing pictures. The girls' classes will have an important share in this part of the program, introducing floral effects, grotesque figures and eccentric marching.

The gymnastic squad for the men's class will offer a thrilling series of feats with the various pieces of apparatus. Russick, it is said, has developed a number of exceptionally clever gymnasts, who promise to be at their best for the coming event.

An important part of the program has been assigned to the younger boys' classes. Many of these boys will appear for the first time in a circus performance. Tumbling, marching, diving, racing, and other features will be included in their acts. The boys also will have a part in the clowning, along with some of the more mature comedians.

TRIANGULAR MEET SET FOR SATURDAY

What can be expected of the Santa Ana junior college track squad this season will be learned when Coach Graham Harris pits his cinderpath athletes against Whittier and California Christian colleges in a triangular meet on the Santa Ana Poly high school oval tomorrow afternoon at 2 o'clock, if the weather permits.

Some of the Santa Ana high school track lettermen will compete as Coach "Tex" Oliver wants to give his men a workout against competition. Harvey Bear, Harold Breeding, John Moffat and others may be entered in the events.

Coach Harris is counting on Gerald Twist, former poly sprinter, to win points in the dashes. Lon McIntire is Santa Ana's best in the 440. The distance events will be entered by Ray Griset. In the field events, Aubrey Reinhardt, Lloyd Morris, John Martin and Ralph Rozelle will probably haul down some points for the Santa Ana total.

ORANGE SHOW IS READY FOR GRAND OPENING

San Bernardino Expects to Entertain at Least 250,000 at 1927 Exposition

San Bernardino is all agog with excitement. The Seventeenth Annual Orange show is just about ready for the opening, Thursday night. The city presents a holiday appearance. Streets are decorated as never before and San Bernardino expects to entertain at least 250,000 visitors. That is, of course, if Father Ricard's predictions of rain during the orange show do not come true.

Gov. C. C. Young will open the orange classic. Thursday night. An invitation also has been extended to Governor Abelardo, Rodriquez, of Lower California, to be a guest at the opening. Distinguished men of the state and nation will participate in the opening of the ceremonies from the great stage in the orange show building.

There always is the usual formal ceremony incident to the opening of the show, but there is going to be a battle scene enacted which will be of much interest to spectators. It is going to be an old fashioned snow ball battle. It will be realistic and, while it is going on, newsreel cameramen will grind out the spectacular of the snow balls with the background of California's golden fruit exhibition. Five different newsreel organizations will film these scenes and four days later the films will be shown in New York, Chicago and other large cities of the nation.

An army of carpenters, painters, artists, designers and electricians are busy putting the final touches on the feature exhibits. There are 18 of these features and a preview brings forth the assertion from many that the feature displays are the finest ever presented at the show. Some of the exhibits are in motion while others are stationary. The overhead decorations and the huge paintings all are in place.

DAMAGE IS DONE TO RIVER DIKES

Damage to the dikes, built along the Santa Ana river by the Newbert Protection district, has been done recently by the removal of dirt by unknown persons, it was announced today.

Prosecution of these persons will follow if the practice of removing the dirt is continued, according to a statement made today by Franklin G. West, attorney for the district.

The dikes were built, at a great expense to the farmers, to control the flood waters of the Santa Ana river and should much more of the dirt be removed danger of a serious break is anticipated.

Much rubbish also has been piled along the edges of the river at places, it was said, and this practice also will be stopped, West said. Warrants will be issued if warnings are not heeded, the attorney declared.

YOUTHS HOLD UP AND ROB AUTOIST

An unnamed motorist was held up and robbed of $55 and a gold watch on the Torrey Pines grade, San Diego county, yesterday afternoon, by two youths who operated from a roadster, according to a report filed with the sheriff's office here.

Hiding on one of the turns on the grade, the youths held the motorist up at the point of a gun.

Following the robbery, the two youths were seen to drive north in their car. Roads entering Orange county and Santa Ana were guarded by county and city officers, but the youths were not seen.

The report was filed by the San Diego sheriff's office.

COUNTY MOTOR BUS TOURS TO START SUNDAY

The Orange county motor bus tours and the full page and half page advertisements concerning Orange county in the Los Angeles and Long Beach newspapers have focused more attention upon this district than any other medium, according to Dr. F. W. Slabaugh, county publicity director, who today was completing the details for the inauguration, Sunday, of the motor trips.

As the result of the newspaper advertisements, hundreds of inquiries from many widely separated sections of the United States have been received and in each case literature, descriptive of Orange county and its cities, has been forwarded. With the inauguration of the bus trips, it is expected that the number of inquiries received through the mail will double.

Sixty information desk girls will be the guests of the county when the Orange county scenic tours begin Sunday. The girls will be ushered into the county in Seal Beach. The trip will include a boat ride at Newport Beach, luncheon in Laguna Beach, under the auspices of the Laguna Beach Chamber of Commerce, a visit to the Laguna Beach art gallery, and entertainment in Santa Ana, provided by the Santa Ana Junior Chamber of Commerce. Miss Victoria Regal, of Warner Brothers studio, will entertain during the 10-minute rest in this city.

After visiting Orange, Tustin, Hewes Park, Placentia, Anaheim, Brea and La Habra, the girls will be returned to Los Angeles in the busses provided by the Motor Transit company.

Souvenirs of the respective Orange county communities will be presented to the guests at many stops.

Tile Setter Held On Check Charge

Wanted in Riverside county on a charge of passing a fictitious check, J. C. Borglum, 38, Riverside tile setter, was arrested here yesterday by Deputy Sheriffs Smith and Mozley. Borglum is being held in the county jail pending the arrival of Riverside authorities to return him to that county.

REPUBLIC SUPPLIES TO PLAY TAR TEAM

The Republic Supply company's baseball team, undefeated champions of the Orange County Harbor league, will play the U. S. S. Tennessee, runner-up for the fleet diamond title, at Huntington Beach Sunday afternoon, if the weather permits, Manager Joe Rodgers announced today. The affair will begin at 2:30 o'clock.

Ed Daley, well-known Santa Ana outfielder, will play with the Republic Supplies until such time as he reports for a tryout with the Portland club of the Pacific Coast league, Rodgers said.

Last week's tiff between the Republic Supplies and the U. S. S. Nevada was postponed.

Wrigley Not to Pay Huddleston

NEW YORK, Feb. 11.—Whatever fortune accumulate from Mrs. Myrtle Huddleston's successful swim of the Catalina channel, none of it will come from William Wrigley, jr., the millionaire gum manufacturer told the United Press today.

"Mrs. Hudleston didn't finish in the swim won by Young," Wrigley said. "After all, it isn't my channel and I can't keep giving prizes to anyone who swims it. We think Mrs. Huddleston got across all right, but there were no regulations to govern her swim. So far as I am concerned there is no more prize money."

WASHINGTON, Feb. 11.—The senate has confirmed the nomination of Edwin F. Heisser to be postmaster at Glendale, Calif.

ACTION TOWARD SUPPORT FOR RELIGION STUDY WILL BE TAKEN

Citizen's Committee Headed by J. A. Cranston to Hold Meet February 15

FEATURES OF BILL TO BE DISCUSSED

Excusing of Students for Bible Education Provided for in Senate Measure

Definite action looking toward organized support of senate bill No. 145, better known as the "week-day religious education bill," will be taken by a citizens' committee at a conference meeting set for 6:30 p. m., Tuesday, February 15, in Ketner's cafe, it was announced today.

According to J. A. Cranston, chairman of the committee, the meeting has been called for the purpose of discussing the various features of the bill, as well as to consolidate sentiment behind the measure.

Dr. Francis M. Larkin, Los Angeles, executive secretary of the California State Church federation, which organization is sponsoring the bill, will be the principal speaker.

Dr. C. D. Ball, assemblyman from this district, has been invited to attend the meeting. Senator Chester M. Kline, San Jacinto, who was invited to the meeting, will not be able to attend because of previous engagements, it was stated.

The bill provides that boards of education may excuse pupils in the first eight grades 120 minutes each week, during school time, for religious instruction, attendance in such religious classes to be counted as public school attendance.

The citizens' committee, headed by Cranston, is made up of men and women, interested in the measure, representing the various church organizations in the county.

English Signs In Paris Employ Bizarre Wording

PARIS, Feb. 11.—English signs in Paris add something to the joy of life. One of the highest-priced tailors who holds out in the Place Vendome—flippantly termed "Soaker Square"—announces himself as "Gent's Tailor."

A "Wigs-Maker" makes a "Specialty of Ladies and Gentlemen."

Two ambitious hairdressers have spent good money for gilded signs, spanning their entrances, to designate their establishment as "Toilet-Club."

A cafe sign announces "Five o'Clock Tea at Any Hour."

Suzanne Ill But Plays Mary Browne

NEWARK, N. J., Feb. 11.—Orders of her physician were ignored for the second time in succession by Mlle. Suzane Lenglen, French tennis star, when she played an engagement here last night. Teamed with Vincent Richards, she defeated Mary K. Browne and Howard Kinsey, 6-3 and 6-4. Although her physician warned her that she was endangering her health, she insisted that she would complete her tour.

AT THE THEATERS

Harold Lloyd in a scene from "The Kid Brother," the famous comedian's latest and funniest release which begins an engagement at the Yost theater tonight.

WEST COAST-WALKER

Two of the screen's most popular players were seen together again when George O'Brien and Janet Gaynor, Fox Films headliners, opened a two-day engagement in "The Blue Eagle," at the West Coast-Walker theater.

O'Brien is cast as George D'Arcy, a fighting wardman, while Janet is sweet and enticing as Rose Cooper, sweetheart of the ward.

In "The Blue Eagle," a John Ford production based upon Gerald Beaumont's dramatic story of land and sea, "The Lord's Referee," both George and Janet are called upon to give the best that is in them.

Critics who have previewed this release claim that these young favorites contribute the finest characterizations of their careers.

It is a story of two gang leaders and a girl, and the action, switching rapidly from the wards of New York to the decks of Uncle Sam's battlecraft during the World war, is fast and furious at certain stages of the development.

Father Joe, as portrayed by Robert Edeson, veteran character actor, is one of those kindly disposed parish arbiters who always shoulders the other fellow's burdens and carries his own uncomplainingly.

He settles the feud in the end and Director Ford, with his broad human touches, has made him intensely human.

On the stage will be offered Fanchon and Marco's "Vod-Bits," featuring many of their most talented artists, and including Miss John Knox, the girl with three distinct voices; "The Dance Quartette," four clever girls with clever numbers; Dewey Johnson, a colored boy that sings ballads in a great manner; Mickey West, "the newsboy songster," that has enthralled theatergoers all over the Pacific coast with his many songs; McOwen kiddies, a pair of charming youngsters who will please an audience anywhere.

Jack Bain and his versatile gloom-chasers will furnish the balance of a mighty entertaining program.

YOST THEATER

Harold Lloyd is scheduled to lead the feature comedy parade for 1927, for his newest release, "The Kid Brother," opens tonight at the Yost theater where it will remain five days.

The story of the new Lloyd is simple, yet forceful, according to studio reports. It relates the tale of the youngest son of a family of strong men—three brothers, and father—who control the mountain town in which they live.

Like all kid brothers Lloyd is subjected to the indignities that befall the youngest of every family. He is never taken into councils and has no voice in the direction of his father's edicts. In the end, however, the youngster shows his real mettle, and wins the recognition he craves by saving the family honor in one of the most entertaining finishes ever seen.

Heading the supporting cast is Jobyna Ralston, prettier than ever as the girl with the medicine show, and the hub around which much of the action runs. Walter James gives a realistic performance as the father. Olin Francis and Leo Willis are ideally cast as Lloyd's brothers. Eddie Boland could not be surpassed as the barker with the medicine show, and Romanoff, the medicine show's strong man, is built to order for the part, with his powerful physique. Ralph Yearsley, the bully, will recall memories of "Tolable David," and Frank Lanning should be equally as convincing.

Syd Davis and Evelyn Elliott, now appearing in vaudeville at the Yost Broadway theater.

YOST BROADWAY THEATER

There is a clear high note of hilarity in the vaudeville bill which comes to the Yost Broadway theater tonight.

Two comedians, Jack DeBell and Harry Vine, headline with a clever combination of funny chatter and a few songs. Their conversation seems to be natural with them and they just sit and talk without paying any attention to the audience, and conversation drifts from one amusing incident to another without appearing to have been planned beforehand. The songs are worked in nicely with this talk.

Fifty performing birds that sing, dance, talk, give imitations and do acrobatics, a dog and two cats will be introduced in the Bird Cabinet.

Davis, Elliott and Wallace will offer an amusing skit called "Ivory and Ivories," in which will be found a variety of entertainment Davis is a "nut" comedian, Miss Elliott is an accomplished pianist. And Wallace is a capable foil and performer on the musical saw.

John Geiger, in the guise of a street musician will present a real musical novelty in which he introduces his "talking violin," an instrument that has given him a reputation.

Herbert and Bolt trio have perfected routines composed entirely of difficult feats but they perform these as though they were simplicity themselves. For ease and graceful movements this trio has no equal. They are undoubtedly among the best gymnasts in vaudeville.

Richard Dix and Betty Bronson are featured in "Paradise for Two," the photoplay now showing on the Yost Broadway screen.

Raisin Growers To Pay Dividend

FRESNO, Feb. 11.—The regular quarterly 7 per cent dividend of the Sun Maid Raisin Growers' association, amounting to approximately $105,000, will be paid February 28, according to announcement by officials of the company. The dividend will be paid on the outstanding $6,000,000 of preferred stock and will go to stockholders as of February 12, the announcement said.

Janet Gaynor and George O'Brien in a scene from "The Blue Eagle," current attraction at the West Coast-Walker theater.

MURPHY'S COMEDIANS

"The Love Test," a romatnic rural comedy drama in three acts, closes tomorrow night at Murphy's theater, at Orana, to make way for one of the most successful society comedies of all time, "Adam and Eva."

"Adam and Eva" for its type of play is a modern classic, having in it a little of every element that most appeals to the home people of this country and this age.

The story concerns a rich American business man and his family of idle wasters, all of whom are suddenly awakened to the fact that business reverses have caused them to lose everything. They are forced to attempt to make their own living, the results of which startle even themselves and complete the construction of a clever story.

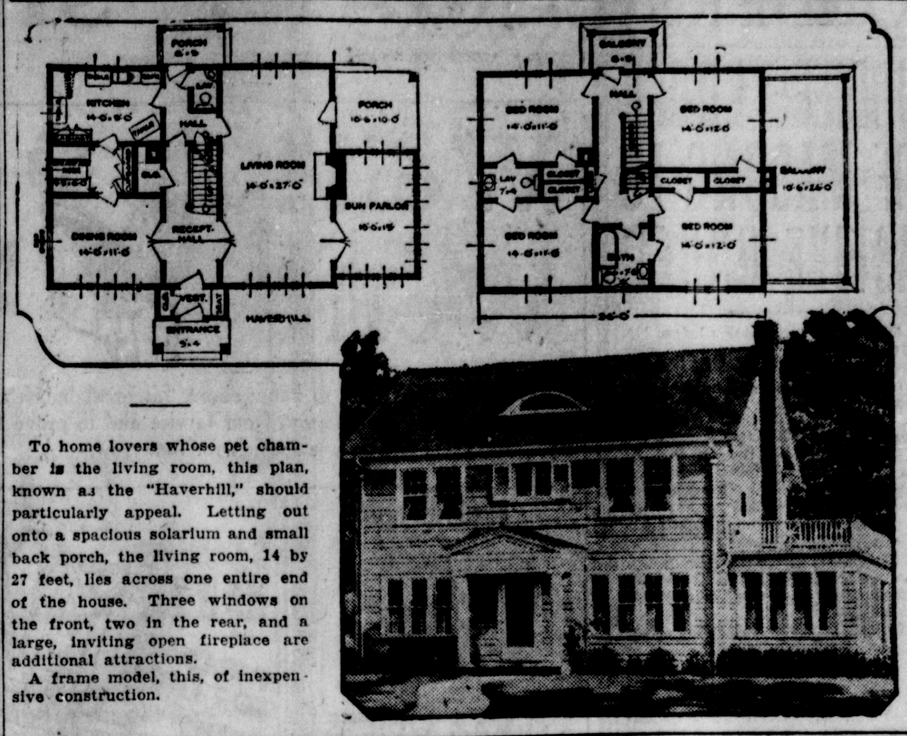
HOME WITH LARGE LIVING ROOM



To home lovers whose pet chamber is the living room, this plan, known as the "Haverhill," should particularly appeal. Letting out onto a spacious solarium and small back porch, the living room, 14 by 27 feet, lies across one entire end of the house. Three windows on the front, two in the rear, and a large, inviting open fireplace are additional attractions.

A frame model, this, of inexpensive construction.

LAWMAKERS TO RECONVENE ON FEBRUARY 23

SACRAMENTO, Feb. 11.—The California state legislature will convene here February 23 for the last half of the 1927 session, with plenty of knotty legislation to untangle.

The lawmakers left for the 30-day recess with a record of approximately 2000 bills, of which the most outstanding ones were as follows:

Government reorganization, as proposed by Gov. C. C. Young; financing of new highway construction; investigations of taxation, agricultural problems, juvenile delinquency, a women's prison and the state's water conservation program of State Engineer Paul Bailey; adoption of a state budget; revision of the state's criminal code, and reapportionment of legislative representation.

Insurance Fund Transfer

Under Governor Young's reorganization plans, the state compensation insurance fund department, under the industrial accident commission, will be transferred to the department of finance. A department of industrial relations is to be formed, the chairman of which is to be named by the governor.

The highway commission, under the ne wplan, will consist of five, instead of three commissioners, serving without pay, except traveling expenses, serving at the pleasure of the governor.

A $10,000-a-year director will head the department of public works, comprising three main divisions, the division of irrigation and water rights, under the state engineer; the division of highways, and a division of architecture. The motor vehicle department, state traffic officers, and enforcement of state road laws will fall under the department of public works.

Education Board Change

The movement inaugurated by former School Superintendent Will C. Wood for reorganization of the department of education is provided in a bill before the legislature. The state board of education would include 10 members instead of seven, who shall be appointed by the governor with the advice and consent of two-thirds of the senate. Terms of office shall be four years, with at least two members retiring yearly, to take the board out of politics.

The state board of control would be reduced from three members to two, with the state controller as an ex-officio member. The department of finance would consist of an $8000-a-year executive as director, heading the division of budgets and accounts.

Creation of two new departments is contemplated by Governor Young a department of natural resources and a department of health, which will replace the present state board of health. The department would be under control of the board of health composed of eight appointed members, all licensed, practicing physicians.

Composition of Cabinet

The governor's "cabinet" will be composed of the heads of the seven departments, finance, agriculture, institutions, education, public welfare, public works and labor and industrial relations.

There is little indication that the budget, which provides the coin for running the government for the next two years, will meet opposition. Reapportionment, according to the measure, approved by the voters at the last election, is not expected to develop any lively tilts.

Revision of criminal laws and procedure, water conservation, highway financing and the numerous other controversial matters, however, will furnish enough fireworks to keep the session from becoming monotonous.

Two Accused of Stealing Cattle

TULARE, Feb. 11—George S. Hulburt and J. L. Ross, of Lemoore, were arrested here on charges of stealing cows from farmers in the San Joaquin valley. They were arrested in a truck which was carrying six cows.

Police charge that the two men took the cows they stole to Los Angeles, where the animals were butchered and sold.

Search for the men started several weeks ago, after reports were made of cattle rustling in the Fresno, Riverdale, Hanford and Porterville districts.

submitted to the club following the convention, in which credit was given chairmen of various committees for their participation in execution of details that made the convention here the pronounced success it was conceded to be.

C. E. Prior presented a copy of the special section issued by the Register for the club's charter night party and asserted that he had been told by persons high in the ranks of Llonism that it was one of the best special numbers ever issued in connection with a club charter party. Prior told of some of the incidents of getting up the special section and referred to the co-operation given by Lee Leecraft, of Long Beach, then business manager of The Register. The copy Prior exhibited is the property of Dr. Rowland.

"Where Do We Go From Here," was sung by the club members as one of the first songs introduced at the early club meetings. The men were led in the singing by Prior, the first song leader.

A birthday cake, decorated with five candles, was a surprise gift from R. L. Bisby, manager of the Inn. The cake was served with ice cream.

The anniversary meeting was made the occasion for women being present and many members were accompanied by their wives.

Dr. T. C. Paine, president of the Glendale club, was present and extended an invitation to the members to be present at the charter anniversary of that club, to be held February 23.

that his team would enroll at least 75 new men.

The junior chamber already has launched upon a number of interesting projects, which will require the united efforts of its members to accomplish, affording every man affiliated with the organization an opportunity to do something for the city in which he lives, the captains added.

Duke Succumbs To High Offer For Old Home

PARIS, Feb. 11.—Millions will make even a duke get out of the way of progress and sell the family home to a store.

The Duke of Massa, long entrenched in his fine home on the Champs-Elysees, resisted the temptation of money until the sum reached 44,000,000 francs. He refused three-fourths that amount last year, but surrendered to the check book of a big department store which wishes to install a "De Luxe" branch on the show avenue of Paris.

The real Parisienne, the manager said, would not go through the heavy traffic to get to the big stores, so one of them at least is going to them.

LA HABRA WILL HOLD DAHLIA SHOW

LA HABRA, Feb. 11.—La Habra's first dahlia show will be staged some time in October, according to plans being formulated by the Kiwanis club, under the direction of James H. Walker. Arrangements are being made with local nurserymen to secure rare and high grade bulbs for planting.

A number of handsome prizes will be offered for different varieties and classes of flowers. Dates for the show will be set later so that they will not conflict with similar events in nearby towns.

Fattest Baby Is Not Always Best In Health, View

NEW YORK, Feb. 11.—The theory that the "butterball" fat baby is the healthy one is "superstition," says Dr. L. J. Blumenthal, director of the bureau of child hygiene.

"The really fat baby has a mass of material that is of no use to him at all in fighting off ills and diseases of babyhood," Dr. Blumenthal says. "Conservation of energy is achieved in good muscle tissue, not in fat."

The same principle applies in the case of adults, the doctor states. "It is dangerous to have an accumulation of fat around the heart or any other organ," he declares. "The grown-ups, in the interest of health, exercise to keep down weight. Why, then, overstuff the baby so that the mother can boast about how fat he is?"

La Habra Pupils Present Program

LA HABRA, Feb. 11.—Pupils and teachers of the local schools presented the program yesterday at the Kiwanis club luncheon under the supervision of Prof. W. Chamberlain, principal of the Lincoln schol, in the absence of Prof. E. M. Berry.

Several numbers were given by the Girls' Glee club, under the direction of Clarence Barrows. Mrs. Mae Marsh gave two solos, accompanied at the piano by Mrs. Josephine Chamberlain. Mrs. M. Dryden read the Gettysburg address.

Dr. V. G. Presson, county health officer, was the speaker of the day, and he told of the work his department is doing in the county to help the parents with the health problems of their children, and teaching the child to care for himself. He also spoke of the inspection being made in the county in restaurants and meat markets.

George Wilcox, head of the police department, was welcomed into the club by N. M. Launer.

GOOD TRAINING

SPRINGFIELD, Mass., Feb. 11.—Toting ice is good summer training for football players—witness Grange and Tyron—so Alfred E. Chaplin jr., ought to give Tilden and others a hard fight for tennis honors next summer. He's working for a bank, moving bags of money from vaults to trucks.

KILLS Snails and Slugs

Overnight rid your place of these destructive pests.

First rains renew the activity of millions of snails and slugs that have lain dormant all summer. Immediately they start destroying your flowers, shrubs and young garden shoots.

Kill them with SNAROL, the new snail and slug control. It does no harm to plant life—water doesn't lessen it's power—doesn't change it in any way. The snails simply eat SNAROL as a food. Almost instantly they disappear.

Also kills **cutworms, sowbugs, earwigs and grasshoppers.**

There is nothing as effective as SNAROL. Its results are guaranteed.

ELKS RECEIVE NAMES TO VOTE ON FOR OFFICE

The last date on which nominations for new officers of the Elks will be accepted is February 21, according to announcement Tuesday night, when several nominations were made.

As Tuesday night was past exalted rulers' night, the occasion was celebrated with due ceremony when a large number of the members gathered to honor the men who, for the las' 20 years, have guided the destinies of the lodge.

All officers' chairs were held by the honored guests. W. R. Gordon occupied the exalted ruler's chair; Fred Ross that of leading knight; V. A. Rossiter, loyal knight; Harvey Gardner, lecturing knight; Fred Parsons, esquire; J. C. Burke, secretary; Park Roper, inner guard; M. A. Patton, outer guard, and William Menton, organist. Other past exalted rulers present were H. C. Head, H. G. Ames, W. C. Jerome, W. F. Diers, R. C. Peterson and P. G. Beisel.

One candidate was initiated by the officers of the evening.

Entertainers from Los Angeles had been provided by W. A. Schlesinger, entertainment chairman.

DEPUTY TO VISIT PYTHIAN SISTERS

Plans for entertaining the district deputy of the Pythian Sisters, Mrs. Clara Wilson, of Anaheim, were discussed, Tuesday night, at the meeting of the local lodge of Pythian Sisters, held at the G. A. R. hall. Mrs. Wilson will make her official visit to this lodge, February 22, at which time a special program will be presented in her honor.

Following the usual business meeting, the drill team practiced initiation work in preparation for initiation of a large class, which will take place in the near future.

An announcement was made of the rummage sale, to be held soon. Members of the lodge were requested to contribute saleable articles for which they have no use.

Several games were played and refreshments were served by the entertainment committee, which included Mrs. E. E. Frisby, Miss Hazel Kellogg and Miss Dolly Dennis.

The Sisters will hold a card party, Tuesday night, February 15, at the home of Mrs. Austin A. Wyatt, 710 Eastwood avenue. Assisting Mrs. Wyatt in her hostess duties will be Mrs. Emma Kellogg and Miss Hazel Kellogg.

Sewing Circle of Auxiliary Gathers

Members of Calumpit auxiliary sewing circle were guests, Wednesday afternoon, of Mrs. Bertha M. Dixon, 1138 South Ross street. In honor of the occasion, Mrs. Dixon had decorated the living rooms of her home in the valentine motif, which was further carried out later in the afternoon, when refreshments were served.

During the afternoon, a comforter was knotted and several business matters were discussed. Plans were completed for the serving of the American Legion county council dinner, tonight, at the G. A. R. hall.

The auxiliary will serve another dinner, Tuesday evening, at Orange, for the Red Fox organization.

Grand Organizer Guest of Honor

Mrs. Minnie E. Thompson, grand organizer, was honored guest, Monday night, at the regular meeting of Neighbors of Woodcraft, in M. W. A. hall. Mrs. Thompson spoke on obscure rules of the order, enlightening her hearers in an entertaining manner.

Six names were voted upon for membership in the lodge. All candidates were accepted and will be initiated in the near future.

The next meeting will be a card party, to be held in M. W. A. hall, February 21.

CEREMONIAL OF SCIOTS TO BE IN S. A. FEB. 26

More than 1500 Sciots will be in Santa Ana, Saturday evening, February 26, when the members of Santa Ana pyramid, No. 41, will be hosts at a ceremonial, according to announcement made at Wednesday night's meeting in El Camino hall.

Various committees have been working on arrangements for the entertainment of the Sciot guests, who will be here on that date, and a program has been prepared in order to acquaint local Sciots with what has been accomplished.

The candidates to be initiated will meet at the Yost theater, where the ceremonial will be held, at 6:15 o'clock, but officers and committees must be present by 6 o'clock. The parade, which will cover several downtown streets, will start at 8 o'clock.

The Sciots will arrive at the theater at 9 o'clock, when a program will begin. The first hour will be devoted to stunts, and the next hour to the presentation of five acts of vaudeville from a Los Angeles theater.

Walter Wright, toparch, announced that the parade would be an interesting sight, as all Sciots will be in uniform and bands from Long Beach, Pasadena, Glendale and Los Angeles will participate. Forming on Third street, the parade will move north on Spurgeon to Fourth, east on Fourth to French, counter-march on Fourth to Ross, south on Ross to Third, east on Third to Birch, north on Birch to Fourth, and east on Fourth to the Yost theater, on Spurgeon street.

Twenty-one applications for membership were received at Wednesday night's meeting. These applicants, or candidates, will be received into the order as a part of the ceremonial. There will also be candidates from lodges in Long Beach, San Diego, Pasadena, San Bernardino, Fullerton, Inglewood, Escondido, Glendale and Los Angeles.

The program at the meeting included acts of vaudeville, through the courtesy of Charles Walker, of the West Coast-Walker theater. The acts included songs by Jack Bain, readings by Monroe Salisbury and songs by a trio from the Music Box revue.

Refreshments, which included hot tamales, were served by courtesy of J. A. Tarpley.

'DAUGHTERS' SEW FOR L. A. ORPHANS

The making of various articles of clothing for the children of the Native Daughters' orphanage, in Los Angeles, occupied members of the Native Daughters' Thimble club, when they met, Wednesday afternoon, at the home of Mrs. Clara Gerkins, 1762 Bush street.

The members who were not working upon the clothing for the orphanage spent the afternoon in working upon a quilt, which will be presented by the Thimble club to the local parlor.

Mrs. Gerkins served refreshments during the social hour, which followed the sewing.

Guests were Mrs. Mae West, Mrs. Mary Moore, Mrs. Fannie Stanley, Mrs. Olive Seba, Mrs. Henrietta Doll, Mrs. Genevieve Hiskey, Hrs. Mannette Allen, Mrs. Cora Ross, Mrs. Rose Ford, Mrs. Elizabeth Marsile, Mrs. Rose Morrison, Mrs. Anna Young, Mrs. Mary Brannon, Mrs. Mamie Schonberg, Mrs. Louise McGill, Mrs. Stella Stiffler and Mrs. Lehman.

REBEKAHS GUESTS AT WESTMINSTER

Members of Sycamore Rebekahs and Torosa Rebekah lodges were guests, Tuesday night, of the Westminster lodge, when new officers were installed by Mrs. Florence Crawford, district deputy.

Present at the meeting were representatives from every lodge in the district, as this was the last installation of the year.

Following the usual ceremonies, a number of addresses were made, the most important of which were those by A. T. Tarbox, deputy grand master of district No. 69, I. O. O. F.; Mrs. Florence Crawford, Henry Mang, of Anaheim; Henry Gallienne, of Huntington Beach, and Mrs. George Stovall, of Santa Ana.

A past noble grand's pin was presented to Mrs. Marie Faulker, the retiring noble grand, who, in a brief talk, thanked the officers for their co-operation during the year. The new noble grand is Mrs. Charles Parr.

JUBILEE LODGE OF MASONS IS ACTIVE ORDER

The officers of Jubilee lodge, No. 604, F. & A. M., can use the plea of being too busy when called upon to give of their services, and be justified in doing so, for the work of their lodge is taking up the major portion of their spare moments.

During January, they were called upon to confer 10 degrees. February is threatening to equal this record, for next Saturday afternoon, at 3 o'clock, two candidates will receive the second degree of Masonry, and in the evening four more men will be initiated into the fraternity by receiving the first degree.

Last Saturday evening, the members of Jubilee lodge were hosts to their ladies and friends at a 6:30 dinner, with entertainment consisting of motion pictures and musical numbers following adjournment to the lodge room. The entertainment committee of the evening was headed by Merrit F. McClay.

J. G. Sutherland, Master of Jubilee lodge, is making plans for the next ladies' night, which will feature the first meeting in April. A dance probably will round out the evening's entertainment.

MEETING IS HELD BY SHILOH CIRCLE

Shiloh circle, Ladies of the Grand Army, met yesterday afternoon, in G. A. R. hall. Plans for the coming year were discussed and committees were appointed by Mrs. Annie Arnold, new president of the organization.

Arrangements were made for a tea, to be held February 24, to celebrate the birthday anniversaries of George Washington and Abraham Lincoln. Mrs. Kate Sutton was appointed chairman of the committee to plan the program, which will be of a patriotic nature.

Many members spent the afternoon in sewing, as the circle is planning a pre-Easter bazaar, for which many articles will be made by the members.

One candidate was initiated and the names of four applicants were balloted upon.

The visiting committee visited 20 members who have been ill during the last month and it has sent a number of bouquets, according to the report read at Thursday's meeting.

PLAN CLASS FOR SCOTTISH RITE

Santa Anans who are Scottish Rite members are looking forward with interest to the special entertainment, to be given Saturday night, at the Scottish Rite cathedral, in Long Beach. It will be ladies' night.

At 8 o'clock, a stage performance, featuring several vaudeville actors, will be presented, and at 9 o'clock dancing will begin. Those who prefer, may play cards or billiards in the club rooms.

On Tuesday night, February 15, another performance of the Masonic play, "Legend of the Widow's Son," will be presented in the cathedral. Admittance will be by blue lodge receipts. As the meeting will be tiled, only men will attend.

Announcement was made by Aubrey Parks, of Long Beach, venerable master, that, as a number of the members live several hours' drive from the cathedral, plans had been made for a fast class, in order that these members may avoid the weekly trips. The teams will work from the fourth to the 32nd degrees, inclusive, on April 7 and 8.

Every Mason desiring to take part in this class must have his application in by March 4.

ACID STOMACH IS DANGEROUS

Sufferers From Indigestion or Stomach Trouble CUT THIS OUT

"Stomach trouble, dyspepsia, indigestion, sourness, gas, heartburn, food fermentation, etc., are caused nine times in ten by chronic acid stomach," says a well-known authority.

Burning hydrochloric acid develops in the stomach at an alarming rate. The acid irritates and inflames the delicate stomach lining and often leads to gastritis accompanied by dangerous stomach ulcers. Don't dose an acid stomach with pepsin or artificial digestants that only give temporary relief from pain by driving the sour, fermenting food out of the stomach into the intestines.

Instead, neutralize or sweeten your acid stomach after meals with a little hot water and Bisurated Magnesia and not only will the pain vanish but your meals will digest naturally. There is nothing better than Bisurated Magnesia to sweeten and settle an acid stomach. It soaks up the harmful excess acid much as a sponge or blotting paper might and your stomach acts and feels fine in just a few minutes. Bisurated Magnesia can be obtained from any reliable druggist in either powder or tablet form. It is safe, reliable, easy and pleasant to use, is not a laxative and is not at all expensive.—Adv.

DAD COMES OUT SHORT ON $20.00 FAMILY BUDGET

BERKELEY, Feb. 11.—Poor dad! As usual, he comes out on the short end of the family budget.

One pair of shoes every two years, a new overcoat every six years, a suit every other year, and a haircut once a month—that is all he gets when he is the head of a family of five and his income doesn't exceed $2000 a year, according to the "experts."

That is what he's allowed by Dr. Jessica Peixotto, social economics instructor at the University of California and chairwoman of the Heller committee on economic research. She studied a year on the budget before it was issued.

The family is allowed 19 per cent of the total expenditures, for clothing. The clothing allowance totaled $349.99 on a $2000 annual salary.

Of the amount, "pop" gets $107.95, mother $117.39, and the kiddies get the rest.

According to the figures, "dad" should purchase for Sunday wear not more than one hat each year. His wife should get a new dress hat every other year and a new street hat each year, paying $7.34 and $4.41, respectively, for the two. Try and get them to abide by that budget.

Father is allowed $13 a year for tobacco. His spouse should have $10 for cosmetics. Dad is permitted to get reckless twice a year and buy a necktie each time. Christmas should roll a long about the time he needs a new stock.

Mother's annual expenditures $20.48 for dress clothes, $60.60 for street wear, and $36.31 for house wear, incidentals and upkeep. She is allowed a new afternoon dress every three years and a new pair of shoes to go with it every other year, while for street wear her suits are supposed to do her three years, her coats four years and her sport skirts three years. Try that on your wife.

As for entertainment, theater and concert tickets for the year total $45.60. No mention is made of football tickets for dad, but that sum is evidently included in the $45.60. The family should buy three new phonograph records a year!

Try a vacation on $22.50. That's what the budget permits. That much also is allowed for Christmas presents. For entertaining friends in your home, you are allowed $27 a year, liquid refreshments included.

Other items on the budget include $658.08 a year for food, $390 for rent, and $251.64 for incidental household equipment and operation.

CORONA DEL MAR

CORONO DEL MAR, Feb. 11.—The large gas mains for the line that is being carried from Newport Beach are now being laid from Balboa island along the bay road to Corona del Mar, having been installed as far as the approach to Pacific drive. The pipes are being treated to withstand corrosion in the sections where they come in contact with salt water. They are first given a coat of heavy grease and then wrapped with oiled and especially treated canvas.

James A. Barnett, of Pasadena, who has a summer home on Balboa island, will build three houses on Avocado avenue, beginning this week. One is for Mrs. Dora Crew, of Los Angeles, and another for Mrs. Childers, of the same city. Mr. Barnett and Albert Nickol, who own some lots jointly, will build on them in the near future.

Miss Alice Pomeroy, of the city attorney's office in Pasadena, has purchased a lot on Goldenrod avenue.

Frank L. Capers, president of the Walnut Park bank, was a Sunday visitor to this locality, lunching at the Balboa Palisades club. Mr. Capers plans to build a house on the Ocean front, near Poppy avenue.

Mrs. Lucy B. Freeman has moved a house belonging to her at Huntington Beach to this locality, placing it on a lot on Jasmine avenue.

William Covert arrived here last Thursday to visit his sister, Mrs. J. P. Rawlings. He was accompanied by a friend, Carl Key. They, together with two other boys, motored to this coast from Pittsburgh, Penn., starting January 20.

Miss Helen Freytag, her niece, Miss Sylvia Freytag, and Miss Hannah Hokle, of Pasadena, were brief visitors here last week, coming to attend the syndicate meeting of the Palisades club. Miss Margaret Freytag, a frequent visitor to this section, is now making an around-the-world trip. The latest word from her was from Egypt, where she and her traveling companions were visiting the pyramids and seeing the tombs of ancient kings.

Dr. Leon Roth and wife, Mr. and Mrs. J. Thomas and family and Mr. and Mrs. E. W. Burlew, of Los Angeles, were among the week-end visitors to this locality.

Mrs. O. A. Rawlings, who was called to Indiana early in January by the illness of two of her brothers, is expected home the latter part of this month. She visited Muncie, Anderson, Portland and Hartford City, Ind., during her absence.

Mr. and Mrs. Frank Sanders, of Ontario, are occupying the Strader cottage avenue. Mr. Strader is employed by the Griffith company, contractors for the street work in one section of the town.

Sunday visitors at the Balboa Palisades club were Mr. and Mrs. E. B. Kizer and Miss Beatrice Kizer, of Los Angeles; Mrs. T. J. Kizer, of Winchester, Ind.; A. C. Merryman and family, of Pasadena; Dr. and Mrs. J. H. Dancy, of Los Angeles; Nellie D. Seitz and Mr. and Mrs. O. C. Tome, of Anaheim, and Mrs. J. H. Greb, of Los Angeles.

WINTERSBURG

WINTERSBURG, Feb. 11.—The Wintersburg Home Missionary society met Wednesday afternoon at the home of Mrs. Elmer Gothard with Mrs. Gothard and Mrs. Horace Moore as co-hostesses to the large company of women present.

Mrs. Sherman Buck was in charge of the program for the day and introduced Mrs. Law, of Santa Ana, who gave an interesting talk, telling the story of the life work of a converted blind Syrian Missionary worker who for a time was a resident of Long Beach. The organization of a Bible study class for Wednesday afternoon of each week was carried out at the business meeting. Mrs. J. W. McIntosh being appointed leader. Next Wednesday the study class, which has eight charter members, will meet at the home of Mrs. Sherman Buck. Next Tuesday was set as the day for the Missionary women to meet at the church hall and prepare the beans for shipment to orphanages and homes in which the local society is interested.

Present were Mrs. E. M. Fox, Mrs. Lillie Shafer Moore, Mrs. W. F. Slater, Mrs. E. Ray Moore, Mrs. Sherman Buck, Mrs. J. W. McIntosh, Mrs. David Russell, Mrs. Dale Ellis, Mrs. Sim TenEyck, Mrs. Ethel McGuire, Mrs. Turner, Mrs. Thiebaud, Mrs. Peavy, Mrs. Mary E. Clemens, Mrs. Hamilton Moore, Miss Lydia Moore, Mrs. Irwin, Mrs. G. M. Roberson, Mrs. Law, of Santa Ana; Mrs. H. O. Ensign, of Newport Beach; Mrs. George Wardwell, of Huntington Beach, and the two hostesses, Mrs. Horace Moore and Mrs. Elmer Gothard.

Mr. and Mrs. W. P. Treece welcomed a little daughter into their home February 5. Her weight was nine pounds.

Mrs. Albert Steck had as guests in her home Monday, Mr. and Mrs. B. B. Meek, Mrs. Meek being a former Missouri friend of the family, and now of Inglewood.

Tuesday Mrs. Mamie Reavis, of Los Angeles, was entertained in the Albert Steck home. Mrs. Reavis' father was a business partner of Mr. Steck's in the east.

The small children of Mr. and Mrs. Ed. Woods have been ill this week with influenza.

Mrs. Harriette Dowty visited her daughter-in-law, Mrs. Forrest Dowty, and her new grandson, Donald Burton, at the Santa Ana Valley hospital Wednesday evening.

Mrs. Harriette Dowty attended a quilting held by women of the Christian church of Huntington Beach, which was held Wednesday afternoon at the church parlors.

The Willing Workers' society will meet next Wednesday afternoon at the home of Mrs Frank Hickman in the Cameron tract.

CLASSIFIED ADVERTISING

Register Want Ads

All Want Ads will be placed under their proper classification. No exceptions.

Personal, Situation Wanted and Furniture for sale will not be taken over the phone.

The Register will not be responsible for more than one incorrect insertion of any Want Ad ordered for more than one time, and then only by republication. Absolutely no cash rebate allowed except at the discretion of publisher. Errors not the fault of the advertiser, which clearly lessen the value of the advertisement, will be rectified only by republication, without extra charge, within FIVE days after insertion.

The Register will not be responsible for errors due to illegible copy.

All Want Ads must be in by 11 a. m. to insure proper publication in all regular editions.

BOX OFFICE REPLIES

The Register postoffice department is conducted for the benefit of patrons who wish answers to come to the office. Advertisers are furnished with identification cards which must be presented at The Register office. For the protection of our patrons, replies are not given out except on presentation of box card.

No record is kept of the names and addresses of patrons using The Register postoffice, and therefore no information concerning these advertisers can be supplied.

A charge is made for the words "Box A234, care The Register."

Five Reasons Why You Should Buy This Home

1—It is well built. Best material and workmanship. Will always look as it looks now, which is saying a lot.
2—It is strictly modern, of course. Also roomy and comfortable. Seven rooms with no skimping in space. Three bed rooms, largest 12x16 feet. Spanish type stucco exterior, with shrubs, lawn, stepping stones and two walnut trees. But you'll have to see to appreciate.
3—It is a corner lot, with paving on both streets in and all paid for. A $700 saving for the buyer there.
4—It is only eight short-way blocks from the courthouse, in last of new close-in tracts. Northwest Santa Ana where you find fastest growing values in the county. Restrictions.
5—You couldn't duplicate this house and this location anywhere in Santa Ana under $9500. But you can buy this property for $8200.

WALL ST. JOURNAL

NEW YORK, Feb. 11.—Although the volume of dealings was curtailed by the nearness of the Lincoln's birthday suspension of business, stocks gave a good account of themselves today. Sentiment regarding the business and industrial situation was considered more cheerful as a result of the remarkable gain in sales made by General Motors Corporation during January and the increase in bank clearings shown in the ¼rst week in February both over the preceding week and the corresponding period last year.

High grade rails made the best showing of any department, advancing briskly with New York Central, C. and O. and Reading supplying strong leadership. New Haven also staged a vigorous advance and the action of the whole road list demonstrated that this group was no more concerned over a bad break in Wheeling and Lake Erie than it previously had been over this stock's sensational rise on the upside.

GENERAL LOCAL NEWS

SECTION THREE — SANTA ANA, CALIFORNIA, FRIDAY, FEBRUARY 11, 1927 — PAGES SEVENTEEN TO TWENTY-FOUR

NEW ATWOOD WELL PLACED ON PRODUCTION

ATWOOD, Feb. 11—The Standard Oil company brought in one well this week, the Kraemer 2-6, which is making 185 barrels. Two other Standard wells are drilling. Kraemer 2-23 is at 4200 feet. In the Yorba Linda district the Moll well is down to 2100 feet. It is rumored that the Standard is planning on increased activity in the Yorba Linda district, close to its Anaheim Union Water company No. 1, which is still holding up at around 400 barrels.

Six new wells are in process of being brought in. The General Petroleum's Stern No. 9, which was completed at 4596 feet, is being swabbed for production.

The Chiksan Oil company is bringing in a new well on the Bradford lease, B-5. This was finished at 4748 feet, and is being swabbed.

The Union completed its Thompson and Goodwin No. 4 and the oil string is being run in.

The Continental Oil company is bringing in its Kraemer No. 3.

The California Petroleum's Krug No. 4, a redrilling job, which was standing cemented at 3367 feet, will be brought in Saturday. The Union also has another well ready for production, Stern No. 3, which is ready for the oil string at 4655 feet.

The Union Oil company shows greatest activity in the field, with 11 wells drilling.

Arthur Delaney, who has the lease on the Etchandy ranch and a rig up, has sub-leased to the Superior Oil company.

UNION TO DRILL FOUR BREA WELLS

BREA, Feb. 11.—The Union Oil company, which has been carrying on quite an intensive development of its reserves in the Brea-Olinda fields, is starting four new wells on its Stern lease in that district, according to official reports. One of the new wells lready has spudded in.

Stern No. 6 is the drilling well which is down about 1000 feet. Construction crews are completing the derricks for Stern No. 7 and No. 8, and a location has been staked for Stern No. 5.

58th Anniversary Of Church Society Will Be Observed

ORANGE, Feb. 11.—Celebration of the fifty-eighth anniversary of the Methodist Episcopal Ladies' Missionary society will feature the March meeting of the local society, it was decided yesterday at the monthly meeting of the group.

Mrs. Charles Hotchkiss and Mrs. Frank Pruitt were delegated a committee to formulate plans. In order to put on a program of representative character, the committee has called a meeting of the group for Monday.

The study hour was in charge of Mrs. James Greene. The topic of the period was "India."

Methodist Church In Garden Grove Plans Services

GARDEN GROVE, Feb. 11—Commencing next Sunday morning, a series of evangelistic meetings will be held at the Methodist Episcopal church, which will last for two weeks.

The services will be held every evening with the exception of Saturday. The Rev. J. M. Ocheltree local pastor, will have charge of the Sunday service and on out-of-town speaker has been secured for each week evening service.

On Monday evening Dr. Charles A. Kent, pastor of the Methodist Episcopal church, Fullerton, will be the speakeg.

Irvine German has been appointed song leader and will have charge of the music. Selections on the pipe organ will be given by John Pearson.

The meetings will commence at 7:30 o'clock each evening.

LA HABRA PHONE SERVICE IS HIT

FULLERTON, Feb. 11.—A joint meeting of the board of directors of the Fullerton Chamber of Commerce and the La Habra Chamber of Commerce was held at McFarland's cafe yesterday noon. The purpose of the joint meeting was to discuss the telephone service in La Habra.

Until a short time ago, La Habra's telephone connections were with the Fullerton exchange. However, according to Albert Launer, of Fullerton, a deal was made between the Home Telephone company and the Pacific Telephone and Telegraph company for "swapping" La Habra territory for Montebello and placing La Habra under the Home's company with Whittier. Since that time all calls between Fullerton and La Habra have been made through the Whittier exchange by way of Los Angeles.

The business men of La Habra, under the leadership of Dr. Boice, are endeavoring to change back to the Fullerton exchange, Dr. Boice stated before the group.

"Although geographically and politically we are a part of Orange county, insofar as telephone communications are concerned we are a part of Los Angeles county," Dr. Boice said. "Our business, social, and official relations are with Fullerton and with other parts of Orange county, and with out telephone connections with Whittier, a lot of business goes to that city because of the direct telephone service there. We are going to demand a restoration of the old facilities from the railroad commission and we want Fullerton to back us up."

Albert Launer stated that since the railroad commission had approved the transfer, strong representation will be necessary to have the order changed.

Jack Prizer, of the Fullerton Chamber of Commerce, proposed a resolution which was accepted by the body, in which it was stated that the local chamber will support La Habra whole heartedly in an effort to change the telephone connections of La Habra back to the Fullerton exchange. Rich Volk, chairman of the merchants' division of the Fullerton Chamber of Commerce, assured the La Habra delegation that Fullerton business interests will be behind La Habra in the phone war before the railroad commission.

ABE LINCOLN EULOGIZED IN ORANGE TALK

ORANGE, Feb. 11—Abe Lincoln, his trials and his successes, was portrayed to the members of the Boys' forum of the Orange union high school yesterday afternoon by J. F. T. O'Connor, law partner of William Gibbs McAdoo, Democratic party leader.

O'Connor, who while in college at Yale, captured all honors as a debater, told with simple eloquence the story of Lincoln to the assembled students. He held Lincoln up to them as the outstanding example of American manhood for them to pattern.

Besides addressing the Boys' forum, O'Connor addressed the Rotary club at its weekly luncheon meeting in the I. O. O. F. hall.

While the boys of the school were listening to O'Connor, members of the Girls' league were discussing the uniform dress problem, with Mrs. Cassina Watson, of Anaheim, and Miss Cuba Garnar, president of the Anaheim Girls' league in the role of speakers.

RETAIL MERCHANTS PLAN ORGANIZATION

ORANGE, Feb. 11—Retail merchants of Orange will meet on February 23 to form an organization to succeed the Merchants' and Manufacturers' association, which has been disbanded, it was announced this morning.

The disbanding of the M. and M. association was effected because of a desire of the merchants of the city to have an organization exclusively for the purpose of discussing retail merchants' needs.

The new organization will be composed of entirely retail merchants.

It was pointed out that the real estate men have an organization for discussion of their particular problems, physicians and other professional men gather together for similar discussion of mutual problems and the retail merchants, who are the most numerous in the city, heretofore have not had an organization solely of their own.

Two committees of five men each are working on various angles of the new organization. The complete organization will take place at the meeting on February 23, it was said. George Gilmore and William Hagen, officers of the M. and M. association, are serving temporarily for the ne worganization.

Oceanview Team Wins Victory

WINTERSBURG, Feb. 11.—The Oceanview boys' basketball team played the Newport Beach team at Newport Beach Tuesday and defeated the school team by a score of 27 to 9. This makes the sixth successive game the local boys have won without a single loss this season. The boys stand a good chance to come out winner even against the larger schools, such as Garden Grove and Huntington Beach, already having defeated Garden Grove in a game earlier in the season. A game with Huntington Beach is looked forward to by the boys with considerable interest.

The boys and girls of Oceanview played the Westminster school Monday evening. The boys won over their opponents while the girls had to take a defeat.

After a few weeks more of basketball playing the boys and the girls of the Oceanview school will begin intensive practice in field track work.

YORBA LINDA

YORBA LINDA, Feb. 11.—The annual meeting of the stockholders of the Yorba Linda Fumigating and Spraying company, was held at the office of the company on Tuesday. As there was not a quorum present, the meeting was adjourned until June 21.

Miss Clara Janeway returned to Whittier college on Wednesday.

A valentine party will be held this evening at 7 o'clock in the Methodist basement for the adults of the church. Each person is asked to bring valentines addressed to some one present, and 10 cents in change.

The Merry-Go-Round club met with Mr. and Mrs. O. J. Dyckman on Wednesday evening. First prize was won by Mr. and Mrs. O. J. Dyckman and consolation by Mr. and Mrs. J. J. Carter.

Mrs. J. H. Bancroft is at home after an extended visit in Oregon. Mr. and Mrs. Bancroft are building a new home at their ranch on El Cajon avenue, the lumber being hauled in Tuesday.

Mr. and Mrs. J. A. Small were hosts on Sunday at a birthday dinner honoring Mrs. Kellar, Mr. Yerington and Mr. Small. The guests were Dr. and Mrs. Lester Kellar, of Santa Monica; Mr. and Mrs. J. W. Hargrave, Mr. and Mrs. E. W. Walker, Mr. and Mrs. A. P. Yerington and the host and hostess, Mr. and Mrs. Jim A. Small.

DISCOVERY OF OIL IN SAN MARTINEZ WILDCAT CAUSES NEW CAMPAIGN

HUNTINGTON BEACH, Feb. 11.—Discovery of oil in the San Martinez well inaugurated a rush of rig building in the section east of Seventeenth street, starting yesterday.

Permits for four rigs were issued at the office of the city building inspector. One of the new rigs is in the same block as the San Martinez well.

Reports are current that three other rigs are to go up soon in the immediate vicinity of the San Martinez well.

The Biltmore Oil company was issued a permit for a rig to be erected on the corner of Tenth street and Ocean avenue in the same block as the San Martinez well. The Concord Oil company was issued a permit for a rig on the ocean front between Thirteenth and Fourteenth streets. The Concord and the Biltmore companies are new operators in Huntington Beach. The Superior Oil company was issued a permit yesterday for a rig on the ocean front near Fifteenth street.

J. H. Peacock, individual operator was issued a permit for a rig on Nineteenth street between Magnolia and Acacia avenues.

According to reports in Huntington Beach today the San Martinez company will erect another rig on its property at Ninth street and Ocean avenue immediately.

The Julian company and the Superior Oil company are contemplating immediate development in the vicinity of the San Martinez well, according to field reports.

SUPPLY CONCERN ENTERS ATWOOD

ATWOOD, Feb. 11.—The National Supply company of California, with headquarters in Los Angeles and branch offices in most of the oil fields, has entered the Atwood field. Having secured a location across from the Santa Fe station, the company is planning to erect a warehouse, 50 by 100 feet, to be completed in 30 days.

The warehouse of the Republic Supply company is nearing completion and will be augmented by a small cement warehouse.

Another addition to Atwood is a real estate office, H. F. Taylor having purchased a small house from J. W. Johnson and moved it to the corner of Van Buren street and Atwood boulevard. The house will be remodeled and made into two offices, one of which will be rented, while Mr. Taylor will use the other for his real estate business.

NEWPORT ARTIST EXHIBITS

BALBOA, Feb. 11.—George Coleman, artist, has closed an exhibition of his paintings at Carmelita Gardens, Pasadena. Mr. Coleman is steadily improving in his work and the one-man exhibit at Carmelita Gardens attracted much attention. He is scheduled for three exhibits in the north, and on February 22, will exhibit under the auspices of the Civic league in Balboa.

COSTA MESANS OFFERED LEASE ON PROPERTY

COSTA MESA, Feb. 11.—Oil excitement has become so keen here during the past few days that property owners on Wilson street, who have been contemplating subdividing their property, will hold a meeting in the near future to consider an oil lease proposition, which has been submitted for their approval.

The lease is said to be sought by Jordan and Maney, who recently secured a lease on 70 acres in the Costa Mesa terrace tract.

Rumors are current in Costa Mesa to the effect that the Julian and the California Petroleum companies are planning deep test wells in the western section of Costa Mesa. The Julian company has large holdings at Costa Mesa.

Interest of oil men has been centered about the Bar Mor Oil company's wells No. 3 and No. 4, which are said to have shown a substantial gain in production during the past few days. According to reports the No. 4 well has increased from about 50 barrels to 100 barrels a day on the pump and the No. 3 well has shown an increase of from 35 to 50 barrels a day. Both of the wells are producing from a depth fo 700 feet.

It is expected that the deep test well of the Jordan and Maney interests will be started on the Costa Mesa terrace trace soon. The lease calls for drilling within 90 days, according to reports.

With the return of oil excitement here real estate operators report many sales in the western section of the mesa.

ORANGE WOMAN, 93, PASSES AT HOME

ORANGE, Feb. 11—Mrs. Elizabeth Sanders, 93, of 143 North Grand street, passed away at her home late last night following a brief illness. Mrs. Sanders came from New York to Orange 53 years ago. She was a charter member of the Presbyterian church, which was organized at the time she came to Orange.

Anniversary Of Brea Auxiliary Is Celebrated

BREA, Feb. 11.—One of the most delightful affairs to be enjoyed by members of the post and auxiliary of the American Legion of Brea was held in Craig's hall on Wednesday evening, at which time the second anniversary of the auxiliary was observed with a pot-luck dinner, program and dance. Covers were laid for nearly 100 Legionnaires, members of their families and friends. Short talks were given by the new president of the auxiliary, Mrs. Freda Ward, and by the commander of Brea Post No. 181, Frank Mason.

The huge double-decked, heart-shaped cake was cut by the first president of the order, Mrs. Beryl McGraw, the junior past president, Mrs. Myrtle Taylor, and Mrs. Ward.

S. A. MAN BUYS 10 ACRE MESA TRACT

COSTA MESA, Feb. 11—Dr. Vernon M. Blythe, of Santa Ana, has become the owner of a 10-acre tract of land on Wilson street near Santa Ana road, it was announced today by Miss Kathryn Mackenzie, local real estate dealer. The property is said to be valued at $15,000.

The tract was formerly owned by Mr. and Mrs. T. A. Miller, of Goffs, Calif. Dr. Blythe intends to subdivide the property into small chicken ranches and will place Miss Mackenzie in charge of the sales, it is reported.

Many other real estate sales have been reported in the Mesa district during the past few days. Among the most interesting is the sale to Mr. and Mrs. William Skruggs, of Oklahoma, of a one-half acre tract on Twenty-third street near Santa Ana avenue. Mr. nd Mrs. Skruggs drove into Costa Mesa in a traveling house. They fell in love with the Costa Mesa district and purchased the land through Miss Mackenzie. Peter O'Donnell, of Long Beach, was the former owner of the land.

More than 125 people were present at the installation, every lodge in the district being represented. Among those present were Amelia Prather, grand chaplain of the Rebekah assembly; Theodore Tarbox, deputy grand master, and H. A. Gallienne, both of Huntington Beach; Henry Mang, grand sentinel of the grand encampment; Elmer Haas, of Yorba Linda, master of the Masonic lodge; Mr. and Mrs. Ralph Baxter and Miss Lola Murdy.

$675,708 PAID FOR VILLA PARK CITRUS FRUIT

ORANGE, Feb. 11—Election of directors in the annual meeting of the Villa Park Orchards association yesterday resulted in the same board being re-elected with the exception of W. W. Perry, who was replaced by D. Blankmeyer. Most of the morning session was devoted to the choosing of the officers and the hearing of reports of the officers.

In his annual report, H. D. Nichols, secretary, reported the payment of $675,708.84 for 255,238 packed boxes shipped during the 1926 season, net to the growers. The association received gross returns of $905,615.84. A refund of $36,812 is due members at this time, he reported. Operating costs for the season were $132,394.15.

Nichols pointed out in his report that the house did the largest amount of business during the past season of any season since its opening. With 638 cars containing 255,238 packed boxes at 400 boxes per car and proceeds totaling $714,370.37, Nichols reported a banner year. The price received for fruit this year was given as $2.80 per packed box.

Following the tabulation of votes after dinner, the results were announced as follows: D. Blankmeyer 51,314; W. W. Perry 31,603; Willard Smith 78,013; A. N. Saxton 43,761; W. A. Knuth, 76,853; G. H. Peterson 49,264.

L. D. Palmer, manager of the Orange County Fruit exchange, in a short address, assured the members that in his belief, every box of oranges shipped in succeeding years will return a profit to the grower. Palmer gave as reasons for his belief the extensive and continuous advertising which has been done for Sunkist oranges and for better methods of distribution perfected by the exchange, and in the new markets being developed abroad.

Competition between growers who are members of the exchange and those who are not, hurts no one but the growers, Palmer declared. Two cars of equally good fruit presented to the purchaser brings forth the question of which is the cheapest.

Dr. D. D. Waynick and F. A. Blake were the other speakers of the afternoon. Dr. Waynick discussed the relation of soil moisture to growth of fruit. That fruit can be injured by too extensive use of water as well as y too little use of water, was a point stressed by him.

Blake ,who recently made a trip abroad, told of his observations of fruit markets and production.

Valentine Party Held By O. E. S.

ORANGE, Feb. 11—Valentines figured prominently in the meeting of Scepter chapter, O. E. S., last night in the Masonic temple. Following a short business meeting, the members of the organization partook of a dinner and indulged in an old fashioned valentine party.

Concrete is the aristocrat of pavements

350 Miles of Concrete Streets Now Serve Los Angeles

Los Angeles now has more concrete streets than any other city in the country—a total of 350 miles.

Motor traffic from every section of the state flows along these sturdy streets all day and far into the night. This includes countless automobiles, huge trucks loaded to capacity, and busses built like Pullmans.

Only streets paved as the knowledge and experience of the modern highway builder direct could long withstand this punishment. The concrete streets of Los Angeles are doing so year after year.

They are also meeting the stern demand of safety—even on the steepest grades.

And concrete is the preferred pavement in the residential sections, as well as in the industrial.

These are some of the reasons why Los Angeles and hundreds of other alert cities are laying concrete streets, and will lay more.

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

Does Your Back Ache?

One of the most common and distressing ailments affecting the human body is backache. Of all troubles, there is none that will cause you to feel so helpless as this condition. When your back "gives out," your whole body seems to take the same course—you lose your pep, your appetite is gone, you can't sleep, you become nervous and irritable and in a short time you feel that old age is creeping in upon you. Backache may be due to many different troubles within the body. Some of the most common conditions are lumbago, kidney trouble, liver trouble, female disorders, constipation, muscular weakness and neuritis.

SERIES SACRED CONCERTS WILL BE PRESENTED

The Santa Ana Symphony orchestra is arranging for a series of Sunday afternoon sacred concerts, the first to be presented February 27, it was announced today by D. C. Cianfoni, director.

The orchestra last winter gave a series of afternoon concerts in Santa Ana churches and music lovers of the city indicated their approval by attending in large numbers.

The coming series will be presented in the auditorium in the Ebell clubhouse and the programs will begin at 2:45 p. m.

It was announced that a charge of 35 cents per concert will be made, with tickets for the full series selling at $1, the director pointing out that the small admission fee will create a fund to assist the orchestra in meeting some of its expenses for music and other items.

The symphony orchestra is a non-profit organization and we hope residents of Santa Ana will support the concerts and make it possible to maintain the organization," Cianfoni said. "The concerts in the churches were well attended and if the same number of persons attending them buy tickets for the four concerts success will be assured."

SAN CLEMENTE

SAN CLEMENTE, Feb. 11—Dr. Elmo Alexander, of Fresno, was the guest this week of his sister Mrs. Thomas Murphine jr. Dr. Alexander timed his visit to San Clemente so that he might attend the bi-monthly dance at the Spanish clubhouse on Monday evening.

H. H. Cotton, of Los Angeles, was in San Clemente Wednesday looking after details of the construction of the stables for his string of race horses and the laying out of a half mile track for training purposes.

Mrs. Rockwell, well known dancing instructor of Santa Ana, attended the bi-monthly dance at the Spanish clubhouse last Monday evening as the guest of Mr. and Mrs. W. A. Proctor.

Postmaster Latham announces that for one day this week his letter cancellations amounted to 1546, the largest since the office opened two weeks ago.

Mr. and Mrs. George A. Randell, of Painesville, O., were guests at the Hotel Granada Wednesday evening. Mr. Randell is owner of the Randell tavern at Painesville, built in 1810, and one of the show places of the country. After visiting in California for over two months and en route home they caught a glimpse of San Clemente, which so intrigued them that they were impelled to stop for a day to enjoy the beach view of the Pacific from the Spanish village.

Elmer Gilbert, of Colton, who has been in the postal service for years, is the guest of Postmaster and Mrs. Latham.

Southern California Gardens

By RUSSELL S. ADKINSON

We are now entering the heavy planting period of the year. Many are not aware of the fact that a majority of ornamental plants may be planted throughout the year and therefore wait until winter and spring for additions to the garden. Quicker results are obtained, however, planting is done at those periods.

With this increased planting comes a lot of worry to some as to the proper plants and the correct spacing and arranging while to others a space is chosen at random, provided they secure the plant they want. All are to be commended for their efforts and love of plant life. These two essentials transform a barren section into a pleasing landscape.

Help in Making Choices

To those who are having difficulty in choosing and arranging, I have devoted this article in an effort to be of some service in obtaining better gardens. Landscaping cannot be covered in any one or a series of articles. But to the average city home, the term landscaping does not apply. It is merely termed proper, or nearly proper, gardening.

The average reliable nurseryman stands ready to offer his or her services cheerfully and without charge to assist in the proper selection and arrangement of new plantings. Also, if you will call at his place of business when he is not too rushed, he will assist you in many other ways pertaining to your gardening. This is a point that cannot be brought too clearly to mind as the majority of plant lovers seem to be under the impression that such information has a price on it. The nurseryman's attitude, the same as in other businesses, is one of service. There are a few essential points to bear in mind regarding effective gardening.

Architecture

The style of architecture is one of a great deal of importance in some cases and not so much in others. When a house is typically Spanish, or English, or otherwise, certain classes of shrubs can be used to better advantage than others, especially at important spots. Then you will find some houses that can be effectively set off with any good quality list of plants.

Arrangements

The arrangement of shrubs for effect is one of the most important items. Proper results can only be obtained with a thorough knowledge of characteristics of your planting list. Large shrubs, small ones, low and tall, all have their proper places. Often the purchase of a small shrub leads to its being planted beneath a low window, and when it begins to attain its mature height, it completely covers the entire window. Spreading shrubs too often are placed in narrow spaces between the house and walk. Groupings of shrubs often can be made, while in other cases straight planting is required. Often one quality piece to itself, giving it full opportunity to show its individuality, will give better results than a massed planting.

Spacing

Many mistakes are made by professionals, as well as amateurs, in the spacing of plants. By starting with plants very small it is difficult to realize the size they may attain. By learning the size a plant will or may ultimately be, you can avoid to a large degree this serious error. Do not plant up against the foundation of a house. Some cases require closer planting than others, but never closer than 12 inches if possible and further than that is still better. Some places as much as four feet between a plant and the foundation is advisable.

Choosing Your List

With the architecture and an idea of arrangement in mind, you seek the plants. Too often you wish that which your neighbor or friend has, because they have it. If they have made a poor choice, so will you. Maybe their plants have not had time to grow and show the mistake, so it is advisable to inquire about each plant unless you are familiar with it.

Also, the exposure, whether north or south, is very important in making up your list. The success of each plant depends a great deal upon the amount of sun or shade it receives. The shady sides are the hardest in which to obtain a great variety of plants with color, especially the north side.

The front garden in most cases should not contain any deciduous plants, as they have a dormant period during which the absence of their foliage leaves a bare spot in the garden. Also, annual flowering plants should be avoided unless it is merely to fill in between a new planting of small shrubs for the first season.

The garden contest, sponsored by the garden section of the Ebell club, now is under way and should be of great interest. This is indeed a splendid movement and the writer sincerely hopes that it may be a great success and of benefit to Santa Ana. While each section of the city has its particular nurseryman to consult, if anyone from any section has difficulty in getting in touch with their representative, I will be only too glad to help them in any way in their effort to beautify the city.

HANSEN

HANSEN, Feb. 11.—Mrs. Chas. Peters entertained on Saturday afternoon in observance of her little daughter's fifth birthday. Those present were Mrs. Don Grindley and two children, Geraldine and Warren, of Cypress; Mrs. D. A. Jones and four children, David, Mary Jane, Buster and Bonnie May; Mrs. Mark Nordstrom and little daughter, Georgena; Le Roy Miser, Helen Eckert, Louise Bonnet, Johnny Birch, son of Mr. and Mrs. John Birch; Mary Ellen, Billie and Edward Birch, children of Mr. and Mrs. W. L. Birch, and Howard Lukins. Games were played, with Mary Ellen Birch winning first prize and Billie Birch the booby prize. Bernice Shearer assisted Mrs. Peters in serving luncheon.

Jack C. Stewart, of Pasadena, owner and subdivider of the Los Conejos subdivision was out on the grounds on Wednesday making business arrangements. Fourteen lots have been sold and more new homes will soon be built. Mr. Bell of Whittier boulevard, sales manager, and Major Gillespie, architect, are staying on the place. At present there are over $1000 worth of fur rabbits being cared for.

Mrs. Walter Bitner has been away for two weeks caring for her sister, Mrs. Bert Nebar, of near Santa Ana, who was taken to a hospital on Thursday for an operation for appendicitis. While Mrs. Bitner is away another sister, Mrs. Berg, of Los Angeles, has been here seeing to her family.

The Rev. John Wright of Cypress Heights near Sacramento, gave the morning address at the Alamitos Friends church on Sunday morning.

Little Georgena Nordstrom was given a birthday party on her fourth birthday last Friday afternoon. Mrs. Walter Bitner, Walter Bitner jr., Mrs. Tolle and three children, Mrs. D. A. Jones and three children and Ellen Jane Peters were in attendance.

Mrs. H. H. Mammond spent part of last week visiting a niece, Mrs. W. B. Harmond, in Los Angeles, and her daughter, Mrs. J. H. Bingeban, in Van Nuys.

Mrs. William Morgan, who has been having a severe case of flu is still confined to her home. Her daughter-in-law, Mrs. Henry Morgan, has been brought from the Community hospital in Anaheim to the Morgan home, where both are being cared for by a trained nurse.

Mr. and Mrs. Jay Miser and three children, accompanied by Mrs. Miser's sister, Mrs. Orra Fish, and two children of Grand Rapids, took a drive on Sunday, visiting San Pedro, Venice and other places and taking dinner in the evening with Mr. and Mrs. Lafaette Miser in Los Angeles.

J. H. Burgener, of Sawtelle, who has been spending three weeks with his daughter, Mrs. I. E. Lukins, will return to his home the latter part of the week.

Mr. and Mrs. M. C. Wonderly attended the opening mat show of the season at the Olympic auditorium on Wednesday evening to witness the wrestling match between Paul Jones and Jim Browning.

Callers at the W. L. Birch home Sunday evening were Mr. and Mrs. Jack Quinn and daughters Mary and Margaret. On Tuesday, Mr. and Mrs. C. P. Lindstrom, of Huntington Beach, were visitors.

Mr. and Mrs. Howard Schrock, of Inglewood, were dinner guests of Mr. and Mrs. I. E. Lukins on Sunday. In the afternoon Mr. and Mrs. Odell and Standley Holman, of Pasadena, old time Butte, Montana, friends were visitors.

Mrs. R. H. Hammond, Mrs. William Patterson and Mrs. Geo. Treffern attended the Cypress-Hansen club meeting Tuesday afternoon in Cypress.

Mrs. R. Frank Taylor, of Coachella, visited her brother, Fred Sawtelle, a few days last week while her husband drove on to Peru on a business trip.

Mrs. Mark Nordstrom and daughter, Georgena, are spending this week with Mr. and Mrs. Herbert Birt in Huntington Park.

BREA

BREA, Feb. 11.—Members of the Oil Workers union met in Craig's hall Monday night. They enjoyed a splendid social evening. Dancing was the main feature of the evening, with music by the Metronome five. For those who did not care to dance cards were provided.

Dudley Taylor, well known Brea young man, who is employed in the oil fields at Huntington Beach, had the misfortune to have his coupe stolen from in front of the office of the Speed and Service Truck company at Huntington Beach early this week. The car is not insured and the loss is therefore probably entirely to be borne by him.

Keith Coffee for the past several years a resident of Brea, where he has many friends, surprised everyone by slipping quietly over to Riverside on February 5 and taking unto himself a bride, formerly Miss Ora Napoleon, of Santa Ana. After a brief honeymoon the young people have settled in an apartment on East Ash street, where they are now at home. Coffee is employed in the local oil fields for the Union Oil company.

Mr. and Mrs. Robert Shanks have moved into their new home on South Orange and are rapidly settled and ready to receive their friends.

About 17 members of the Pythian Sisters of Brea motored over to Long Beach Wednesday morning and spent the day with Mrs. Bessie Halverson, another of their number, who has recently moved from Brea to the beach city.

The last Rebekah installation in the district was observed at Westminster on Tuesday night, when the officers of that lodge were placed in office by the deputy district president, Mrs. Florence R. Crawford and her installing staff. Following the installation, supper was served in the banquet hall. Those attending from Trinity Rebekah lodge were Mr. and Mrs. George Beer and Mesdames Grace Stegall, Mary Edmonson, Ettie Law, Minnie Epla and Stella Keene.

Tom Shelton has purchased of Elmer Wise his house on the Union Oil company's property in Brea canyon and will shortly move it to a lot he has secured in the Maxwell tract on South Pomona. Shelton will make some improvements and additions to the house. Mr. and Mrs. Wise are already erecting a modern house in the Northgate Heights tract between this city and Fullerton.

Mrs. L. A. Will and her daughter, Mrs. Esther Smith, who is visiting her from Santa Barbara, motored over to Costa Mesa Thursday and spent part of the day with Mr. and Mrs. Shirley, formerly of Fullerton, who are now living on a ranch on the mesa. Later they drove to Newport, where they saw Mr. and Mrs. Barnes, former friends in Klamath Falls, Ore.

Mrs. W. A. Carroll, daughter of Mr. and Mrs. W. E. Swope, of this city, was brought to her home yesterday in the ambulance of Hilgenfeld and Rollins from the Murphy Memorial hospital at Whittier. Mrs. Carroll was taken there several days ago and underwent a major operation from which she is said to be recovering nicely.

LIMA GROWERS TO GET CHECKS FEBRUARY 25

At the monthly meeting of the board of directors of the California Lima Bean Growers' association, held February 10, in Oxnard, the board authorized a payment to be made to grower members on regular limas about February 25 on basis to bring the total payments on the 1926 crop deliveries to $4 per cwt.

Manager R. L. Churchill reported to the directors regarding his recent trip to the annual convention of the National Food Brokers' association, where he met and conferred with about 60 of the broker representatives of the association. He also called upon the wholesale grocery trade in a number of large cities.

In commenting upon the market situation and outlook, Churchill stated that while the attitude of the wholesale grocery and jobbing trade is to purchase all food commodities only for short term requirements, the consumption of lima beans was reported to be good, particularly where they were being sold to consumers at 10 cents per pound or less.

Two-thirds Sold

Nearly two-thirds of the entire 1926 crop of limas produced in California has been sold in a trifle more than four months since harvest, leaving only a little more than one-third of the quantity available for sale and shipment, to be moved in the more than seven months remaining.

Current prices on baby limas are ridiculously low because growers of this variety in new districts have been forcing sales at best prices obtainable. This not only has brought about ruinous low prices, but has reduced sales and movement so that it will not be possible for the association to make any further payment this month to baby lima growers who already have received $3 per bag.

The market price on limas during the coming months may be expected to advance with the development in part or as a whole of the following conditions:

Insufficient total rainfall to insure normal crop on non-irrigated lands.

Reduction in Acreage

Substantial reduction in total acreage planted to limas and baby limas in 1927. With prices ruling way below the cost of production, many growers undoubtedly will deem it wise to diversify and plant a portion of their lands to other crops, such as hay, sugar beets, green vegetables, pink beans, small whites (which now are decidedly higher in price than baby limas) and blackeyes.

Cold weather, which now is prevalent throughout the east and southeast, extending into the late spring will make for increased consumption of beans.

Continued large monthly reduction of the California storage stocks of limas and baby limas will be certain to be reflected in better prices. California warehouse stocks or regular limas were reduced more than 200,000 bags during December and January and any similar movement during the next two or three months would, without any other factors, decidedly improve the situation on the remaining stocks.

PLACENTIA

PLACENTIA, Feb. 11.—Dr. and Mrs. F. M. Dowling came home on Wednesday from a month's stay at Elsinore Hot Springs.

Mrs. Sadie Iler's three children have been ill with scarlet fever and are now reported to be recovering.

Mr. and Mrs. S. W. McCollock had as their guests Wednesday, Mr. and Mrs. R. H. Gillman, of Redondo Beach. On Thursday, they went to visit their son-in-law and daughter, Mr. and Mrs. Winthrop Bowen.

Mrs. W. W. Solesbee has been making her home for some months with her son, George Solesbee. She has gone to another son, Henry Solesbee, to stay for some time.

Mrs. Homer Ball, of Primrose avenue, and Mrs. Orlie Dunham, of Fullerton, are planning to attend a bridge luncheon in Los Angeles on Saturday at the home of Mrs. Louise Pendleton.

Bill Dowling has his friend, Lieut. Leland Miles, of San Bernardino, spending several days with him at the home of his parents, Dr .and Mrs. Frank M. Dowling, of North Bradford avenue.

BALBOA

BALBOA, Feb. 11.—Mrs. Ray Burlingame and Mrs. W. W. Brown were joint hostesses at a luncheon last Sunday, given in honor of Mrs. Mae Arrowsmith, of New York, and Mrs. Hattie Crockett, of Chicago. Invited guests were Mrs. Rufus Briscoe, Mrs. Alex Wright, Mrs. Leo Geopper, Mrs. Eugene Page, Miss Ethel Gardiner, Miss Claire Germain, Mrs. L. L. Garrigues and Mrs. Beatrice Wittmeier. The luncheon was a progressive one, beginning at the home of Mrs. Burlingame and ending with dessert and coffee with Mrs. Brown. After the luncheon they motored to Laguna Beach, where they were the guests of Mrs. Ida Randall Bowles at her art studio. They next visited the Ferguson Pottery studio.

Mrs. H. Baker, who has been living in Balboa for the past year, has been called to St. Paul, Minn., because of the illness of her daughter, Mrs. J. Hurst. Mrs. Hurst and her daughter, Dorothy, spent three months in Balboa last summer.

Mrs. Nell McGee and daughter, of El Paso, Texas, who have been visiting Mrs. Florence Mathews, have gone to Long Beach, where they will visit Mrs. McGee's father before returning to their home in El Paso.

Miss Lillian Van Osdale, secretary of the chamber of commerce, and J. P. Greeley, president, attended a luncheon meeting of Southern California secretaries and directors of chambers of commerce at the Biltmore hotel in Los Angeles on Wednesday of this week.

The dramatic section of the Ebell club met at the clubhouse on Monday afternoon. An interesting paper on "Modern Drama," was read by Mrs. Miriam Porter. A review of Suderman's play, "The Joy of Living," was given by the president, Mrs. Willis Higbey. An interesting and dramatic exposition of another of Suderman's plays, "Madga," was rendered by Mrs. Edward Devorak, who was at one time on the stage.

Mrs. Mae Arrowsmith, of New York, who is spending the winter in California, entertained at luncheon on Tuesday in honor of Mrs. Gertrude De Blinn. Mrs. Arrowsmith's luncheon was given at the beach home of Mrs. Varlen, 502 Surf avenue. Invited guests were Mesdames W. W. Brown, Ray Burlingame, Harriet Crockett, Beatrice Wittmeier and L. L. Garrigues.

The regular meeting of the Civic league took place Tuesday afternoon at Ellsworth hall, the president, Mrs. Flora Beatty, presiding. One of the most interesting features of the meeting was the talk given by Mrs. Gertrude De Blinn, of Los Angeles, on the subject of "Rockwood Pottery," illustrated with samples of this famous ware. Refreshments were served at the close of the program.

Mrs. R. L. Gallinger and children, of Pasadena, spent the past week with her parents, Mr. and Mrs. C. Stukey, at the Park apartments in Balboa.

DR. W. B. CALDWELL AT THE AGE OF 83

"Purges" and "Physics" Bad for Old Folks

While Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, knew that constipation was the curse of advancing age, he did not believe that a "purge" or "physic" every little while was necessary.

To him, it seemed cruel that so many constipated old people had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to "regulate" the bowels of old folks. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but each dose helps to strengthen bowel muscles, shortly establishing natural "regularity." It never gripes, sickens or upsets the system. Besides, it is absolutely harmless and pleasant to take.

If past fifty, buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

NICK HARRIS TO SPEAK BEFORE JUNIOR DIVISION

Detective Nicholas B. Harris, of Los Angeles, will make the principal address, Monday night, at the meeting of the Santa Ana Junior Chamber of Commerce, to be held in Ketner's cafe, Flake Smith, chairman of the entertainment committee, announced today.

Merle Ramsay and his xylophone entertainers will provide musical numbers. The Ramsay group includes Dorothy Ramsay, Elizabeth Morgan, Lucy Bell Morgan and Katherine Kirven.

The business session will be brief, President Mason Yould said, in order to permit the members to go to Newport Beach for the purpose of celebrating with the Newport Beach people, the expected approval of $500,000 in bonds for the improvement of the entrance to the harbor. The bond vote will be held Monday.

Reports of Robert Fernandez and Virgil Clem, rival captains of membership campaign teams, will be heard. Plans for the concert, March 29, by the Los Angeles Philharmonic orchestra, a benefit performance for the Santa Ana Boys' chorus, also will be discussed.

Other members of the entertainment committee are Paul Ragan, Martin Warren, Robert Garner and Jesse Elliott.

Urge 'Coolidge' As New Name for Southwest State

ALBUQUERQUE, N. M., Feb. 11.—The Albuquerque Advertising club has launched a movement to change the name of the state of New Mexico to Coolidge.

After a discussion in the meeting of the club, a resolution was unanimously adopted indorsing a bill that had been prepared and will be presented to the legislature.

CALIFORNIA CITRUS FRUIT CALLED BEST

Day by day in every way California citrus fruits are growing better and better, according to Allan Pollok, manager of Southern Pacific company's commissary and dining car department.

"California always has been paramount in orange quality," Pollok said. "The greatest change taking place is in the flavor, appearance, size and juice content of grapefruit. This change is marked and has been progressive from year to year.

"Due to greater care in cultivating, harvesting, grading and packing and to more careful selection of varieties and nursery stock, western grapefruit rapidly is nearing a perfection not surpassed anywhere.

"In our dining cars we use western grapefruit by preference. Each year it is noticeable that the fruit is larger, finer and more delicious."

HASN'T FELT SO GOOD IN 20 YEARS

One package ALL-BRAN enables him to say good-bye to pills!

Read Mr. Awtry's testimonial as to what ALL-BRAN does in stamping out constipation.

"I'm a man 55 years of age, have had chronic constipation for 35 years. I have been taking all kinds of purgatives, scarcely—if ever—have a natural movement. Have spent a great deal of money and no permanent relief. . . . When I had used one package of your ALL-BRAN, I found I could discard my pills and tablets. I haven't felt as good in 20 years.

SEES NO CONFLICT BETWEEN BIBLE, CAPITAL PUNISHMENT

EDITOR REGISTER—Those who oppose capital punishment make use of three points of Scripture as their major argument, first: Thou shalt not kill; second, an eye for an eye and a tooth for a tooth; third, the terms of the new commandment. The first as we have seen is addressed to all men, but becomes active only when one is tempted, and falls. And then "killing," as done by him, corresponds with the meaning carried by the commandment, but is totally different from the one carried by the law when prescribing the form of punishment. Second, an eye for an eye and a tooth for a tooth is simply a phrasing of the law of restitution in kind. Actual replacement of an eye or tooth is of course impossible, but the principle implied must stand as an integral element of abstract justice. So we may believe with full assurance that there was no basic change in the law at the ushering in of the new regime, but there was that in the new commandment that was to make a change in men's attitude toward each other that would be followed by a greatly lessened desire to appeal to the law and make of it an instrument of revenge and retaliation.

Love is the only agent of individual reform and social stability that is intrinsic and of the Divine order and yet it is not the universal solvent that certain sentimentalists would make it. Love is universal but passive while, hate is individual and active and cannot be dissolved by love until the will consents. So the issues of life and of death must be according to what the will accepts and not according to what love offers.

As between love and law, that love precedes law in the Divine cosmos there can be no doubt, and yet, love is an offering, while law is a necessity and made so by the determination of the will to pursue its own course. So here we have the prime and actual factors in the issues of moral and spiritual law and order. Love on one side and will on the other. Pacifists and social sentimentalists blindly refuse to see the two sides as elements to be dealt with according to their kind, but rather, they assume a potentiality for love that is not and could not be in it and can exist only in a confused and disordered mentality. The basic error that men have made in all ages is the assumed right to supervise and rewrite God's word, whether in its facts or ideals. Yet at that, there still remains a question of motive, which may be wilfully wrong or devotedly right and mistaken only as to method.

That those who are confusing the question of capital punishment have the best of motives no one need doubt, but, correctness of method was never arrived at from a one-sided view. So, since motive carries no guarantee of right or righteousness within itself, we must look to some higher source of reckoning than is found in a sadly errant humanity.

Civil law recognizes degree in all crimes up to wilfull murder. The Mosaic law declares that, when one man kills another, he strikes out of his own life all that gives value and importance to the command, Thou shalt not kill, so thereafter he is himself dead in all that had heretofore given him a right to live. And by all that gives safety and stability to society as a whole, he should cease to live altogether.

SAN JUAN CAPISTRANO

SAN JUAN CAPISTRANO, Feb. 11.—The cooked food sale held at Burt Otstot's drug store Thursday by the ways and means committee of the P.-T. A. was a decided success. Mrs. Oscar Guilbert and her assistants sold out everything early.

The regular meeting of the Missionary society of the Community Presbyterian church was held at the church Thursday afternoon. The meeting was presided over by the president, Mrs. Hugh McNinch. Election of officers resulted in the re-election of Mrs. McNinch as president, Mrs. Harlow Halliday, vice-president; Mrs. Will Harrison, secretary and Mrs. Harry Larkin, treasurer.

A reception will be held at the home of Dr. and Mrs. McNinch on McKinley avenue tonight in honor of Mr. and Mrs. Harvey Parkin, who were married at Newhall February 6. Mr. Larkin is a member of the electrical firm of Crumrine and Larkin here and the leader of the orchestra of the Community Presbyterian church. Mr. and Mrs. Larkin are living in the house formerly occupied by Dewey McClellan but will soon begin to build their new home in the Mission Hill tract.

Mrs. Walter Coombs, of Modesto, is visiting relatives here.

Briton Claims Highest Honors In Work Division

WELLING KENT, England., Feb. 11.—Seventy-year-old Edward Hunt, of this village, looking for employment, claims he is the handiest man in Great Britain.

Here's a list of the things he can do: Drive and repair any make of motor car; run electric light plants, gas engines and elevators; do wood work, paper hanging, glazing; repair boots and shoes; lay bricks and fancy tiles, plow, sow, reap, mow and milk cows; drive a four-in-hand, shoe a horse; row, swim and skate; act as valet, serve at table; manage a grocery business, cultivate a garden and run a public house; act as bell ringer and church warden.

In addition he is a clever artist, has ridden to hounds, knows all about wireless, rides bicycle and is an expert knitter.

CHURCH TRAINING CLASSES ATTRACT

Great interest is being manifest in the series of church training night, now in progress at the First Methodist church. Four hundred persons attended last Wednesday night. Whole families were present, the children as well as the parents entering some class of definite religious instruction.

Many persons were interested in the classes for leadership, and for which credit is given on the diploma given by the International Sunday School association. The majority seemed to prefer the lecture classes on "Current International Events" and "The Bible."

A popular period of the program is the dinner and fellowship hour. The large dining room was crowded to its capacity while an hour of fellowship and entertainment was enjoyed. Music was furnished by the church school orchestra and there was community singing, led by James Hughes.

A special feature of the evening's program was an address by Dr. Frank Luce on the theme, "The Master Teacher." He exhorted the people not to follow the God of naturalism, but the God of idealism.

RANKIN'S WILL DEMONSTRATE PATTERN USE

An exposition and practical demonstration of cutting and assembling wash goods fabrics from Butterick and Vogue patterns, using living models, will be held Tuesday, Wednesday, Thursday and Friday, mornings and afternoons, in the Rankin Dry Goods store, main floor, Bruce E. Switzler, general superintendent of the department store, announced today.

"This is the only event of this kind ever offered the public of Orange county," Switzler explained, "and we expect a widespread interest to be displayed in this work by persons who make their own dresses and do their own sewing.

"Mrs. Marie Shoebridge, Mrs. Roger Wood and Mrs. Annabelle Melhorn, employes in the yardage and pattern section of the store, have been studying for the last two weeks under Butterick stylists from Paris and will be in charge of the cutting, assembling and lecturing," Switzler added.

Space has been provided on the main floor so that all spectators may be able to see every step of the cutting, assembling and modeling, it was announced.

The demonstrations are to begin at 10:30 in the morning and in the afternoon at 2:30 and will show, for the first time, the new spring wash fabrics purchased by C. W. Chamberlin, Rankin buyer, in New York recently.

The following models will display the dresses during the exposition: Mary Cadle, Amsel McBroom, Ada Larson, Pearl Kimball, Pearl Kightlinger, Sue Secrest, Lucille Noah, Jane White, Lillian Arnold Ella Faupel, Corrine Pennington, Belle McKinstry, Beatrice Howard, Laurene Sauers, Mae Gwyn, Mary Thompson, Helen Hull, Alice Conner, Margaret Bowen and Blanche Thompson.

SEES U. S. CHANCE TO ASSIST CHINA

PASADENA, Feb. 11.—Dr. Henry W. Luce, vice president of the University of Peking, refuses to confirm or deny reports that he had been summoned to Washington by the state department for a conference on the Chinese situation, in an interview here.

"With the present international crisis in China, the United States has an opportunity to win the undying friendship of a quarter of the human race," Dr. Luce said, before boarding a train for an unstated eastern destination.

"At this crucial moment in Far Eastern affairs, it behooves the United States to see and interpret the Chinese situation clearly and to act with sympathetic friendliness toward China. If this country is friendly now toward the Chinese people and uses the good offices of friendship, rather than the force of the gunboat, we shall live to see a time when China will show her undying gratitude," the noted educator, who has spent a quarter of a century developing higher education in the Far East, said.

BALBOA ISLAND

BALBOA, Feb. 11—L. L. Garrigues is enlarging and redecorating his house on Collins avenue near the bay front.

Dr. and Mrs. William Goodfellow entertained Mrs. Ed Petich and Mrs. Parkinson, of Los Angeles, over the week-end in their cottage on Marine avenue.

Mr. and Mrs. Jerry Voyer, of Los Angeles, were the guests of the Don Douglas's over the week-end.

Mr. and Mrs. John DeLand, of Pico, and Mr. and Mrs. Robert DeLand and family were week-end visitors here, celebrating young Bob DeLand's birthday with a family gathering and birthday dinner on Saturday.

Mr. and Mrs. H. C. King, who have been living on the island for some time, have completed a new home of Spanish design on the Peninsula at Balboa and expect to move into it next week. Mr. King is associated with Ernest Grill in the real estate business.

Mr. and Mrs. Edwin Vegthe, of Pasadena, are spending several days in their cottage on Sapphire avenue.

Waller Kaufmann has purchased the two lots adjoining his store on the corner of Park and Marine avenues.

James A. Barnett and family, of Pasadena, spent the week-end in their cottage on Sapphire and Park avenues. Their guests were Mrs. Dora Crew and son, of Los Angeles.

Among the week-end visitors to the island were Dr. and Mrs. H. Seager, Mr. and Mrs. S. A. Mills, of Los Angeles; the C. T. Durhams and family, of Pasadena; the S. A. Parishes, of Hollywood, and Clerk McLain and family, of Pasadena.

Miss E. J. Norton returned Friday from a week's visit in Los Angeles.

The Thompson and Klise families, of Los Angeles, assembled at Mother's Batch over the week-end for a gay family gathering.

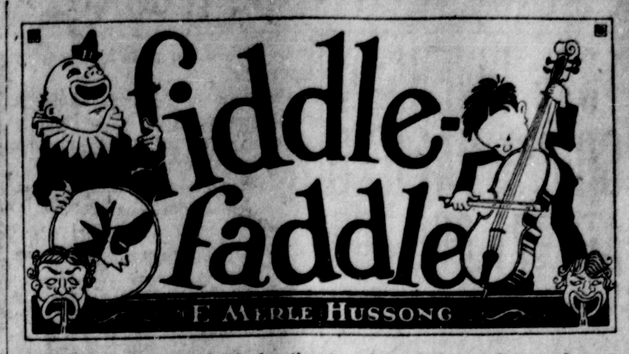
Dr. Ralph Smith and others erecting a handsome beach home on the Bay front were Sunday visitors here.

Mrs. Walter Hole and son, Billy, of La Habra, spent the week-end on Channel Isle.

The J. F. Mitchells, of Alhambra, arrived Saturday of last week for a stay of indefinite length in their island cottage on Park avenue. Their son, Jerry, who sustained an injury to one of his eyes several months ago, has had the bandage removed for the first time and the eye is very much improved.

Mr. and Mrs. Walter Brooks made a brief business trip to the island recently from their home in Dorena, Ore. They are engaged in the chicken business on their ranch near that town.

Miss Blanche Wachob, of Pasadena, came to Mar Casa Tuesday to make final arrangements on matters pertaining to the administration of affairs while she is away on a trip to the Holy Land. Miss Wachob will leave on this trip in two weeks, but expects to return in June in time for the opening of the summer season at Mar Casa. Mrs. Ruth Griffith, of Balboa, has been engaged as cook.



There may be some basis for the statement that Santa Ana is "overclubbed." Reports in the newspapers show that some sort of a luncheon club meets nearly every noonday of the week. Not being a member of any luncheon club, I am not in a position to speak of the club accomplishments. However, when it comes to the organization of choruses, Santa Ana never can have too many. A men's chorus is being organized. The auxiliary of the American Legion has formed a women's chorus. The Santa Ana Boys' chorus already is launched upon a very satisfying career. The Y. M. C. A. has a chorus. Truly, it can be said that Santa Ana is undergoing a musical awakening. Music makes better citizens.

• • •

Along the line of musical development, those in charge o the Parent-Teacher association artist course say that only about half of the season tickets have been sold. The junior chamber of commerce is going to see if somethinr can't be done about it. Perhaps a plan may be worked out whereby the junior chamber boys will aid in the ticket campaign for the P.-T. A., and the P.-T. A. women will, in turn, aid the junior chamber in selling tickets, at $1 each, for the concert, March 29, by the Los Angeles Philharmonic orchestra, for the benefit of the boys' chorus. Co-operation and a spirit of all for one and one for all never hurt anyone.

• • •

A unison of the musical organizations of Santa Ana has been suggested for music week, a few weeks before school closes. The Santa Ana band, the Santa Ana Symphony orchestra, the school glee clubs, the boys' chorus, the men's chorus, the auxiliary chorus, the Y. M. C. A. chorus and all the other city musical organizations might take part. The school board could well allow the use of the high school auditorium free of charge, inasmuch as so many of the school taxpayers would be interested and benefited. And, of course, the Santa Ana song would be given a prominent place on the programs. This musical awakening has infinite possibilities.

• • •

Santa Ana probably has more visitors, tourists, sightseers and homeseekers in her midst now than at any other season of the year. Some of them never see any more of California than can be scanned from a seat in a motor bus or train. Others progress leisurely from city to city, taking their time and enjoying themselves. After all the natural beauty has been seen, especially the vista from Lemon Heights, these visitors could well afford to take off an afternoon, go down to Laguna Beach and go through the art gallery. Last night the hills surrounding Santa Ana stood as purple as those of a Maxfield Parrish painting. In the pictures in Laguna Beach the same shades have been caught and recorded on canvas. It is hard for people distant from California to believe we have the colorings shown in our paintings. A trip over Orange county and a visit to the art gallery will prove it.

• • •

It is a singular thing that a sign board on a very attractive piece of ground in Santa Ana conveys the information that the title of the land rests with a prominent firm of dentists. Where, but in California, do dentists earn enough money to invest in real estate? Where, but in California, would these same orthodontists have the nerve to advertise the fact. When you simmer it all down, why shouldn't dentists put their savings in land. Too often the money extracted by means of molar elimination is tucked away in the family sock and allowed to accumulate interest.

Santa Ana, February 11.

Dear Lois:—I suppose that it is natural for one to be happy at this time of the year, isn't it? That is the effect that spring has on all of us when she first lifts her head and gazes at the world again. I suppose you smile at my writing of spring, when February is not yet half over, but I have seen many signs of spring.

Early Wednesday morning, before the sun had risen above Saddleback I went out on the lawn to get the morning paper and there I saw two fat robins hopping about on the bare branches of the maple tree. Occasionally they ceased their hopping and flew to the earth, where they searched diligently for worms. When a worm was found the robin would take hold of it, and, bracing its feet, would tug and heave until the worm loosed its hold in the ground. When the fat robin would fall over backwards.

Monday afternoon, my uncle and I drove to the top of the old El Modena grade in search of what mustard greens and wild flowers we could find. There, in several sheltered nooks, we found the first wild violets, or johnny-jump-ups, of the year and there were many onion flowers. Twice we saw young cottontail rabbits just disappearing in the brush. What, with all of these signs telling of the arrival of spring, is it not right to feel unusually happy? At your home, are there any signs of spring?

There are signs of spring at the Allen home, according to Mr. Allen. It seems that spring had taken hold of Jean's soul, for she has purchased three new dresses, with hats and shoes to match. Her father was angry when Katie and I saw him. The bills had just arrived, or Jean had just shown the new clothes to her father. He said that ever since Jean was 13 years old she never had failed to upset his bank account at the first sign of spring.

There also was a sign of spring in the Benton household when Katie and I arrived there yesterday. Mrs. Benton had been making a new lamp shade. It was a beautiful thing. On a white background were birds and flowers in bright colors. It had been made from three yards of material, Mrs. Benton told me, and then pleated until it was no more than 40 inches around the bottom. After she had put it on the lamp she was greatly perturbed for fear of its being too bright.

So throughout the evening we sat and watched it until we decided that nothing could be prettier. I think that now would be a nice time for every one to follow Mrs. Benton's example and make new lamp shades for that would be the final indication of spring.

A style item of interest, which came from Dixie, was that silver is very good for evening things this year. Of course if it were said to be good one can immediately feature Dixie with something in that color. She has this time silver shoes and a silver evening wrap. I imagine that the latter is a very beautiful, as well as expensive, creation. So many of the things she is getting she will not wear much here that I wonder if she is planning to come home very soon. I think that she probably intends to stay in the east the rest of this year and I am sorry, for I miss her a lot.

Jack sent Katie a card when he arrived in Chicago. It had some funny verse on it. He had written that he knew how worried we would be for fear he had taken the wrong train so that his first thought on reaching the windy city was to write to us so that our minds would be at rest.

Certainly your new friend, Jim, sounds awfully nice. I should like to see a picture of him at least. Can't you manage to get one some where and send it to me? You might take a snapshot when he isn't looking and then I could see him as he really is. Isn't it nice that he prefers brown eyed, brown haired girls. If he is so prejudiced in favor of naturally curly hair, it is lucky for you that your hair curls naturally.

Write to me soon and say some more about your conquest of Jim.

Love,
Louise.

BILL DESIGNED TO AID STATE DEAF CHILDREN

Designed to benefit deaf children, who heretofore have been deprived of proper care and training, is a bill introduced in the state senate by Senator Roy Fellom, which makes it mandatory upon parents, physicians, health and school officials to report all cases of impaired hearing, involving minors, to the superintendent of schools with a view to providing relief.

According to Mrs. Mary B. Robertson, Santa Ana, chairman of the department of publicity, fourth (Orange county) dsitrict, California Congress of Parents and Teachers, the measure has the indorsement of the P.-T. A.

The state of California has, at present, nine schools for the deaf, so situated that every part of the state is covered. These schools are well equipped to care for the education of deaf children. The public, however, knows so little about the advantages they offer that it is found necessary to resort to legislation in order to aid this type of children, it is claimed.

Is Great Handicap

A child who is deaf is cut off from ordinary intercourse, the P.-T. A. official commented. Until his mind is opened by correct methods of teaching, he can gain but little knowledge. Unless his lip and tongue muscles are exercised at an early age, speech will be difficult for him to acquire later.

The bill, listed as senate bill 342, requires every attending or consulting physician, nurse, parent, guardian or any person or persons having charge of any minor whose hearing is impaired, to report at once to the superintendent of schools the name, age and residence of that minor.

The superintendent of schools, upon having received such information, is required to communicate to the parent the address of the nearest school for deaf, with information concerning the advantages offered by the school and the benefits to accrue to the child from attendance at the school.

Must Report Child

The superintendent further is required to issue to said parent or guardian of a minor thus afflicted an official registration card, signifying that said child has been properly registered by the school authorities and to send to the nearest scchol for the deaf the name, age and address of the child.

The failure of a parent, guardian, physician, nurse or school official to report name, age and address of a minor with impaired hearing to the superintendent of schools shall be deemed a misdemeanor and be punished accordingly, the measure provides.

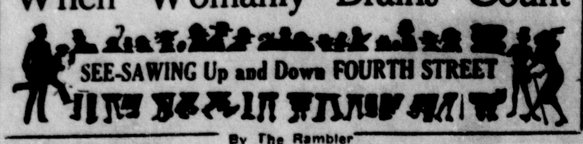
Chilson-Goodman Auto Drama

PRACTICAL JOKE O. K. IF NOT IMPRACTICAL

When Womanly Brains Count



By The Rambler

When W. E. (Bill) Chilson, Santa Ana capitalist, tramped down the eighteenth fairway at the Santa Ana Country club on this particular afternoon he was in no mood for the situation he was to confront.

It had been a terrible afternoon and the usually elastic nerves were beginning to break under the strain. Tee drives, mashie shots and green putts all had been masters of the popular golfer, it seemed, and Chilson was a much perturbed and exasperated member when he stormed his way into the clubhouse.

Curses-s-s-s-s-s! Enter the villain, Jess Goodman, Santa Ana automobile tire merchant.

Goodman's automobile failed to respond to his gentle ministrations that morning and he had, of necessity, driven a substitute machine, from the garage to the golf links. It was a strange car to him but it ran smoothly, both coming and going, and that was all Goodman cared about until he returned what he believed was the borrowed motor after a most happy afternoon on the fairways.

Goodman's self possession was rudely upset, however, when the garage attendant's gutterals, stopped him in his tracks.

"Where in thunder did you get this thing?" the man said. "This isn't the car we loaned you. This looks like Bill Chilson's car to me. Sure enough, it is, too."

So Goodman, investigating and discovering the veracity of the attendant's statement, took a long and troublesome ride back to the country club where he found the worried Chilson, figuratively, tearing his hair, gnashing his teeth and hurling vituperations on the man who "stole" his automobile.

But everything came out in the wash.

Among the horrible details of the Browning-Peaches suit were those recitations of the baby bride that "Daddy" insisted on such insanities as bringing home trick rubber eggs, collapsible forks, honking ganders and the like.

Well, Dr. Roy C. Horton, a member of the board of education, handed me an innocent enough appearing book to glance over one day and no sooner had I turned the frontispiece than followed an explosion that rocked my head from here to Main street. Within this trick book he had rigged up a sort of cap pistol that shot every time the cover was lifted and Horton was "catching" a lot of suckers with his plaything.

Wilbur W. Wasser, former secretary of Santa Ana lodge No. 794, B. P. O. E., sent George Hightower, a colored bootblack, all over Orange county one Thanksgiving period looking for Wasser's "turkey ranch."

Bob Gram has been known to dispense rubber cigars and trick matches to some of his conferees.

Earl ("Ever Ready") Abbey, deputy county clerk, most always has some kind of prank for somebody's expense.

St. Valentine's day is Monday and a lot of pretty intelligent people will send and receive the dizziest of valentine cards.

The fact of the matter is that most everybody loves a practical joke—provided it isn't too impractical a practical joke, and the time and place is opportune. Isn't that about the size of it?

Brains count!

A trim business girl slipped through the narrow turnstiles in the Pacific Electric station in Los Angeles and engaged, for all she was worth in the 100-yard derby that followed to a Santa Ana-bound electric car.

She was outdistanced in the throng, being less experienced and less adept at dodging in a broken field, and when she breathlessly finished the sprint every seat in the car was occupied by complacent males who sat there with that far-away look in their eyes that betokens peace.

She stood before three of them, and in a pleasant voice addressed three in turn?

"Where do you get off, please?"

Then she took her stand in front of the rider who named the nearest stop.

That is technique.

1926 RIVERSIDE CROPS VALUED AT $21,000,000

Riverside county's agricultural production during 1926 was more than $21,000,000 in valuation, according to statistics gathered and compiled by Alex Hansen, deputy for A. E. Bottel, horticultural commissioner.

"The figures do not cover the county's full production," stated Hansen, "but only those products that have come under observation of the department. However, the principal crops of the county are listed and have been carefully checked over for accuracy."

Figs have assumed a commanding position with a production of $36,000 last year. This is based on a yield of 48,000 crates at 75 cents per crate. Acreage is given as 212.

Dates(too, are becoming a renounced product exclusive to Riverside county. According to Bottel, the county is the largest date growing section of the new world. Last year's production of 995,600 pounds brought $219,032. Fully 1842 acres are planted to dates.

Citrus fruits, as usual, head the list of county products, navels with a valuation of $7,555,604 and lemons $1,415,128. Navel acreage is given as 12,299, lemons 3810.

Apricots brought $385,100, a production of 7702 tons from 7356 acres. Dried apricots brought a still larger figure, $641,210 or 1733 tons at $370 per ton. Even the apricot pits were an important production, 481 tons bring $37,518.

Lettuce is coming to the fore with 52,200 crates last year and returns of $91,350.

Alfalfa ranks next to the citrus products in importance. Acreage is given as 29,006, tonnage 109,373 and value at $20 per ton, $2,187,460.

Values of other products are listed as follows: Almonds, $164,000; apples, $421,040; cherries, $84,360; olives, $131,780; peaches, $388,200; pears, $63,560; prunes, $72,850; walnuts, $254,000; berries, $31,325; grapes, $507,830; alfalfa seed, $178,-930; cotton, $1,530,720; cotton seed, $212,500; green beans, $1,280,000; grain, $123,955; hay, $615,612; potatoes, $439,879; onions, $1,649,550; watermelons, $62,620; vegetables, $226,740.

EL MODENA

EL MODENA, Feb. 11—Verl Murray and wife and baby, of Monrovia, came down Friday evening on a short visit to Mr. and Mrs. John Hayden. On Saturday they went fishing at Newport Beach, Mrs. Elwood Paddock and son, Elwin, joining them for a picnic dinner at noon.

Mrs. Maggie Stanfield, of Imperial, attended church here Sunday. Mrs. Stanfield is a former resident of El Modena. Both Mr. and Mrs. Stanfield have been appointed probation officers in El Centro.

Johnny Gibson, of Garden Grove, has gone to Taft to work in his brother's barber shop.

Mrs. T. Cervantes, of Orange, is home after a visit in Long Beach with her son and daughter-in-law.

Oscar Stanfield has sold his place on the corner of Walnut avenue and Cambridge street, Orange. Mr. Stanfield and family have moved into the home of his mother, Mrs. Elma Stanfield, on Cambridge.

W. Dominguez was laid to rest Saturday afternoon. Mr. Dominguez leaves a widow and six children. He died as the result of an auto accident.

You probably need for that new building. Cement, Rock, Sand, Gravel, Metal or Wood Lath, Hardware, Plaster, Lime and Lime Putty.

Gas a Leading Public Utility

GAS is one of the most variously used of present day utilities, and with allied utilities represents an investment capital larger than any other American industry excepting agriculture and railroads.

It is one of the leading industries of the United States, with production and distribution constantly expanding to meet the increasing demands of home and industrial consumers.

Natural gas is today used in more than 21,000 trade processes.

Your gas company supplies fuel to 111,945 consumers for cooking and heating in the home, bakeries, canneries, brickyards, glass plants, shipyards, and other industries.

"why

Harry Hartz
Winner of 1926 A.A.A. World's Speedway Championship.

I use California's Famous Gasoline of Power"

SPEED . . . power . . . mileage! Perfect carburetion under every condition! Each of these qualities, desirable in a gasoline for every day motoring is absolutely essential in the grinding blur of the speedway.

"Nowhere else is the performance of your motor so entirely dependent upon perfect fuel and lubrication. A few seconds lost; failure to respond with instant acceleration; inability to maintain heart-breaking bursts of speed means loss of fame and fortune to the man behind the wheel . . . sometimes life itself.

"No driver would jeopardize his chance of victory with any but the finest gasoline that can be had . . . gasoline that has actually been tested and *proven* under every conceivable condition. It is significant that for more than six years the greatest drivers in the world . . . men with the choice of every gasoline made . . . have used Richfield exclusively.

"I have used Richfield Gasoline and Richlube Motor Oil in my greatest victories and world's records ever since I commenced racing. For every day use in the present day motor Richfield is unquestionably the finest motor fuel that is made. I would never think of using any other because I *know by actual* . . . it means maximum motor efficiency and minimum depreciation." (Signed) *Harry Hartz.*

RICHFIELD
The GASOLINE OF POWER

Richfield's quality is not merely claimed. It is backed by actual tests—definite proofs that cannot be denied. Speedway victories, recognized world's records of every kind that are unequalled by all other gasolines combined. And remember this—Richfield actually IS better in your own car. Without resorting to "dope" or so called motor tonics it is faster, more powerful and delivers greater mileage. If a better gasoline is ever made, you will get it from the Richfield pump!

THE ROMANCE OF AMERICA: Lewis and Clark

Sketches By Kroesen
Synopsis By Brancher

Sight of the Great Falls meant assurance that the party was on the right track, but there was a portage of a score of miles to be made—and these were heart-breaking miles, over rough country, through creek beds now dry, now raging with flood waters, with terrific heat and sudden storms beating upon them by turns.

Once the quickness and strength of Clark saved Sacajawea and her papoose from death as the current bore the bird-woman from her feet.

The Great Falls portage cost them more than a month in precious time. The men wearied. Sacajawea's pluck stirred them to new efforts.

Mile after mile they labored until they reached the fissure by which the boiling Missouri rushes through the Rockies. Stumbling along in the water, they dragged their canoes made of burned-out logs. In August, 1805, they reached the land of hostile Indian tribes and faced new dangers. (Continued.)

THE TINYMITES

BY EARL CROCKER

(READ THE STORY, THEN COLOR THE PICTURE)

The alligator traveled slow, but kept the Tinies on the go. 'Twas really very funny as they all tore down the beach. The Tinies all were scared to death. The running made them short of breath, but even so, they managed to keep safely out of reach.

Said Scouty, "Say, what shall we do? In just a moment I'll be through. I cannot keep this pace up for I'm growing very weak." But, not a Tiny answered him. They held their breath to keep in trim, or maybe not another one had strength enough to speak.

Wee Clowny dashed up to the lead by putting on a bit more speed. He headed for the beach line where he thought the sand was sound. And then he found how wrong he was. The race was harder now, because the sand was rather mushy and much softer than the ground.

'Course Clowny saw that he was wrong. His little feet would drag along, and now the alligator seemed much closer than before. And so he hurried back again, up near a clump of trees and then he panted to the others, "Gee, I just can't run much more."

"Hurrah!" said Coppy, full of glee, "I'll save you all. Just follow me." And in a moment he had reached a palm tree, near at hand. "We'll shinny up this tree," he said. "I guess we're far enough ahead." And then the bunch all scrambled up the trunk to beat the band.

As soon as they had left the ground, a cocoanut or two was found and Clowny pulled one loose and said "I hope my aim is right." He hurled it down and heard a smack. It hit the alligator's back, and then the lanky creeping thing just crept right out of sight.

EDNA KENT FORBES

WELL SHAPED ARMS

A recent Chat about shapely arms brought me a lot of letters from women who are dieting but who complain that though they have taken off many pounds in weight their arms remained too fat and they did not seem able to do anything about it. The trouble is that the arms grew very large when they were too stout and the first result of losing weight is bound to be a great deal of flabbiness, particularly on the upper arms. Actually they may measure less if you put a tape around them but for some time the reduction will not show.

Exercise is the only thing that will turn this flabby flesh into firm muscle. The arms respond at once to exercise, they show the good effects of it, I think, more quickly than any other part of the body. If you can get out and play golf or tennis your arms will show an improvement at once, even though you play atrociously. If you cannot do this, stand in your room before a looking glass and do gymnastic exercises. One of the best is to pretend you are rowing a boat, extending the arms straight in front of you with clenched fists and then pulling them back with tense muscles as though you were pulling a heavy weight.

If you can buy a regular exercising machine, or make one up for yourself, the exercise would entail more fun. All sports good shops or departments sell these, and they are not expensive for they consist only of a board about four feet high to be screwed to the wall with two weights, some pulleys and ropes to move the weights up and down. The weights can be made lighter or heavier as you choose, and full directions come with the set. You can make flabby fat arms firm and thinner, develop thin arms, straighten round shoulders, develop a hollow chest and develop the bust by using these.

Rub the arms with ice to make the skin firm.

Allene—As you must be gaining all your height now to be five feet four inches at 16 years of age, your

weight does not matter at this period. You will fill out in a few years and be normal in every way.

Orris root as a dry shampoo is all right for extreme occasions, when you cannot make your hair look well otherwise. Better rub the extra oil out of your hair by using soft towels just as you would when drying it after a shampoo. Any powder in the hair is apt to absorb too much of the natural oil if used too frequently.

Tomorrow—Some Last Minute Helps

"Just Folks" by Edgar A. Guest

AS IT HAPPENS OFTEN

She baked hot biscuits in a pan
To suit the fancy of her man.

She set the table, and she stirred
The very custard he preferred.

She hummed a merry little song
And planned for him the whole day long.

She cooked a chicken in the style
Which always starts his broadest smile.

From morning till the day grew dim
She planned that dinner just for him.

Oh, do you wonder women weep
And grumble at the homes they keep?

With all this done for his delight,
He 'phoned: "I won't be home tonight!"

Queer Quirks of -NATURE-

A BIRD THAT LAYS EASTER EGGS

BY ARTHUR N. PACK
President, American Nature Ass'n.

Very sociable is this bird, a good mixer, always liking to be in a crowd. It was because of the sound, "murre, murre," which is their vocal utterance, that these birds were named.

The Murre belongs to the family Alcidae, to which also belong the Puffins and the Dovekies and other species found in the northern hemisphere, mostly on the Pacific coast. Most of their lives are spent at sea and they are good fliers, swimmers and divers.

They use both their wings and their feet in pursuing fish in the water, but they are very slow and awkward on land. As their feet are at the end of their bodies, it makes it rather difficult for them to walk.

They nest in colonies, vast numbers of them frequenting cliffs along the coast of the north Atlantic from New York to the Arctic regions. Occasionally they are found in the region of the Great Lakes, evidently having strayed out of their course.

The Murre lays but one egg. This she deposits on the bare rock. The egg is about the size of a hen's egg, and shaped something like a pear. Nature has cunningly shaped the Murre's egg to prevent it from rolling very far, and but for this wise provision most of the eggs would fall from the crags and ledges into the sea.

Hundreds of birds may be found incubating together, but every bird seems to know her own egg. Another queer quirk of nature is to be found in the appearance of these Murre eggs which resemble gayly colored Easter eggs. This probably serves as a means of identification to the mother.

A Murre mothering her own baby—and several of her neighbors', too.

Menus for the Family

BY SISTER MARY

BREAKFAST—Cereal cooked with chopped figs, thin cream, country sausage, chilled apple sauce, raised buckwheat pancakes, syrup, milk, coffee.

LUNCHEON—Casserole of vegetables, jellied tomato salad, whole wheat bread, caramel custard, milk, tea.

DINNER—Broiled porterhouse steak, French fried potatoes, baked onions, grapefruit and cabbage salad, bran rolls, canned peaches, crisp chocolate cookies, milk, coffee.

The onions are baked in their husks. Rub off any mud that may cling to them, place on an old pan and bake in a hot oven about fifty minutes. To serve open each onion at the top by pulling back the layers and drop a square of butter in the center.

Jellied Tomato Salad

One and one-half cups cottage cheese, 2 cups canned tomatoes, 4 whole cloves, 1 small onion, 1-2 teaspoon salt, 1 tablespoon sugar, 1 teaspoon peppercorns, 2 tablespoons lemon juice, 1 tablespoon granulated gelatine, 1-4 cup cold water.

Rub cheese through a sieve and season well with salt and pepper. Simmer tomatoes, cloves, peppercorns, sugar, salt and onion cut in thin slices twenty minutes. Keep saucepan covered. Strain through a purée strainer. There should be 2 cups to add to cheese to make the necessary amount. Soften gelatine in cold water ten minutes. Reheat tomatoes and add to the boiling point and stir in softened gelatine. Let stand until beginning to set. Fold in prepared cheese and lemon juice and turn into a mold first dipped in cold water and let stand several hours in a cold place to chill and become firm.

Unmold and serve on a bed of lettuce with French dressing or mayonnaise.

Sixteen elements make up your body

—so the scientists tell us. And that means sixteen elements must enter into every man's diet.

Here's the natural way to get them all

"Minerals and non-minerals"—"proteins, carbohydrates, vitamins, bran"—or whatever they may be called in the textbooks—you get them all in Shredded Wheat. That's because Nature put them all into a grain of wheat, and Shredded Wheat is all the wheat, steamed, shredded and toasted to please your palate.

Every time you breakfast or lunch on Shredded Wheat you are giving your body food as Nature intended it—in properly balanced proportions.

RELAY MAY DECIDE POLY CLASS MEET

Bear Hunting

By GEORGE BRIGGS

(Herewith, The Register presents the story of the most recent big game hunting expedition of George Briggs and Howard Timmons, Santa Ana sportsmen. The articles will appear daily in this newspaper.)

When Howard and Dick started out, John and I went in another direction but the wind proved wrong and we agreed to change about. Then, right in front of us in the snow, showed the fresh track of a grizzly. We saw the track at the same moment and there could be no mistaking the grizzly. It was cold so John and I were well wrapped in a lot of clothes but we began to get warm right away.

He proved to be an accommodating kind of bear for he went "up wind" and in the direction we desired to travel. Here and there he went 50 yards to the right, 40 to the left, around this bush and that, twice stopping to dig out gophers or squirrels but always in the same general direction—he just seemed to be wandering about in the sparce, waist-high brush.

Stripe For Action

Finally, the sign showing pretty fresh, I took off some of the cumbersome wind-proof clothes and stripped for action. We knew we must be close so we both watched intently, John mostly to right and ahead and I ahead and to left. Further and further we skirted along the tableland or barren with a spit of timber swinging in sharply on our right.

After much going, his bearship must have concluded he was far enough from cover for he swung sharply to the right which, if he continued it, would give him the benefit of the wind. This was bad because a bear has a wonderful nose and would be of no use to follow further.

John pulled in his horse and looked at me, instinctively I did the same and we both uttered about these words, "No use to follow further as he is sure to get our scent" and "from here where?"

Hate To Quit Trail

We hated to give up that bear and we cast a last sad look down the way he had gone.

"Gee" and I raised in my stirrups as John reached for the binoculars. At that moment our eyes became glued on something that didn't belong to the scenery. Our horses must have taken a step forward while we were talking for that object wasn't there when we stopped.

Instinctively we knew it was the bear we had been following but he

$52,000 RUTH CONTRACT WAS FEELER, CLAIM

BY HENRY L. FARRELL

NEW YORK, Feb. 11—Babe Ruth who roared clear across the continent his refusal of a $52,000 a year contract from the New York Yankees, will get just about what he wants on a new paper, it was believed in baseball circles today.

The estimate was that he would get more than $75,000 and possibly $100,000 if he plays his cards.

The $52,00 contract that was shipped to the Babe in Hollywood was only a "feeler" according to Colonel Jake Ruppert, owner of the Yankees.

"According to baseball law, Ruth would have been a free agent if he didn't get his new contract before February 15 and we sent him one just as a formality pending a conference with him," Ruppert said.

Broadway was of the opinion that it is all ballyhoo to get Ruth some space ahead of Ty Cobb and Tris speaker.

BANTY BOXING BOUT OUTCOME INVESTIGATED

NEW YORK, Feb. 11.—Charges that 'inside business" was done before the recent bantamweight championship fight between Charley Rosenberg and Bushy Graham were being investigated today by the New York Boxing commission.

Rosenberg and his manager, Harry Segal; Graham and his manager, William Parr, and Tex Rickard, William Carey, William Walters and Jess McMahon were subpoenaed to tell what they know about the manipulation of contracts entered into, between the managers of the two boxers.

On the surface it was charged that the rules of the commission covering contracts for the purses in championship fights were violated but underneath an effort will be made to learn how much, if any, the big gamblers cleaned up on advance information.

Rosenberg was four and a half pounds overweight and forfeited the title before he entered the ring, but he won the decision from Graham and the title was declared vacant.

The rules of the commission provide that 37½ per cent of the receipts shall be paid to the champion in a championship match and 17½ per cent to the challenger. The commission, however, charges that a second contract between the managers was drawn giving Graham only five per cent of his purse.

Segal, Rosenberg's manager, virtually admitted such an arrangement was made and claimed it a common practice for a champion to get a kick-back from the challenger for risking his title.

He claims the Mandell-Kansas lightweight championship fight and the Walker-Flowers middleweight championship fight had to be underwritten by the challengers.

ACE HUDKINS SUSPENSION CASE POSTPONED

SAN DIEGO, Feb. 11.—Due to the absence of Ace Hudkins and his brother-manager, Clyde Hudkins, the state boxing commission postponed action yesterday on the Nebraskan's suspension case, invoked by the Kansas Boxing commission for alleged fight "sloughing," until this morning when the principals will be present.

Official sanction for the rematching of Oakland Jimmy Duffy and young Harry Wills of San Diego at Oakland on February 15, was made.

Applications for licenses to operate fight clubs were received from the cities of Redding, Martinez and Bishop.

LOCAL CAGERS HIT ROAD FOR TILTS TONIGHT

Coach Walter Scott takes his Santa Ana junior college basketball tea mto Ontario tonight for a conference game with Chaffey junior college. The regular lineup will be used, it is expected, except for the absence of Captain Donald ("Squeek") Squires who is ill and has not been in school for several days.

Squires may be out for the rest of the season, it is feared.

For the starting lineup, Frank Labrucherie and Faris Edgar are slated for the forward jobs, Wilbur Allee for center, James Smith and Russell Kokx for guards.

In the first found of the Southern California junnor college playoffs, Santa Ana won a hectic 25 to 24 victory over the Chaffey quintette and from forecasts, Santa Ana is in for another hard battle with the Ontario collegians tonight, if second place in the league is to be retained by the Dons.

The combination that Coach Scott intends to start will be changed to allow some of the bench players, notably Melvin Harter, tall center, who played an aggressive game against Fullerton last Wednesday, to get into action. Others who may be given the nod by Scott are Roy Soughers, Ralph Rozelle and Audrey Reinhardt.

Santa Ana high school hoopsters also hit the road tonight, playing two games at Pasadena. The Class C. aggregations tangle at 7:30 o'clock and Poly must win to retain its stand at the head of the league, undefeated. The varsity improglio that follows will mean more to Pasadena than to Santa Ana because the Millionaires still have a gambler's chance to win the Coast Preparatory league title.

Santa Ana and Pasadena Class B teams met here this afternoon.

A hole in one is the big thrill in the life of every golfer.

It is the no-hit game of baseball, a run for the length of the field for a touchdown of football.

True, luck is more or less the deciding factor, but the drive must be straight for the pin to turn the trick. A hole in one does not necessarily signify class. Many a novice has performed the feat.

Jock Hutchison is one of the leading golfers who has qualified for membership in the hole-in-one club. He has two to his credit.

It is an interesting coincidence that both of Hutchison's holes in one were made on the St. Andrews links. He first turned the trick on the St. Andrews links just outside of New York, while the other hole in one, was made in the British open in 1921 on the St. Andrews links, Scotland. He almost repeated. Here is how Jock told the story to me:

"Lots of players have made a hole in one in exhibitions but seldom in national tournaments.

"In 1921, the year I won the British open, I made the eighth hole in one. It is a short hole and my drive was straight for the pin. Imagine my surprise when I discovered I had holed out.

"The ninth hole at St. Andrews is a trifle better than 300 yards. Elated at my success in making the eighth hole in one, I took a healthy cut at the ball and got off a beauty that I knew must have carried to the green.

"Reaching the green, I discovered that my ball was within three inches of the pin. The ball had carried to the pin with unerring accuracy, struck it, and rebounded a few inches. Those standing around the green said it would have dropped in for a one had the pin been removed.

"I have always regretted it did not. Making two successive holes in one in the British open would have given the boys something to shoot at."

SEATTLE ADDS STRENGTH FOR P. C. L. CHASE

SEATTLE, Feb. 11.—Several new names will be seen on the roster of the Seattle Indians this spring which, added to the team "Red" Killefer was building up last season, should put the club in a better position to strike for the first division than last year's feeble effort.

Seattle was weak in both hurling and slugging last season and every effort has been made by Charlie Lookard, president, to bolster the club. In all, five pitchers, three infielders and an outfielder from other clubs are slated to appear at training camp as possible regulars, from outside aggregations.

Lockard said dickers with major league clubs for more hurlers have not yet been completed, but two moundsmen from the Boston Braves and one from another major league club, yet unnamed, will be added to the staff.

Get White Hose Hurler

Jimmy Edwards, bought outright from the Chicago White Sox, is slated to take the place of Jim Elliott, Seattle's leading pitcher last year, but reclaimed by Brooklyn. Johnny Powers, an Occidental college product, and "Lefty" Hatfield, also of Los Angeles, will get a tryout.

The hurling staff will have three last year men, Cliff Best, Johnny Miljus and Herb Brett. Wilbur Peters, Ed Brandt and Sid Martin are other hurlers who have been with the club before and figure to draw regular assignments.

Punch in slugging is expected to be supplied by "Bid" Purdy brought from the White Sox. He is reported to be fast on his feet and a heavy hitter. He will replace Bill Lane in centerfield and may also take Lane's place as lead-off man.

Hudgens To Play First

Jimmy Hudgens, who played first base and hit .328 for Minneapolis last season, is being counted on to keep pace in the Coast league. He was obtained from Cincinnati last season but returned to Minne-

Sometimes they are plucked for the majors before they are ready. Which probably is the case with Arnold John Statz, recently drafted by the Brooklyn Superbas. It will be his fourth big league trial.

Statz, it will be recalled, was a 21-year-old phenom with the New York Giants in the spring of 1919. With Holy Cross he attracted the attention of all of the major league scouts. As frequently is the case, the Giants put out the biggest bonus and Statz became a member of McGraw's champions.

But McGraw is a manager who desires immediate delivery. Statz was not yet ripe for the big show, as a brief trial in the spring of 1920 convinced McGraw that the Holy Cross youngster was several years away.

When the waiver signal was sent out on the collegian, the Red Sox claimed him, but the American leaguers reached the same decision as McGraw, not ready, so the idol of Holy Cross was dropped to the minors.

Statz was placed with Los Angeles in the Pacific Coast league. He played in 101 games in 1920. The following season he finished with an average of .310 for 153 games and stole 53 bases. He was again recommended as big league material.

The Cubs paid the price for Statz. He had three years of it in the National league but his light hitting again relegated him to the minors.

Another trip to Los Angeles for John Arnold—two more years and now he returns to the Brooklyn Superbas via draft. Statz has drawn high praise from Manager Marty Krug, who says:

"He's the equal of Tris Speaker as an outfielder. I can say no more."

Walter Hagen, most famous of all professional golfers, has one ambition that he yearns to put over. Strangely enough, it has nothing to do with golf. He wants to hunt big game in Africa.

"I want to know the thrill of shooting a big bull elephant when he's charging at you. I want to know the sensation of stopping a tiger in mid-leap." There you have Hagen's pet hobby.

He will get the big chance shortly. Recently he received a fine offer to play some exhibition golf at Johannesburg and Cape Town and he has decided to accept.

FINAL EVENTS POSTPONED TO NEXT TUESDAY

Records Thus Far Mediocre But Coach Oliver Thinks Squad Has Possibilities

That the relay race, the last event on the program, will determine the winner of the annual Santa Ana high school novice interclass track meet was considered likely today as seniors, juniors and sophomores marshaled their forces for the concluding series of contests.

Final track events will be held next Tuesday, Coach "Tex" Oliver announced today. The meet was to have been finished during the morning assembly period yesterday so that the student body might attend as a unit but this was found impracticable at the last moment.

The junior class, led by Captain Jack Blakeney, holds a seven point lead over the seniors but the graduates are conceded a slight edge in the remaining running matches and a thrilling finish, with the title hinging on the outcome of the bat-on-passing affair, would not surprise the coaching staff.

Juniors already have piled up 27 1-2 points as against 21 1-2 for the seniorss and 4 for the sophomores.

Instead of allowing but one place in the relay, three places are to be given, Coach Oliver said. Points of nine, six and three will be awarded. Each class will be permitted to enter three teams. Thus any of the classes might cop all three places and be credited with all the 18 points.

While no outstanding marks have been established thus far during the course of the meet, the jumps of 5 feet, 4 inches by Reither and Jerome being the only exceptional records, Oliver believes he has some fair material to work with. Lettermen have not been permitted to compete in the class competition.

WILLARD CAGE FIVES SPLIT WITH ORANGE

BY BURDETTE HEINLY

Frances E. Willard junior high school intermediate and midget basketball teams broke even with Orange grammar school quintettes yesterday. The local intermediates, thanks largely to Kneeland and Lindley, came from behind in the closing minutes to win, 11 to 10, but the midgets were nosed out, 8 to 5. The lineup:

Willard (5)		(8) Orange
Regla (4)	F	(6) Clemet
Doville (1)	F	(2) Melvern
Spurgeon	C	Quinn
Nichols	G	Stanfield
Winchell	G	Reeves

Substitutions: Willard—Frisbie for Doville, Clark for Nichols, Nichols for Winchell, Doville for Frisbie.

Kneeland (3)	F	(1) Carvajal
Lindley (5)	C	(2) Richardson
Herren (1)	G	(1) Hedley
Higashi	G	Peterson

Substitutions: Willard—Granger for Lindley, Lindley for Herren, Herren for Granger, Quon for Higashi, Higashi for Quon.

MUSHY CALLAHAN IS DEFEATED BY MYERS

CHICAGO, Feb. 11.—Spug Myers, a shifty, hard hitting Pocatello, Idaho, boxer, last night earned a clear decision in 10 rounds over Mushy Callahan, Los Angeles, holder of the junior welterweight title. The championship was not at stake.

The two mixed freely in the early rounds and in the fifth Callahan shot over a right cross which staggered Myers. He was up after a count of five. From then on the Idaho fighter had a wide edge and in the ninth round the champion was hanging to the ropes.

Borah, Champion Sprinter, Is Ill

LOS ANGELES, Feb. 11.—Charles Borah, University of Southern California sprinter, is ill with the flu and may not be able to participate in Trojan track and field events the first part of the coming season, it was said today. Borah won the National A. A. U. 100-yard championship last year.

Lathrop, Willard Divide Net Honors

Julia C. Lathrop and Frances E. Willar junior high schools divided honors in their tennis singles tournament yesterday. Gaspar, Lathrop, took the measure of Rutledge, Willard, 4-6, 6-2, 6-4, but Patterson evened matters for the North Main street institution by trouncing McChesney in a hard fought match, 11-9, 7-5.

BEAR HUNTING WITH GEORGE S. BRIGGS

(Continued from Page 25)

looked small and round. The glasses showed he was curled up like a dog and subsequent inspection that he had scratched out a place in the snow and dirt and was probably asleep.

We got off the horses. I took my heaviest coat off and walked 25 or 30 steps when, even in his sleep, that hated man-scent must have come to him for the bear half arose on his front feet, his hind quarters on the ground, and stared at us.

Shoots Off-Hand

Hardly any brush was between me and the bear and I should have taken a knee rest but I shot off-hand at probably 175 or 200 yards. I didn't see the bullet hit but I knew I had missed and was certainly surprised when the bear, unfrightened, sat upright.

I shot again, rather hurriedly, but to my chagrin saw the 180 grain bullet plow up the dirt eight or ten feet in front of the bear-another clean miss.

By this time the bear evidently had made us out and concluded "discretion the better part of valour" for he got a hump on himself and was running nearly broadside on through the few scattering brush before I could again shoot.

Immediately it came to me that if I was to get that bear I must do better shooting so I pulled myself together, took what time I could, followed him with the bead until he reached an open space and this time, thank goodness, I landed good and hard.

apolis when he was spiked and developed a rheumatic hand. He is reported to have completely recovered now.

"Brick" Eldred, a veteran with the club, will be back in right field and Jackie Sherlock, who had major league scouts eyeing him last year will return to shortstop. To replace Ted Baldwin, a third baseman who was sold to the Phillies, "Pel" Ballenger, who hit .308 for Columbia in the American association last year has been purchased. Dan Jesse, a promising rookie will be Ballenger's understudy.

A San Francisco youth, "Chick" Ellsworth, will get the second sack. Cliff Brady who held down the bag last year is on the market. Bob Malone and Ned Davis, two Los Angeles youths, will get trials in the infilled during the training season. Two utility fielders, one of whom will probably be sold, are Paul Easterling and "Fuzzy" Hufft.

Joe Jenkins and Earl Baldwin, both veterans, will do the receiving and Frank Read, of Oakland, who had a taste of class AA baseball last autumn, will start with the club.

The Perfect Shortening

Makes Perfect Baking and Cooking

Cudahy's Puritan Lard is 100% pure leaf, rendered in open kettles and slowly chilled in the package.

This gives Puritan its superior quality and that necessary grainy texture which insures perfect mixing with all baking ingredients. As it contains no moisture less is required.

Puritan makes light, fluffy fine grained cakes and pies with rich, tender, flaky crust that melts in the mouth.

For deep frying Puritan again excels. The golden brown seal which it quickly forms around the food keeps in the natural flavor. Greasy foods are unknown to the users of Puritan.

Puritan Lard does not smoke at cooking temperature. It does not absorb food flavors and may therefore be used again and again.

Use Puritan for best results. "The Test Tells."

JOIN NAVY AND SEE MOVIES IS LATEST OFFER

WASHINGTON, Feb. 11.—Adventurous American youths who have felt the urge to become sailors and see the world now have the added inducement to "join the navy and see the movies."

The navy says that it has become the largest motion picture distributor in the world, having 1200 complete eight-reel programs in duplicate and 150 in triplicate and almost 5000 reels of short stories, comedies and cartoons.

Simultaneous with the release of features to the large theaters, the navy starts two prints of them on circuits from the east and west coasts on which the films travel three years before returning to storage. The reels go from ship to ship until every vessel of the fleet has had its turn, then, after an overhauling, they go the rounds of naval stations.

The navy motion picture service is under direction of the bureau of navigation's training division. Before a film is leased it is screened and revised by representatives of the training division, which makes an effort to distribute the most popular type of films.

Reports to the navy department indicate that feature comedies make the biggest hit with the American sailors, ashore and afloat. Next in popularity are features with strong action factors, and the navy's third choice is the animated cartoon.

While reviews, late news reels and short comedies are in demand, the department reports that the bluejacket prefers to do his own sightseeing and doesn't care for scenic films. Screen snapshots also are on his "not so good list."

Movies have become so popular with Uncle Sam's sea fighters that every ship in the navy, with the exception of submarines, and all shore stations rate at least one projection machine, two shops are maintained for repairing them and six weeks' training is furnished for men detailed as operators.

BERLIN PLANS FOR WINTER TOURISTS

BERLIN, Feb. 11.—It is a small percentage of American travelers who visit Berlin in winter, but for those who do and for such other tourists as put in an appearance during thecold season the travel agencies have provided the maximum of sight-seeing comforts.

The latest type of "rubberneck" busses which whirl visitors about the streets of old and new Berlin and out to Potsdam are veritable little crystal palaces, glassed in all around their heated, plush-seated iuteriors, with window settings so thin that a virtually clear, unobstructed vision is afforded every occupant.

As Berlin architecture is not of the skyscraping type, the roofs are not wholly of glass, as would befit similar vehicles in American cities whose most striking features are their towering buildings, but nevertheless the other sections of the overhead superstructure on these busses are left transparent, giving an upward slant to the vision that admits of the topmost limits of any building within the Berlin area being easily taken in by the traveler.

Law In Montana Would Prohibit Carrying Guns

HELENA, Mont., Feb. 10.—Montana seems destined to pass out of the picture as part of the "wild and woolly west."

Gun-toting may become a felony. Men who recall the days when to go outside the house without a six shooter strapped about the waist was to invite sudden and violent death, look askance at a bill proposing that any person who goes armed without permission of authorities becomes an outlaw.

In the old days, a gun was a necessity, even at work. Wild animals, Indians and later outlaws marked the unarmed man for prey.

ROGER BACON'S ELIXIR OF LIFE FOUND IN BOOK

PHILADELPHIA, Feb. 11.—Roger Bacon, Franciscan monk and scientist of the thirteenth century, had a formula which he offered as an exilir to prolong life.

This is revealed by Dr. Robert Belle Burke, dean of the college of the University of Pennsylvania and professor of Latin, who has just completed the first translation into a modern language of Bacon's "Opus Majus."

The two volumes of 800 pages written in Latin have been translated into English, the work requiring four years.

Bacon's "Elixir of Life" contained many ingredients, but it was valueless, Dr. Burke said. The ingredients included gold, refined to an extreme purity; ambergris, pearl, the Tyrian serpent, from which Bacon said the ancients obtained the antidote against poison known as "Theriaka"; dragon flesh, and the plants rosemary and aloe.

"The elixir of life which Bacon so carefully formulated," said Dr. Burke, "opened the field of medical research, and while it has no value as a means of prolonging life, it gives us a picture of the credulity of the age."

Written by Bacon at the request of Pope Clement IV in 1266, the "Opus Majus" is a resume of the learning of the thirteenth century and is almost encyclopedic in its range. It formerly was consulted by classists competent to translate Latin. The English translation, Dr. Burke said, would make the work of interest to a much larger group of scholars and students of Bacon.

"The work is of importance," Dr. Burke explained, "because it is the beginning of scientific research among scholars. Bacon was the first to reject the Aristotelian method of arriving at conclusions of fact entirely by reasoning. He was the first to realing that many truths can be found only by scientific experimentation, and he hoped to serve the Catholic church by using science as a powerful tool to further its ends."

HERE'S BIG WORRY FOR POOR HUBBIES

LONDON, Feb. 11.—Husbands who complained so much 10 years ago about being nothing but hookers-up are alarmed by advanced tips from Paris which indicates that married men who cannot afford to provide their wives with personal maids will soon be buttoners-up.

Small-waisted gowns are coming in a rush with small buttons—30 or 40 or them. The day of the slipover is gone, and the button-maker is to have his inning. Many of the spring gowns will fasten up the back with tiny cloth-covered buttons and loops. Some of them will have buttonholes far out of the reach of the wearer.

Afternoon gowns, teagowns, evening and dinner gowns will all carry buttons from a high neck to a long waist. The latest mode is to preserve an unbroken front line in fitted, semi-fitted and straight-line bodices.

Prussia Plans War on Goitre

BERLIN, Feb. 11.—The Prussian government proposes to combat the alarming increase of goitre by inducing fertilizer concerns to include salts in various patented fertilizers. The extraordinary procedure is outlined in a report of Director Krohne of the health department who requests the Prussian diet finance committee for a 50,000 mark appropriation to combat the spread of goitre. Since iodine is considered a specific for the affliction. Director Krohne said, that the cropping up of the disease is directly traceable to the substitution of German chemical fertilizers for saltpeter which used to be imported from Chile and which contained iodine. Plant food now contains little or no iodine, he said, as a result of the change in fertilizers.

CALLAHAN IN CHICAGO

CHICAGO, Feb. 11.—Mushy Callahan, junior welterweight champion, will make his first appearance in a Chicago ring tonight against "Spug" Meyers, hard hitting westerner, in a 10-round bout.

COULDN'T BEAT TRIO

NASSAU, Bahamas, Feb. 11.—A crack male golfer can defeat two girl stars at once, but not three. Bobby Jones won from the best ball of Glenna Collett and Maureen Orcott last summer. Now Jock Hutchison has been defeated by Glenna, Miss Helen Payson and Mrs. E. A. Travey, although he did a 79.

POLAR BEAR ON ICE AFFORDING GOOD HUNTING

ST. MICHAELS, Alaska, Feb. 11.—Heavy weather, with tremendous ice floes in Bering sea, promises the natives of Kotsebue sound the most favorable polar bear hunting in a generation. A good market exists this year for the white pelts, and these arctic nomads are so plentiful that a good catch is expected.

The white king of the northern regions is a combined hunter-sailor-hobo. He has no fixed habitat, but goes where food is most plentiful, coming down with the ice pack of the north when the seals, walruses and whales move. Unlike any other animal, he keeps to the ice, and will seek shore only when cut off from open water.

Best Swimmer of Animal World

He is the best swimmer of the animal world. Loose-jointed, ungainly, silly looking, with a skin that fits badly, the white bear is nevertheless, very fleet of foot. Often he is not pure white, many possessing yellow, brown and black spots on hips or back. The flanks and legs are covered with hair, sometimes 10 to 12 inches long.

The natural food of these aquatic animals is the seal, and Nature has helped them hunt by providing a coat to harmonize with the surrounding landscape. The bear has been provided with a coal-black nose, which he cunningly hides, declare the Eskimos, when stalking a victim, by placing a paw over it.

Often Capture Seals in Open Sea

They often capture seals in the open sea. Detecting a bunch of them floating on the surface, the bears dive and swim deep under water. Noiselessly they come right under the seals, one of which is almost certain to become bear meat.

Polar bear pelts are of little worth in the north. Only the largest and whitest ones are commercially valued for rugs and furs. From $40 to $75 at Nome, their value increases to $125 to $250 when brought to the states.

The north Alaska bears are untidy or greasy, and their flesh is so rancid that even Eskimos eat it only when nothing else may be found. There is no lack of polar bears in the arctic, because they range an area where men seldom appear.

Gum-chewing Bear Gets Job In Films

SANDY, Ore., Feb. 11.—Bruin, a little bear that is known to everyone who has visited Mount Hood during the last few years, because of his penchant for chewing gum and chocolate bars, got too naughty around Government Camp. Being naughty got Bruin a good job in the movies at Hollywood. Bruin broke loose too often at Government Camp, and his owners decided to send the little child of the mountains south.

DEFENSE RESTS IN FORD STOCK SALE TAX CASE

WASHINGTON, Feb. 11.—Counselor Senator James Couzens and associates in the $36,000,000 Ford stock sales tax case, rested late yesterday. The board of tax appeals, hearing the case, immediately adjourned until Monday, when the government will open its case.

The feature of yesterday's testimony was the presentation of nine "mystery letters" from files of the internal revenue bureau, dealing with the $36,000,000 assessment.

The "mystery letters" turned out to be mostly routine internal revenue correspondence about the tax case and during the reading of one of them, Commissioner Sternhagen, member of the board hearing the case, objected that it was "silly" to take up time reading them.

Internal Revenue Commissioner Blair testified he had not personally handled the stock sale case and did not know whether any reply had been made to Senator Watson's letter.

Blair said the investigation leading to the additional assessment in the stock sale really resulted from an article in Ford's "Dearborn Independent," saying Ford always paid his taxes and urging others to do likewise. Blair added, however, he had never heard of the Couzens-Ford tax agreement until he went to Senator Couzen's office to ask him to sign a waiver on the statute of limitations. Blair explained the tax asssessment had been questioned, but it was not decided whether to take action, and he desired the statute waived until the decision was made. Couzens refused to sign the waiver, Blair explained, and thereupon the internal revenue bureau levied the additional assessment on the senator and his associates.

Couzens told him, Blair said, "that the man to go after was Ford.

BIRGER MUST FACE CHARGE OF MURDER

MOUNT VERNON, Ill., Feb. 11.—Charley Birger, the "machine-gun Charley," of Southern Illinois gang fame, must face a charge of murdering Mayor Joe Adams, of West City, at Benton, it was decided in circuit court here.

The court overruled a petition for a writ of habeas corpus and Birger—minus his machine-gun and other army trappings—was started for Benton.

Birger had dodged going to Benton since late in December, when the indictment was voted against him. He even resisted being taken from the Saline county jail, yesterday, by sitting calmly in the jail cell, fingering a machine-gun.

Negro Happy at Escaping Noose

FRESNO, Feb. 11.—Relieved because he escaped the death penalty, Lewis Pearson, negro bootblack, convicted murderer of Bourbon Palmer, railroad porter, was almost jubilant in his cell in the county jail, here today, as he awaited sentence of life imprisonment in the state penitentiary, which is scheduled to be pronounced Monday.

Pearson was found guilty by a jury of 12 white men, after nearly nine hours' deliberation. He killed Palmer last Thanksgiving day, and his defense was the unwritten law.

Superior Judge Frank Lamberson, of Visalia, will pronounce the sentence.

MAN WHO CARRIED $28,800 IS MISSING

LOS ANGELES, Feb. 11.—Investigation into circumstances surrounding disappearance of Howard H. Hunter, 50, a railway executive, of Dallas, Tex., was under way by police here today, after relatives expressed belief that Hunter had been murdered.

L. M. Sewall, of Pasadena, a second cousin of the missing man, told police that Hunter left a hotel here, on February 2, carrying on his person $28,800 in cash and securities. According to Sewell, Hunter was accompanied by two men.

When Hunter failed to arrive in Dallas, a friend, Ruth Cary, communicated with Sewell, saying she had received a letter, purportedly from Hunter, but which was not in his handwriting.

The letter said that Hunter had changed his mind and was making the trip overland by auto, instead of by rail. The missive had been tampered with and was turned over by Miss Cary to postal authorities at Dallas, who are conducting an independent investigation, Sewall said.

Shovel King Pays Show Girl $50,000

PITTSBURGH, Feb. 11.—A check for $50,000 from John W. Hubbard to Anne Caldwell, erstwhile show girl on Broadway, today brought an end to the girl's breach of promise case.

O. K. Eaton, counsel for the shovel king, today handed over the check to Earl Reade, counsel for Miss Caldwell, thus indicating that he will not take the case to the circuit court of appeals.

In addition to the $50,000 award to Miss Caldwell by a federal court jury, on Dec. 10, 1926, Hubbard paid $944.49 court costs.

Red Cross Sends Aid to Nicaragua

MANAGUA, Nicaragua, Feb. 11.—Representatives of the Rockefeller foundation and the Red Cross were hurrying to Chinandega today, in an effort to prevent pestilence in the town where 400 persons were reported killed and more than 600 wounded, during a battle between Conservatives and Liberals. Women and children and other non-combatants were among the killed, dispatches said today, and many of the bodies still lay unburied.

NEW MOVE FOR WORLD COURT NOW EXPECTED

WASHINGTON, Feb. 11.—Senate irreconcilables, who were singing a jubilant "swan song" today over the World court, are expecting a movement seeking acceptance by the United States of changes asked by Great Britain in American reservations to entry.

Such a movement, it was made plain, will not come from the senate, since administration leaders joined with irreconcilables in declaring that the request of Great Britain for revision of American reservations ends the court, as far as the United States is concerned.

Senator Reed, Democrat, Missouri, who stood with Senator Borah, Republican, Idaho, in fighting the court, predicted any such movement would fail, "since the people are at last aroused."

"English statesmen," Reed declared, "recognize the foolishness of the reservations that put us half way in and half way out. It is very fortunate for us."

The movement for accepting changes suggested by Great Britain and others is expected to come from some of the organizations which prompted ratification of the World court protocol.

The administration leader in the campaign for World court entry, Senator Lenroot, Wisconsin, said the British request "settles the matter."

"We'll stay out of the court as long as any nation takes the view of the British government. The reservations were made to protect the rights of the United States and we could go in the court only if they were accepted as voted by the senate."

Senator Moses, Republican, New Hampshire, irreconcilable, commented:

"Let us now arise and give three lustry cheers for John Bull, the saviour of America."

BATTLE LOOMS ON WATER DOCTRINE

SACRAMENTO, Feb. 11.—A state-wide battle over the newly-proposed state doctrine of water rights loomed in California today.

Apparently deadlocked over a decision on the proposed new constitutional amendments, the state legislature's water commission members quit and went home yesterday, after calling a meeting here next Tuesday.

The questions on which the legislators were unable to reach a decision were over the following points:

Declaring surplus waters of California rivers the property of the state, and their conservation and distribution subject to state control.

Establishment of a state tribunal of water rights, with powers equal to those of the state railroad commission, to investigate and determine water right claims.

The meeting of the commission here came to a sudden close, after it was apparent that no decision could be reached at this time, until the members had an opportunity to probe the far-reaching effects of the proposed measures.

Governor Buys New Automobile At Own Expense

SACRAMENTO, Feb. 11.—Governor Young has bought a new automobile.

Upsetting a precedent followed by California's last three governors, of using an automobile bought and equipped by the state, the governor paid for his new machine, a heavy six-cylinder sedan of popular make, out of his own pocket.

The ancient gubernatorial car, used by Govs. Hiram Johnson, William D. Stephens and Friend W. Richardson, will be turned over to the board of control for other state use.

FORMER BANKER IS SENTENCED TO PEN

LOS ANGELES, Feb. 11.—Irvin Gordon, former vice president of the Pasadena National bank, has been sentenced to serve two and one-half years, on each of nine counts, in connection with charges of misapplication of $72,000 of the bank's funds.

Sentence was passed by Judge McCormick, to run concurrently, after Gordon had been found guilty by a jury. The former banker posted $10,000 bond, pending an appeal to the district court.

James A. McEniry, former vice president of the Corona National bank, co-defendant with Jordon, pleaded guilty to the charge and will be sentenced Monday.

SMITH PLACES BOULDER DAM DELAY ON UTAH

WASHINGTON, Feb. 11.—Responsibility for failure to obtain action in the house on the Swing-Johnson Boulder dam bill was placed on Utah, in a statement by Chairman Smith, of the house irrigation and reclamation committee.

Smith said Utah's withdrawal from the Colorado river conference was responsible for refusal of the rules committee to give the bill a privileged status in the house.

"It is earnestly hoped," said Smith, "that Utah may come into the compact without delay, which would doubtless insure the consideration and passage of the bill in the house next week."

Sees Opposition to Sale

Smith said he believed three-fourths of the members of the house and two-thirds of the members of the senate were opposed to any plan whereby the government would relinquish the sale of hydro-electric power and of water for irrigation and domestic purposes.

"The failure of this legislation at this session of congress may mean that the improvement of the Colorado river may be made under the federal water power act, which would mean the turning over of this great resource and asset of the people to private capital for exploitation.

"If the government retains its control of this site and builds the power plant, it will result in the reinbursement to the government of the money expended within a reasonably short period of time, and after this has been accomplished, the income would be apportioned by congressional authority to the states in that section of the country for further development or as an income to the state amounting to many millions of dollars annually for all time.

Guarantees to Upper Basin

"This bill carries a provision, inserted by the committee at the instance of Utah, providing for the expenditure of a quarter of a million dollars for investigation and engineering survey and plans before the rules committee, members attached a great importance to the fact that Utah had withdrawn from the compact on account of rejection of the Leatherwood amendments, which propose to turn the development of power over to the hydro-electric power interests, although members of the irrigation committee were assured that the amendment introduced by Representative Cotton absolutely guarantees to the upper basin states the quantity of water stipulated in the compact.

"This leaves Utah in the very unenviable position of preventing the enactment of legislation which would authorize the expenditure of $125,000,000 during the next five years in the improvement of the Colorado river and bring great activity to that section and result in a more rapid development of the resources of the southwestern portion of the United States."

NEW HARBOR MANAGER

LOS ANGELES, Feb. 11.—Franklin B. Cole was preparing today to take over his duties as general manager of the Los Angeles Harbor department, to which position he was appointed by the board of harbor commissioners. Cole was chief engineer of the Greater Harbor Committee of 200. He will succeed Charles H. Spear, who resigned as harbor manager because of illness.

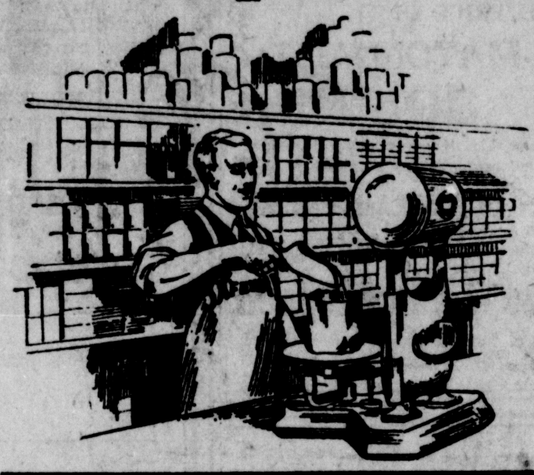
The Importance of Accuracy



Early in the Safeway Man's training he is taught the importance of being absolutely accurate in weighing, measuring or counting the articles of food that you buy at our stores and markets. He is impressed with the fact that carelessness in this particular is almost criminal and will not be tolerated. In order to save your time and enable him to serve you more rapidly and efficiently he is trained to weigh and wrap up in convenient size packages, and have ready for delivery, many staple items that are not subject to deterioration. This practice not only saves you time, but, because the weighing is done when the salesman is not rushed, insures greater accuracy. This is only one of the hundreds of time saving practices in our system of merchandising which help us to quote prices like those below.

RESOLUTION OF INTENTION
No. 1126

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF SANTA ANA, CALIFORNIA, DECLARING THEIR INTENTION TO ORDER THE PAVING AND OTHERWISE IMPROVING OF A PORTION OF FRUIT STREET AND OTHER STREETS IN SAID CITY; DECLARING THE SAID WORK OR IMPROVEMENT TO BE OF MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT; DECLARING THE DISTRICT TO BE BENEFITED THEREBY AND TO BE ASSESSED TO PAY THE COSTS AND EXPENSES THEREOF; DETERMINING THAT BONDS SHALL BE ISSUED TO REPRESENT SAID COSTS AND EXPENSES; AND FIXING THE TIME AND PLACE FOR HEARING OBJECTIONS TO SAID WORK OR IMPROVEMENT, OR TO THE EXTENT OF THE DISTRICT TO BE ASSESSED, OR BOTH:

The Board of Trustees of the City of Santa Ana, pursuant to the provisions of the Improvement Act of 1911 and the Improvement Bond Act of 1915, and amendments to said acts, do resolve as follows:

SECTION 1. That the public interest and convenience requires, and it is the intention of the Board of Trustees of the City of Santa Ana, California, to order the construction of the following described work and improvement in said city, to-wit:

In, on and along the following described portions of public streets all within said city, to-wit:

(a) Fruit Street from the center line of Garfield Street to the easterly line of Poinsettia Street, and from the Easterly line of the Southern Pacific Railway Company's right-of-way to the center line of Grand Avenue;

(b) Santiago Avenue from the westerly extended north line of that portion of Fruit Street lying east of Santiago Avenue, to the northeasterly extended northwesterly line of that portion of Fruit Street lying southwesterly from Santiago Avenue.

(c) Logan Street from the north line of Fruit Street to a line ten (10) feet north of and parallel thereto.

(d) Lincoln Avenue from the north line of Fruit Street to a line ten (10) feet north of and parallel thereto.

(e) The West one-half of Grand Avenue from the Easterly extended north line of Fruit Street to a line ten (10) feet north of and parallel thereto.

Excepting however from said work and improvement such portions of said streets as are already paved to the official grade.

The work to be done and improvement to be made upon and along the above described portions of said streets shall be as follows:

The grading and paving of the above described streets from curb line to curb line and where cross streets, avenues or alleys intersect or terminate in the above described streets, the grading and paving shall extend beyond the curb lines and across the sidewalk reservations to the extended property lines of the said streets, and the grading and paving from the street face of the curb to the street edge of the sidewalk of all driveways; as shown on the plans.

The grading and paving shall consist of the grading to a sub-grade six inches below the finished grade as shown on the plans, and the construction thereon of a six-inch Asphaltic Concrete Pavement, consisting of a four-inch Asphaltic Concrete Base overlaid with a two-inch Asphaltic Concrete Wearing Surface, as shown on the plans; the excavation for and construction of cement concrete curbs upon and along the above described streets, where curbs do not now exist and where replacements are to be made, as shown on the plans; the excavation for the construction of cement concrete sidewalks upon and along the above described streets where sidewalks do not now exist and where replacements are to be made, as shown on the plans; the excavation of trenches and the furnishing and laying therein of Salt Glazed Vitrified Clay Sewer Pipe, consisting of mains and laterals of such diameters, laid to such depths and at such locations as shown on the plans; the excavation for and construction of Concrete Sewer Manholes, at locations and as shown on the plans; the excavation for and construction of a Concrete Sewer Flush Tank, at the location and as shown on the plans; the excavation for and construction of a Reinforced Concrete Culvert at the location and as shown on the plans; the excavation for and the Reinforcing of existing irrigation pipes, with a Portland Cement Concrete Encasement, at the location indicated on the plans; together with such other incidental work or improvements as set forth in the plans and specifications; excepting, however, from all of the aforesaid work such portion as is required by law to be kept in order or repair by any person or company having railroad tracks thereon.

PLANS, PROFILES, CROSS-SECTIONS AND SPECIFICATIONS

SECTION II. All of the foregoing work is fully set forth, delineated and described on plans, profiles and cross-sections on file in the office of the City Engineer and the specifications for Assessment District No. 126 are now on file in the Office of the City Clerk, which plans, profiles, cross-sections and specifications were adopted by Resolution No. 1711 on the 20th day of December, 1926, by the Board of Trustees of the City of Santa Ana, as the plans, profiles, cross-sections and specifications for said work and improvement.

That said plans, profiles, cross-sections and specifications are hereby referred to for a full and detailed description of said proposed work and improvement, and by reference are incorporated in this Resolution of Intention, the same as though set forth in full herein.

CHANGE OF GRADE

SECTION III. The grade to which the work shall be done and the improvement made which is provided for in this Resolution shall be different from the official grade, which has heretofore been formally established, and such different or new grade shall be shown on the profiles therefor on file in the office of the City Engineer, to which said profiles reference is hereby made for the description of such grade.

DESCRIPTION OF BONDS

SECTION IV. The said Board of Trustees does hereby declare that the said proposed work and improvement is made conformable upon the Improvement Bond Act of 1915, and that bonds shall be issued to represent the costs and expenses of said work and improvement, if made conformable upon the Improvement Act of 1911, and that the said Board of Trustees of the City of Santa Ana, pursuant to the Improvement Bond Act of 1915, hereby determines that said bonds shall mature nine years from the 2nd day of July next succeeding ten months from their date.

DESCRIPTION OF ASSESSMENT DISTRICT

SECTION V. That the contemplated work and improvement hereinbefore mentioned is in the opinion of the said Board of Trustees of more than usual or ordinary public benefit, and the expense of said work and improvement is made chargeable upon the district hereinafter described, and said Board of Trustees does hereby declare said district to be the district to be benefited by said work and improvement and to be assessed to pay the costs and expenses thereof, which district is bounded and described as follows, to-wit:

Located in the City of Santa Ana, County of Orange, State of California, and described as follows:

Beginning at a point in the surveyed center line of Grand Avenue, 196 feet South of its intersection with the surveyed center line of Fruit Street; thence Westerly parallel to Fruit Street to an intersection with the Northeasterly line of Block 51, Santa Ana East, as per Map thereof on file in Miscellaneous Records Book 10, Page 44, Records of Los Angeles County, California; thence Northwesterly along said Northeasterly line to the Southeasterly corner of Lot 3 of the said Block 51; thence Southwesterly along the Southeasterly line of said Lot 3 and a prolongation thereof to the Southeasterly corner of Lot 25, Block 66 of the said Santa Ana East; thence Southwesterly along the Southeasterly lines of Lots 25 and 8 of the said Block 66 and a continuation thereof, to an intersection with the surveyed center line of Garfield Street; thence Northwesterly along the surveyed center line of Garfield Street to its intersection with the Southwesterly extended Northwesterly line of Lot 9, Block 66 of the said Santa Ana East; thence Northeasterly along said Southwesterly extended line and the Northwesterly lines of Lots 9 and 24 of the said Block 66 and a prolongation thereof to the Northwesterly corner of Lot 9, Block 52 of the said Santa Ana East; thence Northeasterly along the Northwesterly line of the said Lot 9 to the Northeasterly corner thereof; thence Southeasterly along the Northeasterly line of the said Block 52 to the Northwesterly corner of Lot 7, Block D, Hawkins Add. as per map thereof on file in Miscellaneous Records Book 18, Page 26, Records of Los Angeles County, California; thence Easterly along the North line of said Lot 7 and a prolongation thereof to its intersection with the surveyed center line of Grand Avenue; thence Southerly along the surveyed center line of Grand Avenue to the point of beginning.

TIME AND PLACE OF HEARING

SECTION VI. NOTICE IS HEREBY GIVEN: That on Monday, the 7th day of March, 1927, at 7:30 o'clock p. m. in the Council Chamber of the City Hall of said City of Santa Ana, any and all persons having any objection to the proposed work or improvement may appear before the said Board of Trustees and show cause why said proposed improvement should not be carried out, in accordance with this resolution. That all persons desiring to so appear should file with the City Clerk of the City of Santa Ana, before the hearing herein set, a written protest against the said work and improvement or the assessment district proposed to be assessed, or both.

PUBLICATION OF RESOLUTION OF INTENTION

SECTION VII. The Santa Ana Daily Evening Register, a daily newspaper published and circulated in the City of Santa Ana is hereby designated as the newspaper in which this Resolution of Intention shall be published and the City Clerk of said City is hereby directed to cause this Resolution of Intention to be published by two insertions in said newspaper, in the manner and form required by law. The Board of Trustees does not deem it advisable that the Clerk mail copies of the Notice of Improvement to owners or reputed owners, and he is not required to mail the same.

POSTING OF NOTICES OF IMPROVEMENT

SECTION VIII. The Street Superintendent of said City shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the lines of the said contemplated work or improvement, and along all the open streets and alleys within the hereinbefore described assessment district, notices of the passage of this resolution of intention, in the manner and form required by law.

I hereby certify that the foregoing Resolution of Intention was duly and regularly introduced and passed by the Board of Trustees of the City of Santa Ana, at a regular meeting thereof held on the 7th day of February, 1927, by the following vote, to-wit:

Ayes: Trustees C. H. Chapman, Geo. McPhee, E. B. Collier, Stanley E. Goode, F. L. Purinton.
Noes: Trustees, None.
Absent: Trustees, None.

(SEAL)

ATTEST: E. L. VEGELY, City Clerk of the City of Santa Ana and Ex-officio Clerk of the Board of Trustees thereof.

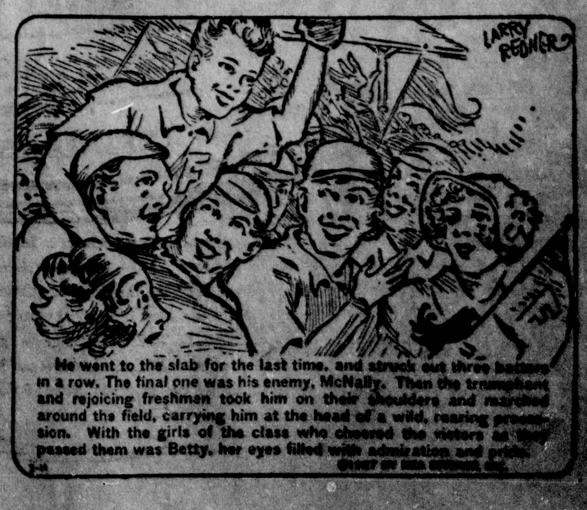
Jack was unsteady and wild at first, and the sophs might have compelled him to force in runs if they'd been contented to "wait it out." Though they filled the bases with only one out, a double play stopped them from scoring. "I'll do better next inning," Jack told Ewing. "I'm getting straightened out all right now. The buzz-planer in my head has stopped."

Before long he was mowing the soph batters down with dazzling speed and sharp-breaking curves. The game became a thrilling pitchers' duel. "There are two promising pitchers for next year's team," said the varsity captain.

Jack batted in terrible luck until the last of the eighth inning. Then, with the sacks loaded and two out, he caught the ball fairly and drove it over the head of the center fielder for a homer, putting the freshmen in the lead by one run.



He went to the slab for the last time, and struck out three batters in a row. The final one was his enemy, McNally. Then the triumphant and rejoicing freshmen took him on their shoulders and marched around the field, carrying him at the head of a wild, roaring procession. With the girls of the class who cheered the victors as they passed them was Betty, her eyes filled with admiration and pride.

THIS TERRIBLE LAND OF OURS

Occasionally, some visitor from the cold east sits down and writes a letter to his old home paper telling about what a disappointment he has found California to be. For every such letter published in the east, there are a dozen or so that give praise. And that is one reason why California keeps growing right along.

We have read quite a number of clippings of published letters of the disgruntled sort, and we have often wondered concerning their authors. We have wondered if the misinformed writer of a "knocker" letter has been thus frank in discussing California, just what he would say about the land he came from. We have wondered why they come here, because they are prepared to grumble and do not see much good in the world anyway, and we wonder why they stay. These days it takes only a second-hand Ford and a few gallons of gasoline to start one well on his way to the home of the heat and the land of the blizzard.

Just now we have before us a copy of the Fairmont (Minn.) Daily Sentinel. Incidentally we might remark that, if one may judge from the number of Minnesotans hereabouts, not many who leave Minnesota and get here ever go back to that state.

This copy of the Fairmont Sentinel bears the date of Jan. 25, 1927. And on the front page is a black lot of type that says:

TRAVELERS FIND SUNSHINE ABSENT, FLOWERS FROZEN

H. F. Brodt, Writing from California, Says Thousands Are Out of Work—In Bread Lines

And that brings us to wonder where this kind of thing is going on in California. Here in The Register office today we have great bunches of sweet peas from vines that have been giving blossoms since the middle of November, and yesterday a member of the staff brought in some oranges and avocados, as fine fruit as one ever saw. Moreover, the writer of this editorial has been living in Orange county for more than 40 years and never saw but one snowstorm, and that was in Arizona, and he never yet saw in Orange county anything that resembled a bread line or a soup house.

Then, at the bottom of the article, we see this: "Santa Ana, Calif., Jan. 19, 1927."

What's this! Santa Ana! Let's read it:

We judge from a letter received from Mr. and Mrs. H. F. Brodt in California that they will soon be home and glad to get here.

Mr. Brodt registers considerable disgust over the land of "sunshine and flowers," for he says the sun doesn't shine and the flowers are frozen. He also doesn't particularly care for the bread lines of people out of work.

We expect to hear of another earthquake on the Pacific coast when this gets there:

"Dear Sentinel Folks:

"Enclosed find check and kindly extend my subscription another six months.

"We have driven 5000 miles with our car, from Fairmont down to the Rio Grande in Texas, and then to Southern California, the land of sunshine and flowers—but the sun doesn't shine and the flowers are frozen.

Thousands Out Of Work

"The advertised reputation of this country is greatly exaggerated. It is not what it is cracked up to be. There are thousands of people out of work and thousands broke. They line up from 5 to 10 o'clock in the afternoon at the city's soup house to get a free bowl of soup. It is pitiful to see so many husky young men anxious to work, but unable to get employment and fed by the city. This country has nothing but mild climate and one can't live on that alone. A lot have tried it and all have failed.

"They have the funniest looking farms here I ever saw. They look worse than in Oklahoma. The buildings are just shacks. I wouldn't give 1 acre of land in Martin county for 10 in California. The same applies to all the country in the south.

"It is too bad the land agents in the north don't run their excursions in the summer time so the excursionists could see what the hot sun does to their corn and other crops in the summer time. They don't tell them how the sun fires the corn and they don't get an ear.

Better Off Here

"If Martin county was boomed like they are booming these warmer sections, land would bring better than $500 an acre. It is true we have the snow and cold in winter, but that is what makes our crops. It is better to have cold winters and an abundant harvest than the southern heat and no harvest.

"I could enumerate a thousand things in which we are better off in the north than they are in the south.

"Yours truly, (signed) H. F. BRODT,
"Santa Ana, Calif., Jan. 19, 1927."

Surely, folk, it takes an outsider to find us out. Not a word about green hills, not a line about the automobiles that are driven by tens of thousands every day of the year over paved highways; not a moment to spend along the seashore, perhaps, even in "winter" to see bathers here and there, nothing about the highways lined with orchards in which trees are loaded down with the finest crop of valencia oranges in the whole wide world; no note of joy over the fact that his ears have not been frozen.

But he says "no sunshine," and "frozen flowers."

Yes, here and there a poinsettia was nipped by a wee bit of frost, but the dear Sentinel folks never saw a poinsettia unless one got there through the mails from Southern California. Too, we have had some cloudy weather, but, thanks for that, for we have also had some rain, as fine a season up to the present as we could wish, but we have had more warm sunshine in a week than Minnesota has had since last October.

But this "city's soup house," and this "bread line!" We wonder what he saw that he mistook for those things so foreign to anything we ever saw hereabouts.

Why, he must have seen the Rotarians or the Kiwanians or the Lions crowding into St. Ann's Inn, or the line-up of depositors at our banks on a Saturday morning, or the orange growers gathering at the Tustin Hills packing-house the other day for their annual banquet. But the orange growers all rode up in automobiles, and that doesn't sound like a bread line affair. Or a thousand high school students between classes standing on a green lawn beside bright green shrubbery, laughing and frolicking—standing outdoors in January bare headed, the boys in shirt-sleeves and low shoes with dropped-down socks, the girls in spring attire—standing outdoors in warm sunshine. We wonder how much of that sort of thing is done by their Minnesota cousins in any January!

Permanent Registration Advocated

San Bernardino Sun

A strong movement is on foot in California to have adopted a system of permanent registration for voting. This means that when an elector's name is once on the register it remains there till death or loss of citizenship, or being transferred by written notice to another address when the elector moves. This system is under consideration in a number of states. A bill has been introduced into the California legislature establishing it, which may come up for serious consideration. It is claimed to be a move for economy, saving the state $800,000 a year in the cost of elections.

Voting should be made as convenient as possible. The more obstacles placed in the way of balloting, especially involving the loss of time, the fewer will be the number of votes cast. Much alarm is already felt because of the declining percentage of ballots cast to the number of citizens. Registration is merely a precautionary regulation to assure the purity of the ballot. If it does not accomplish that it is an excrescence on elections. Therefore, since it has a tendency to reduce the number of ballots cast because of the bother to voters it involves, any elimination of that bother that still preserves its protection to the honesty of the vote is highly desirable.

The chief purpose of registering is to assure the identity of the voter and his right to vote. That right is established when he registers. Therefore, every precaution should be taken against incorrect and fraudulent registration at the time of entering the name, and also such identification as would be sure and permanent. With these two things assured, permanent registration would be highly desirable. In many city wards, where the political boss and his gang flourish, the existence of dead names on the registration lists offers opportunities for fraudulent voting, which only a perfect identification system and honest judges can prevent. Therefore constant revision of a permanent registration is imperative if the purity of the ballot is to be preserved.

California Farm Legislation

Riverside Enterprise

If California farmers fail to attain the utmost heights of prosperity during the next two years it certainly will not be the fault of the zealous legislators who represent the tillers of the soil at Sacramento.

According to a statement issued yesterday by the Agricultural Legislative Committee no less than 230 measures affecting agricultural interests were introduced during the first half of the legislative session. This tops by more than fifty the record for farm legislative proposals of any previous session.

The committee is now preparing a digest of all these measures which will shortly be ready for distribution to its members. The committee is actively backing only a few of these measures but is watching all of them carefully.

Indicative of the growing impatience of the farmer toward the increasing tax burden, the committee's check reveals a number, greater than ever before, of measures relating to taxes.

It seems evident that the legislators who represent the rural districts of the state are taking their responsibilities to heart, realizing that in meeting the united opposition of Los Angeles, San Francisco, and Alameda counties they have a hard task ahead of them. To make final plans and arrange for concerted action in behalf of the farming constituencies the agricultural group will get together at a banquet in Sacramento on the evening of the 24th inst. C. C. Teague, of Santa Paula, president of the Agricultural Legislative committee, will preside. The banquet will be in charge of the committee and will follow a meeting of that organization.

The powerful Agricultural Legislative committee is actively backing bills designed to reapportion legislative districts on the "Farm Bureau" plan, the new standardization act, and the proposed commission merchant's bill. The daylight savings measure is said to be regarded by farm legislators with considerable hostility.

Ready for a Contest

Oakland Tribune

When Mr. McAdoo, before the Ohio State Bar association, made a virtual declaration of intention to campaign once more for the Democratic nomination, the applause was led by Republicans. For the tall Californian's declaration of war was not so much upon the Republican party as upon another faction within his own. He will not compromise upon any of those issues which split the Democratic party ranks in 1924. He will stand as he stood in 1920. In other words, he has rolled up his sleeves for a fight, and that means other gentlemen will do the same.

It is not surprising that Democrats view the possibilities of the next national campaign with apprehension. With McAdoo and Smith out for the nomination, one as dry as a herring and the other as wet as a sponge in its natural habitat; with the old Tammany and anti-Tammany issue dusted off for another appearance, there is certain to be a long-drawn, knock-down and drag-out session in whatever hall the party seeks as the auditorium of its decisions.

With the two-third rule in effect, neither can win. If it is abandoned, or if the unexpected happens and one does win, it will be over the bleeding forms of the friends of the other, and those sores will be long in healing. What looks to be all but a certainty is that the Democrats will talk and ballot, prolonging the session to the wearying point, and then, as usual, put forward a compromise candidate who is not widely known outside of his home town.

Millions to See The Sierra

Fresno Republican

No more practical work has been done for California than the making of the high Sierra films. And this practical work will be made effective by the distribution of the films through ten thousand picture houses over the United States.

We have been talking for 50 years about California as the nation's playground. This has been an asset. But very largely it has been a "frozen asset."

Only since the promotion of our highway system has the use of this asset for the millions of the United States become feasible.

Now we have the highways, as well as the railroad connections. We have the hotels and the service stations and the stages and the other necessary transport facilities. All that we need is the promulgation of this California opportunity throughout the nation.

Millions of our fellow citizens will be made hungry for a taste of California, through seeing these films, to be made available through Californians, Inc.

After Seven Long Years

Help Is Wanted

Redlands Facts

When the pioneers came into this land they asked no government aid. They knew that they must fell the forests and build houses before they could have farms and homes. It required initiative, industry and vision to foresee fields of growing grain and comfortable homes where the primeval forest held sway. But strong men with the love of land born in them did not hesitate to tackle the job. Each did for himself so far as he was able and asked no odds. Only when the task was too great for one alone was cooperation sought and help then was asked only that it might be given in turn. When difficulties beset them they solved the problems themselves. They were self-reliant because they knew that on themselves depended success. Villages grew and became cities in response to conditions that demanded them. Whatever progress was made was due to the efforts of individuals working alone or in cooperation with others. Our forefathers had no delusions about work. They knew that nothing is accomplished without effort.

We appear to have gone far from the ideas of the pioneers. Too many people believe that there are shorter cuts to accomplishment than hard work coupled with good judgment. This, that and the other interest wants the government to do something. It is true that government can give encouragement to industry but the people themselves must act to gain the advantage of whatever inducements are offered. There is an element that believes that plenty of money would relieve the situation. Russia has more money than any land on earth, yet the people are starving. Too many people appear to have lost initiative and want help.

We need to return to fundamentals. Instead of looking to the lawmakers, Americans need look to themselves for accomplishments. We need a return of the initiative of our forefathers who did not know much about appealing to the government when they had troubles but did know a lot about how to work.

Worth While Verse

TREES

I think I shall not mind the abysmal night
When the last sun shall kiss the maple's tips,
Lingering, like farewells on lovers' lips,
Since God has granted these for my delight;

Poplars in a drowsy dawn, swaying shadow slim,
Along a hill that overlooks a pool—
Or watching tiptoe, mist-green, silver-cool,
While the sun dips behind the world's red rim.

See, ebon-etched against a primrose sky,
Where the dark cypress lifts a lofty head;
Near some such loveliness, when I am dead,
I think this restless heart would quiet lie.

I could be happy without streets of gold,
Or chalcedony walls—without all these
That God has promised; but my heart will hold
A yearning ache if heaven should have no trees.

FEBRUARY 11, 1913.

The San Diego high school track team won the first meet of the season from Santa Ana high school's team, 77 to 45. Ray Adkinson broke the county record in the half-mile, running the distance in 2:05.

J. B. Winslow took out a building permit to construct a new bungalow at 914 South Main street.

Ed Tedford, of Los Angeles, former city clerk of Santa Ana, was a guest here.

The list of water consumers in Santa Ana who pay direct taxes exceeded 3200, according to figures released at the city water department. This is an increase of more than 500 over the consumers during 1912.

The state railroad commission notified the Orange city council that March had been set aside for a hearing to be held at the city hall on the application of the Southern Counties Gas company to raise the gas rates from $1.15 per thousand feet to $1.35.

M. Nizich, president of the Walnut Growers' association, announced that the pool system had been one of the most successful local history for many years.

Your Income Tax

This is one of a series of articles based on the income tax law written by the U. S. Bureau of Internal Revenue.

No. 23

Business property kept in repair may be the subject of depreciation allowance. The allowance for depreciation is intended to cover the estimated lessening in value of the original property, due to the wear and tear, decay, etc., which, in time will require the abandonment or replacement of the property, in spite of ordinary current repairs. The cost of incidental repairs, which neither materially add to the value of the property nor appreciably prolong its life, may be deducted as a business expense, provided the plant or property account is not increased by the amount of such expenditures.

If, however, the repairs are of such kind as to make good the depreciation, for example, a new floor or a new roof, the cost is not deductible. The amount expended by a taxpayer during the taxable year for improvements, replacements, or renewals of a permanent nature is a capital expenditure, and may not be deducted from the gross income for such taxable year. The amount so expended should be charged directly to the property account or to a depreciation reserve account, according to how depreciation charges are treated in the taxpayer's books of account. A pro rata portion thereof may be deducted as depreciation each year of the life of such improvements.

Deductions for depreciation must be made as a separate item of the return, and must be explained by showing separately each class of property, its cost (fair market value as of March 1, 1913, if acquired prior to that date), depreciation charged off for the taxable year, and total depreciation charged off for all taxable years.

The Patchwork Quilt

TO A LADYE FAIRE

Fair is the lady my heart turns to,
Charming her mien and gay.
Many the lovers that come to woo
In the good old-fashioned way.
Fair be the morrow in sun and sheen,
(Haply the sun doth shine)
Lady, thou knowest the things I mean,
I'd make thee a valentine.
I sit and ponder thy brown, brown eyes
And the silken floss of thy hair
And the laughing look that makes thee wise
And the sad one that makes thee fair.
But whence come the words I would indite
With this pallid pen of mine?
When comes the love song I would write
To make thee a valentine?
For my heart knows only its dreams of thee
And my life knows only the song
Of thy lilting voice and its music free
That echoes the whole day long.
So out of my heart and my heart's blood, red,
Out of this love of mine,
Out of the dreams that fill my head,
I make thee a valentine.

CHRONICLES OF THE LITTLE GRAY HOUSE

They don't live so very far from the Little Gray House and frequently as I go to work in the morning, I meet them, returning from an early morning trip to the market. But on this particular day he was alone and a little bit late, so we fell into step as I rounded the corner by the Inn.

And he was telling me that he didn't seem to have much of any place in the world since an illness a couple of years ago, had left him unable to do any work. "If it wasn't for the little woman, I'd want to just leave it all and go on," he explained.

"But she says she would be so lonesome without me. We haven't anyone else you know. And I guess she would be pretty lonesome even if I am more or less a burden," and he sighed deeply. But the mention of her seemed to bring cheer in its train and he began telling me what a heartening person she was when he became blue because he couldn't work. The thought of the little bird-like wife served to drive less happy thoughts away, and when I said goodby at the next corner, he was as bright and cheery a person as one could ever hope to see. And he probably doesn't know that the picture of the two of them, blessed in their companionship, is one that often brings cheer to the Little Gray House—yes and to many others.

SILVER LININGS

Many days seem dark and gloomy,
Sad and blue and cold and dark;
But the nights then come with gladness,
To refresh our quaking hearts.
Many days like these confront us,
Bring us thoughts we would not choose,
Yet without these days of sadness,
Days of joy we then would lose.
Sadness always brings us gladness;
But the sun cannot be seen
Only after all clouds pass us!
Then comes brightness once again.
So our lives are all reflected
In some magic lantern's glow,
And hearts that can deflect the sorrow
Are the ones we love to know.

Solo Quilter: Have you ever noticed that wealth and fame carry a sort of penalty? We read of a man who has acquired sudden wealth, and he is immediately beset by persons for loans of money. Also when a prominent person passes away there are many who come forth and declare they were his most intimate friends. Now I'm telling you that I'm not going to write down in my patchwork quilt any such personages as these. I'm going to write down only those persons who have been my friends before I became famous. And I'm going to write down only those persons who have been my friends before I became famous. And I'm going to write down only those persons who have been my friends before I became famous. And
